Put Your Finger on Your Pulse

You feel the blood rushing along. But what kind of blood? That is the question. Is it pure blood or impure blood? If the blood is impure then you are weak and languid; your appetite is poor and your digestion is weak. You cannot sleep well and the morning finds you unprepared for the work of the day. Your cheeks are pale and your complexion is sallow. You are troubled with pimples, boils, or some eruption of the skin. Why not purify your blood?

Ayer's Sarsaparilla will do it. Take it a few days and then put your finger on your pulse again. You can feel the difference. It is stronger and your circulation better. Send for our book on Impure Blood.

If you are bilious, take Ayer's Pills. They greatly aid the Sarsaparilla. They cure constipation also.

Write to our Doctors. Write them freely all the particulars in your case. You will receive a prompt reply, without cost. Address, DR. J. C. AYER, Lowell, Mass.

On to Washington Under Personal Escort. The fourth of the present series of Pennsylvania Ballroom three-day personally-conducted tours to Washington, D. C., will leave Tuesday, March 28. The rate, \$14.50 from New York, \$11.50 from Philadelphia, and proportionate rates from other points, include all necessary expenses during the entire trip—transportation, hotel accommodations and Capitol guide fees. An experienced Chapron will also accompany the party.

For itineraries, tickets, and full information apply to ticket agents; Tourist Agent, 1190 Broadway, New York, and 789 Broad Street, Newark, N. J.; or address Geo. W. Boyd, Assistant General Passenger Agent, Broad Street Station, Philadelphia.

THE SUNDAY LAW.

The Pennsylvania Sabbath Association Issues a Public Appeal.

We are in receipt of a communication from the secretary of the Pennsylvania Sabbath Association, in opposition to a bill presented in the Legislature calling for important changes in the present Sabbath law. The letter follows:

Once again it becomes necessary to call to your attention the fact that another assault is being made upon our state Sabbath law. John H. Faw, representative from the seventeenth district, a resident lawyer of the seventeenth district, Philadelphia, has introduced a bill in the House of Representatives calling for nine changes to the law which protects the laborer from oppression and the worshiper from interruption and annoyance on the Lord's Day. The bill is now in the hands of the Committee on Law and Order.

The chairman of that committee is Hon. Milton Heidebaugh. Letters sent to him will go before the committee. The changes proposed are the traditional "Cane's nose" with the head and shoulders in full view, and the wearing of hats in the interest of the lawless and disobedient element. Its passage would be almost equivalent to the repeal of our state Sabbath law out and out.

In the name of the Pennsylvania Sabbath Association, we appeal to all loyal and especially all Christian citizens of the state to act immediately, as follows: Write a short and pointed letter to the member who represents you in the House and another to the member who represents you in the Senate, urging them to vote against the Anti-Sabbath Law bill, and use each his earnest influence with his fellow members to induce them to vote against it.

You will all get answers to your letters. Mark that. A letter to the House to-day that petitions ordinarily had but little weight with those opposed to a measure unless it came from their own neighborhood, but said to be a personal letter from a constituent caused him to stop and think and act carefully. Now get your pen, fellow citizens, and write these two letters. It will be too late when the law is gone.

Pastors of the churches and teachers of the people, oh, for His sake who is "Lord of the Sabbath" and who made you His ambassadors to a lost world, write and mail these two letters before you sleep. A member of the Legislature said to me to-day: "I have the pulpits of my county behind me as I try to do my duty. I feel that 'An every faithful pulpit has God behind it; and that gives you pretty strong backing.' After all, the representatives of the people know and respect the power of a faithful courageous pulpit."

Conductors Promoted.

Several important changes were made by Superintendent Dine, of the Shenandoah Division of the Philadelphia & Reading Railway, yesterday, to fill the vacancy caused by the death of Passenger Conductor John J. Jones. William F. Chibson will take trains formerly run by Mr. Jones, and John Lahn will fill the position made vacant by promotion of Mr. Chibson. Charles A. Smith, formerly extra conductor, will hereafter have the train which runs from Shamokin to Herndon and return.

The Child Afraid of the Dark.

A timid child cries when he is put to bed because he is afraid of the dark. The "soft hearted" parent stays with him simply because he is sorry for him and wants to comfort him. The scientifically trained parent stays with him because he realizes that the child is passing through a phase of race development in which his imagination has the best of him. It is impossible to reason him out of demagoguery because his logical faculties are not yet matured. After all, these two parents, wide apart in point of view, act much the same, and very differently from the pseudo scientific parent, who acts from dogmatic conviction and is sure he is right. He fails of developing his child's self respect and good sense and leaves him to cry himself to sleep, demanding powers of self control and development which the child does not possess.—Jane Addams in Atlantic.

Natural Antidote For Poisons.

The liver has long been recognized as a powerful annihilator of poisons. The digestive system of animals produces poisons which would be deadly in their effect except for the work of the liver, and the bile of animals has been tried as a direct antidote to snake venom with success. It was mixed with the venom and the mixture was injected into the circulatory system of rabbits. The bile of snakes was found most effective against their own venom. It is another instance of the antidote being found in company with the poison.
