What we Know

WE KNOW, WE KNOW.

We know that people generally don't understand the bearing the condition of their eyes have on their general health.

There are children in this county to-day, sick because of eye strain. Their illness is attributed to other causes, and unless they come under care of an honest and intelligenoptician, they will go on being sick until the true cause be discovered by accident or the exercise of good common sense. Let us usually you in this cause.

SCHOOL APPROPRIATIONS.

The Local Directors Are Against a Reduc-

FOR BLOOD tion in the Present Quota. The warning given by Governor Stone that the state must reduce the appropriation for public schools and charities, or else devise some means to increase the revenue, has caused much comment throughout the state. - Especially is this true in this locality, so far as the appropriation to schools is con-corned. The Governor points out that the revenues of the state this year will be considerably less than the expenditures, and it

\$4,000,000. The filtering of York's cutire city water supply was began yesterday.

Cosl and freight traffic continues to be unusually heavy on all railreads. isually heavy on all railroads.

The P. & R. railroad company is about to derived from the state. For this reason few members from the country districts will favor the reduction, and it was these representatives who defeated a similar move at a previous session. Those who favor the reduction offer the argument that it was never intended that the state should either assume control or support altogether the common schools. If that were the case, all local in terest in their welfare would be lost. As it is, they argue, one-half of the school districts have lost that interest which they once had of seeing their own money expended wisely,

The Herald representative interrogated a local School Director on the subject, and be naturally was decidedly against any reduc-tion, pointing out that it would not only be a hardship upon the taxpayers of the borough, but greatly embarrass the officials of country districts. It was also learned that the Board had levied a personal school tax of one dollar on every taxable. That is to say, every person, whether he is assessed as a miner, merchant or mechanic, each pay a personal tax of one dollar. Heretofore the merchant paid \$2.80 and the miner 70 cents whool tax. paid \$2.80 and the miner 70 cents school tax. The Directors give this as their interpreta-tion of the school inw, which says "it shall be lawful for Directors to levy and collect annually a per capita tax of one dollar for nually a per capita tax of one dotar for school purposes from each and every male in-habitant" of the required age; that the "per capita tax herein authorized shall be in lieu of the occupation tax," and "this act shall in no wise limit or abridge the power of Direc-tors to levy a tax on real and personal prop-

erty." This act was passed in 1897. There are, however, men of the legal profession who interpret the law differently, and say that the minimum tax is one dollar but those whose occupation tax is greater than that must pay the full amount, as in the case of merchants whose tax, under the latter in-terpretation, would be \$2.80. So there you are! When doctors disagree, who shall prescribe? Shenandoah's School Board is the only one in the county that has asse \$1.00 as a uniform personal tax.

Alleged Counterfelt Colners Caged. Philadelphia, March 15.—Chief Me-Manus, of the local branch of the secret service bureau, last night arrested John Gallena and his alleged housekeeper, Elizabeth Smith, on the charge of making counterfeit money. They were arrested in the house 640 Pine street, on the upper floor of which was found a complete outfit of counterfeiter's para-phernalia and a large number of bogus ten, twenty-five and fifty cent pieces, Chief McManus has been after them for six months. The bogns money was made of nickel and tin, covered with a coating of silver. Gallens is alleged to have been selling the bogus coin all over the country at the rate of \$40 for \$100.

Special Excursion on to Washington via Fenna, Railroad Thursday, March 16. Train leaves Shenandoah at 8:15 a. m lound trip tickets, good to return until March 25th, only \$5.91.
