Evening Herald.

FRIDAY, MARCH 10, 1899

OUR COUNTRY: First, Last and Forever.

It isn't every member of the Legislature that can "build brick houses."

THE price of brooms, under the trust, is to be advanced. The Schuylkill county variety, however, has a downward tendency.

SOMETIMES advertising does not pay because it is put in cheap papers because they are cheap, instead of in good ones because they are good.

Now that Schrink has been appointed postmaster at Pottsville, since the adjournment of Congress, there is grief in certain quarters.

The Republican's "exclusive announcement" has miscarried.

A BILL has been introduced into the Legislature directing the County Commissioners to pay items to constables for services rendered in making returns to Court and attending elections for the years 1897 and 1898, for which time they have received no pay, but were obliged under the law to perform official duties.

In respect to the bribery investigation at Harrisburg, in which serious charges are made against ex-Senator Coyle, public judgment must be suspended, for the case now becomes one for the disposition of the courts.

We differ from the rulings of Chairman Fow, and believe that the accused should be given equal opportunity by the committee to be heard as that which was accorded the accusers. The people seek only justice.

The Governor's Warning.

The rather alarming situation which confronts the members of the Legislature in their efforts to meet the needs of the state in the matter of appropriation was carefully considered this week at a conference between Governor Stone and members of the Committee on Appropriations of the House.

The Governor did not hesitate to express the opinion that unless some unusual source of revenue shall be found, it may be necessary to cut the state school appropriation down from \$5,500,000 to \$4,000,000 per annum.

The chairman of the committee, who is familiar with the unsuccessful attempts on the part of former Legislators to make a similar cut, expressed the belief that it would be difficult to get the votes in this Legislature to do this.

The Governor has determined that he will not approve of any appropriation to hospitals or educational institutions, including the normal schools, unless additional revenue is provided.

Under existing conditions the only bills that will receive his signature are those making appropriations to the executive, judicial and legislative branches of the government, the institutions for the care of the insane and the National Guard.

If the revenues warrant, next to these he would favor appropriations for institutions like the House of Refuge, and then the hospitals, giving preference in the last-named cases to institutions that cared for the sick and wounded soldiers in the late war.

Governor Stone will insist that provision be made to cancel the floating debt of \$3,500,000 due on appropriations made by previous Legislatures and still unpaid, as he desires to have this item liquidated during his term of office.

He desires that \$300,000 additional shall be given to the National Guard to meet the expense of organizing and equipping the six new regiments.

Many members of the committee do not hesitate to express the opinion that the appropriation of \$11,000,000 to the public schools every two years, or about one-half of the entire revenue of the state, seriously embarrasses those who are charged with the responsibility of meeting other state needs, and they feel that this item should be cut down.

Any effort on the part of the Legislature to cut down the school appropriation will meet with much opposition.

MRS. PINKHAM TALKS ABOUT "CHANGE OF LIFE."

Women are Urged to Prepare for this Wonderful Revolution in the Economy of Their Life Blood—Mrs. Watson Tells How She Was Helped.

At no time is woman more liable to physical and mental dangers with hours of suffering than at the "Turn of Life."

The great want in woman's system is ability to properly adjust itself to the new conditions. The outlet, monthly, of blood is now being diminished and carried into the body for the supply food of its later years.

Daughters, you can now to some extent repay your mother's early care. She must be spared every possible exertion. You must help her bear her burdens and anxieties.

This critical time safely over, she will return to renewed health and happiness. That so many women fail to anticipate this change thus happily, is owing not merely to lack of care, but to ignorance.

There is, however, no excuse for ignorance when experienced advice can be yours free of all cost. Write to Mrs. Pinkham, at Lynn, Mass., she has helped great numbers of women successfully through the change of life, and she will help you.

Lydia E. Pinkham's Vegetable Compound is the best tonic for uterine changes. It works harmoniously upon all these overwrought organs, invigorates the body and drives off the blues.

Read this letter from Mrs. DELLA WATSON, 524 West 5th St., Cincinnati, Ohio. "DEAR MRS. PINKHAM—I have been using Lydia E. Pinkham's Vegetable Compound for some time during the change of life, and it has been a savior of a life to me. I can cheerfully recommend your medicine to all women, and I know it will give permanent relief. I would be glad to relate my experience to any sufferer."

