The Returned Soldiers.

Several residents of Shenandoah are mem-
bers of the Girardville Company, and since
their return home have been kept busy re-
counting soldier life to their friends. Safely
tucked in the house pocket of each man was
an honorable discharge from the U. S. ser-
vice and on each was inscribed "Services
faithful and loyal." On Tuesday each man
received pay for the month of February,
seven days in March and 83 cents per day for
thirty days additional. This sum when
added to the amounts due the men for cloth-
ing accounts and travel pay, made the amount
due to each close to \$100, and some drew over
that amount.

DISFIGURED FOR LIFE

Our little girl's humor commenced with a
tiny sore on one nostril, but it kept on spread-
ing till we thought she would never be able
to eat. We tried everything we could get,
but it kept getting larger all the time. Till
both nostrils, the upper lip, a part of the lower
lip, and up one side to the eye, were a solid sore.
We thought there was no cure, and that she
would be disfigured for life. Finally we tried
CUTICURA REMEDY. We used CUTICURA
RESOLVENT and nearly a box of CUTICURA
(ointment), and in a short time she was en-
tirely well, with no scar or trace of the humor.

HAVE THEIR TROUBLES.

The Girardville Saving Fund in the Hands
of Assignees.

The Girard Saving Fund Association, of
Girardville, seems to be hopelessly involved
financially, and with it all an intense and
bitter feeling exists among the stockholders
against the officers whom they charge with
mismanagement. Several meetings have
recently been held by the stockholders which
resulted in a committee of twelve members
being appointed and empowered to begin
legal proceedings against the officers. Their
attorney is Geo. Wadlinger, of Pottsville.

The directors have been trying for some
months to lift the concern out of its diffi-
culties and place it on its feet again, but the
effort has not met with success owing to lack
of confidence. They have since concluded
that it would be best to proceed to wind up
its affairs, and to that end Charles F. Russell,
Ashland's well known and experienced sav-
ing fund secretary, has been appointed as-
signee.

How much the stockholders, many of
whom reside in an about Lost Creek, will
realize is altogether problematical. Some
time ago the state banking department over-
saw their accounts and authorized a seal-
ing of twenty four per cent on the amount
of money actually paid in the fund. The re-
port of a recent special committee sets forth
that a further sealing is necessary.

The late J. M. Glick, of Girardville, was
the secretary of the association up to the
time of his death.

The appointment of an assignee by the
present officers of the fund was a great sur-
prise to those stockholders who last week
decided to bring prosecution and have the as-
sociation's affairs taken into court. The ap-
pointing of an assignee, it is claimed, will
prevent the stockholders from bringing
prosecution. A meeting of the committee of
twelve, representing the stockholders, was
held Thursday evening, but nothing could be
learned as to the nature of the business
transacted.

SEARCH FOR AN HEIR.

A Fortune Awaits Reginald H. Daw-
son, Now Seeking His Kinsfolk in
Chicago, March 11.—While seeking in
Alaska the means of becoming rich, a
fortune of \$200,000 awaits Reginald H.
Dawson, of India. When Dawson went
to the Klondike last year he was un-
aware of the wealth which is his, and
lawyers and detectives are endeavoring
to communicate with him to put him
in his good luck. Dawson was the hus-
band of Ellen Archibald Dawson, for
whom lawyers in Calcutta, London,
New York and Chicago have been search-
ing nearly three years. Mrs. Dawson
died three years ago in San Francisco.
She was the daughter of George Archi-
bald, of Calcutta, India, who dis-
tinguished her when she married Dawson in
1888. Archibald died a couple of years
ago. Prior to his death he had written
and made his will in favor of his daughter
or her children if she were dead. Dawson
is now the heir, his wife having
died childless.

GOVERNOR STEPHENS

His Family Joins Him in Sincere Praise of
Paine's Celery Compound.

Gov. Stephens is the first native-born Governor of Missouri; neighboring Kentucky has furnished the rest.

As chief executive of the State of Missouri, his policy is business-like, economical and progressive.

Gov. Stephens frankly and freely recom-
mends Paine's celery compound. Every
kind and degree of impoverishment of the
system is overcome by this greatest of all in-
vigorators after other remedies have shown
no beneficial effect.

It is the spring remedy couched for by
physicians, teachers and well read, well in-
formed men and women in every part of the
country.

People are everywhere dying of exhausted
nervous energy or dragging out their lives
in pain and discomfort, because of sleepless-
ness, nervousness and fagged-out brains.
The objective point of Paine's celery com-
pound is successfully curing such nervous
troubles is to feed the nerves, build up the
wasted brain-parts, nourish the tissues and
increase the constructive capacity of the
blood. Health and renewed life to all the
nervous tissues thus takes the place of the
lethargy and the debility of disease, when
Paine's celery compound is employed.

And of what other remedy can that be
said?

Every form of nervous trouble, whether
localized in the muscles, heart, brain, or in
the nerves themselves, is cured-to stay
cured-by Paine's celery compound. Every
kind and degree of impoverishment of the
system is overcome by this greatest of all in-
vigorators after other remedies have shown
no beneficial effect.

It is the spring remedy couched for by