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills

tion. If any paring-down is to be done let them begin with useless officials and high salaries, and along similar lines.

An Important Question.

If your friends or neighbors are suffering from coughs, colds, sore throat, or any throat or lung disease (including consumption), ask them if they have ever used Otto's Cure.

This famous German remedy is having a large sale here and is performing some wonderful cures of throat and lung diseases. No matter what other medicines have failed to do, try Otto's Cure. Large sizes 25c and 50c. Sold by all druggists.

More Victims of Explosion in France.

Toulon, March 10.—Six more bodies have been found in the debris of the naval magazine which exploded early on Sunday morning near La Goubrian. One of the injured died yesterday. M. Lockroy, minister of marine, declares that he is still unable to ascertain the cause of the catastrophe.

Alleged Thieving Messenger Caught.

Laredo, Tex., March 10.—Becher, the Wells-Fargo express messenger charged with absconding from San Antonio with \$50,000 in his charge, was captured at Bustamante, Mexico, yesterday.

THE GRIP CURE THAT DOES CURE.

Laxative Brome Quinine Tablets remove the cause that produces La Grippe. The genuine has L. B. Q. on each tablet. 25c.

Two Miners Entombed.

Leadville, Colo., March 10.—A cave in the flooded shaft of the Bonair mine, of the Down Town group, entombed Charles Reuss and Bert Frye, miners, in a drift 400 feet below the surface.

A Captain General of Madrid.

Madrid, March 10.—General Jimenez Castellan, the last governor general of Cuba, has been appointed captain general of Madrid.

Give the Children a Drink

called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties.

Murder Witness Murdered.

Fort Worth, Tex., March 10.—The dead body of Mrs. Mary Davis was found Wednesday night on the roadside near Azle, this county, stabbed in a horrible manner. The woman was a leading witness in a sensational murder case to be tried at the present term of court.

A Common Danger.

If you have ever had a cold which you permitted to "run away" it may interest you to know it was a dangerous proceeding. Every cold and cough which is neglected paves the way for consumption, bronchitis, asthma or catarrh. Otto's Cure, the famous German throat and lung remedy, will cure any cough or cold and save you from consumption. Sold by all druggists. Prices 25c and 50c per bottle.

Queen Marie's Condition.

Bussels, March 10.—Fascist rumors regarding the condition of Queen Marie Henriette continue. A bulletin issued last evening says she had a serious relapse during the afternoon, but afterward improved.

On Every Bottle

Of Shallo's Consumption Cure is this guarantee: "All we ask of you is to use two tablets of the contents of this bottle faithfully, then if you can say you are not benefited, we will refund the price paid." Price 25c, 50c and \$1.00. Sold by P. D. Kirlin and a guarantee.

Welcoming Pie Kicker Boys.

Chambersburg, Pa., March 10.—Company C, Eighth regiment of Pennsylvania volunteers, was publicly received here yesterday. The town was decorated and the industrial plants closed. A parade followed the arrival, with Captain John G. Gerbig as chief marshal. Last night a banquet was tendered the soldiers, and an address of welcome was made by Garnet Gebr.

Talmage to Retire From the Ministry

Washington, March 10.—Rev. Dr. T. De Witt Talmage, who for nearly four years has been the pastor of the First Presbyterian church of this city, yesterday sent a letter to the session of that church tendering his resignation. It is the intention of Dr. Talmage to continue his residence in this city. He will donate most of his time to literary pursuits.

DEFENDING THE IMMUNES.

Colonel Jones Declares His Men Were Unjustly Attacked at Griffin.

Raleigh, N. C., March 10.—The Tenth Immunes (colored) passed through here yesterday over the Seaboard Air line on their way north from Atlanta. Colonel Jones, commanding officer of the regiment, was seen by a press representative immediately upon the arrival of his train here, as he had telegraphed ahead that he desired to make a statement in regard to the shooting affair at Griffin, Ga. He said:

"We struck Griffin, Ga., about 5 o'clock yesterday afternoon. I do not think there were more than a dozen revolvers in the hands of the men. When we pulled out of Vinette there was some shooting in the air from the train. The men were full of good spirits and had no intention to harm any one. No shots were fired when we went into the town of Griffin. I was surprised to find men lined up on either side of the depot. About 4 o'clock a man named Miller inquired what the trouble was and was told that the first section had been disordered and the citizens wanted to protect themselves. I told my men to be quiet, and there was no disorder. The train stopped about five minutes.

The train had pulled another half mile up on either side of the depot. About 4 o'clock a man named Miller inquired what the trouble was and was told that the first section had been disordered and the citizens wanted to protect themselves. I told my men to be quiet, and there was no disorder. The train stopped about five minutes.

IS IT A TRIFLE?

THAT COMMON TROUBLE, ACID DYSPEPSIA OR SOUR STOMACH.

New Recognized as a Cause of Serious Disease.

Acid dyspepsia, commonly called heartburn or sour stomach, is a form of indigestion resulting from fermentation of the food. The stomach being too weak to digest it, the food remains until fermentation begins, filling the stomach with gas, and a bitter, sour, burning taste in the mouth is often present.

This condition soon becomes chronic and brings an every day occurrence is given but little attention. Because dyspepsia is not immediately fatal, many people do nothing for the trouble.

Within a recent period a remedy has been discovered prepared solely to cure dyspepsia and stomach troubles. It is known as Stuart's Dyspepsia Tablets and is becoming rapidly used and prescribed as a radical cure for every form of dyspepsia.

Stuart's Dyspepsia Tablets have been placed before the public and are sold by all druggists for 50 cents per package. It is prepared by the E. A. Stuart Co., Marshall, Mich., and while it promptly and effectually restores a vigorous digestion, at the same time is perfectly harmless and will not injure the most delicate stomach, but on the contrary by giving perfect digestion strengthens the stomach, improves the appetite and makes life worth living.

General Miller's Retirement.

Washington, March 10.—A change in command of the United States forces at Iloilo will occur on March 27, resulting from the retirement of General Marcus Miller, who on that date reaches the age limit of 64 years. General Miller is in the regular service, having been promoted only recently to the rank of brigadier general. If he was in the volunteer service his retirement would not be compulsory, a precedent to the contrary having been established in the case of several other general officers who held commissions during the Spanish war.

General Miller will be succeeded by Colonel Thomas M. Anderson, who now ranks as a brigadier general of volunteers.

Mr. Bryan's Speaking Tour.

Anstin, Tex., March 10.—The public reception given W. J. Bryan in the governor's reception room at the capital yesterday was a great success, throngs of ladies and gentlemen visiting the distinguished guest. The reception lasted from 9 o'clock until shortly before noon, when Mr. Bryan repaired to the State university and addressed the students. Mr. Bryan changed his program and left Anstin at 1 o'clock for Houston, where he spoke last night, and tonight he will deliver an address at Dallas.

Destructive Bombs in Cleveland.

Cleveland, March 10.—Two more nitroglycerine bombs were found yesterday lying in front of the Hickox office building, corner Euclid avenue and Erie street. There was sufficient explosive in either of the bombs to wreak great havoc in the immediate vicinity. They were of the same pattern as the others that were found in the big building on Wednesday. The police have made a fresh start on the case, and will make every effort to unravel the mystery.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and if it is not cured promptly, deafness is the result. Unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Sold by Druggists, 75c.

Hall's Family Pills are the best.

The Car's Peace Conference.

The Hague, March 10.—The peace conference, otherwise the congress of representatives of the powers, called by the State to discuss the possibility of taking steps towards a general disarmament, will meet here on May 18.

Eleven Killed by Falling Rock.

Madrid, March 10.—A vast quantity of rock, overhanging the village of Huesca, near Alhambra, in the province of that name, fell yesterday, destroying many houses and killing 11 people.

It's Winning New Friends Daily.

What? Pan-Tin for coughs and colds. At Gruller Rock, drug store.

Mrs. Leonard's Murderer Convicted.
