Soldiers' Pension Cloney.

Senator Gibson, of Erfe, has intro duced in the Legislature a bill reopening the question of retaining pension money of inmates of the Soldiers' and Sailors' Home at Erie, which has been freely discussed for the past several months in the daily press of the state, and in Grand Army circles.

The Senator has long been interested in the question. He has appeared before the board of trustees several times in behalf of the inmates, and has represented them in the Erie courts, where they made an effort to resist the rule of the manage ment of the Home that all pension money received exceeding \$4 a month must be placed in what is known as a "Pension fund," of which General Louis Wagner, of Philadelphia, treasurer of the Home, is custodian.

According to the statements of the Senator from Erie, he has a new argument to make, and one which is known only to certain of the managers. The Governor is president of the board and the Adjutant General is secretary. Senator Gibson says that not only is the money taken from the inmates not returned to them or used for their maintenance or the maintenance of dependent on the maintenance of dependent in the maintenance of d relatives, but that the state suffers an actual loss of about \$12,000 a year by the operation of the rule. The pension fund does not go into the state treasury, but remains in the hands of General Wagner.

The national government pays \$100 a year for the maintenance of each inmate, provided no pension money is taken from him; but when the pension money is taken it deducts one-half of the amount so taken from

its appropriation. In this way, Senator Gibson says, the state loses the appropriation, while the inmates who have been forced to give up their money are also losers, and the Home has gained nothing.

The fleet countersigns for June 26, signed by the late Captuin Oviedo y Bustamento, Admiral Cervera's chief of staff.

General Wood is also confident that the remains are those of an officer commanding some ship, most probably the Pluton, owing to the immediate proxim ity of the wreck of that destroyer. tain Romero, formerly a Spanish naval officer, says the rope that was found tied about the chair is of British manufacture, his argument being that the Furore and Pluton, both of which were built in British yards, would be fitted

It is so easy to go through life doing good and helping to make others happy. MRS. PLACE MUST DIE.

Governor Roosevelt Gives His Reasons For Refusing to Interfere. Albany, March 16.-Governor Roosevelt has refused to commute the sentence of Mrs. Martin Place, the Brooklyn murderess, and she will be electrocated some day during next week at Sing Sing

In announcing his decision Governo Roosevelt declares that there were no circumstances to mitigate the crime. He says: "The evidence showed that the necused first blinded her stepdaughter with acid and then strangled her, and, after waiting in the house all day, when her husband returned at dark had at tucked him and endeavored to kill him

The governor then refers to the efforts made to pronounce the woman instanc, and of the overwhelming evidence of

her saulty, and concludes: "This murder was one of peculiar de-ilberation and atrocity. To interfere with the course of the law in this case could be justified only on the ground that never hereafter, under any circum-stances, should capital puneshment be inflicted upon any murdetess, even though the victim was herself a woman, and even though that victim's terture preeded her death."

THE BEEF INVESTIGATORS.

Regular Army Lieutenaut Declared

the Mont linfit to Eat. Chicago, March 16.-The last witness called before the army beef court of in-quiry yesterday proved to be sensational. He was an officer of the regular army, First Lieutenant M. F. Davis, of the First cavalry, called at the request of Major Lee, the representative of Gen-eral Miles. Lieutenant Davis testified that in Cuba one-half the cannot roast beef issued to the soldiers was thrown away because it was unfit to eat. He testified that he had opened one can himself and found maggets in it.

Major Lee asked: "How did the mag-

gots get in there?"
"They were canned in there," the wit-

Colonel Davis: "Are you aware that in the process of canning this meat un-dergoes such an intense heat that no animal life would survive in it?"
"I don't mean to say they were alive;

they were dead."

Dr. John B. Shaw, of Joliet, Ills, surgeon of the Third Illinois volunteers, testified that on the voyage from Newport News to Porto Ries canned roast beef was Issued, and there was a great deal of complaint about it. While in Porto Rico, 25 miles from Ponce, the matter of rations was taken out of the regiment's hands to a great extent. Gen eral Grant seemed to know more about it than anybody else. The witness took no particular interest then because of

e action of General Grant. "He cannot violate the law?"

"He did."
"Did he issue orders?"

"He issued whatever he saw fit," The board left for Omaha last night. Inspection of the stock yards will be unde at Omaha and Kansas City, and at the latter city some evidence will be taken. The intention of the court is to return to Chicago by next Tuesday

The Ex-Secretary Down With Pneu-

Pierre, Martinique, March 16 .-Sherman, who is a passenger or board the American line steamer Paris Captain Frederick Watkinsa which as rived here last night from Trinidad with a party of excursionists who are making a tour of the West Indian islands, is suffering from pneumonia. While at San Juan de Porto Rico last Wednesday Mr. Sherman was entertained by Brigadier General Frod D. Grant, commander of the military department of San Juan, and caught cold. The malady was not considered serious until Tuesday night, after leaving Port of Spain, when pneumonia in the most serious form developed.

Washington, March 16.—Several tele-grams and cablegrams were received last night from Fort De France regard-ing former Secretary Sherman's condi-tion. The last, which came to General Miles at midnight, said the sufferer was much better and serious results were not feared From the fact that Mr. Sherman was in first class health when he left on the West Indian trip the family here has every reason to hope that he will re-cover from the attack, as the dispatches concerning him say he is being given the best of care and attention. The excursion party of which he is a member left New York on the Paris March 4, and was to be gone for a month. Mrs. Sherman is at her home in this city. The knowledge of her husband's condition is kept from her because of the ef-fect it might have, as she has not entirely recovered from an attack of par alynis last fall.

Proof is evidence. Evidence is testimony, but

testimony is not always proof, for testimony differs. A

stranger from a far away place-a man in Maine-a

woman in Wisconsin-may testify in most emphatic

language, but is it proof? We think not! Positive

proof to a Shenandoah citizen is the experience and

public expression of Shenandoah people, the statement of friends and neighbors,

easily investigated, easily indorsed. Many readers of this are troubled with back-

ache, with rheumatic pains, with urinary disorders, with sick kidneys; have tried

many recommended remedies and failed to get permanent relief. No wonder they

ask for better proof. We say to every kidney sufferer, DOAN'S KIDNEY

PILLS cure all forms of kidney ills, from Backache to Diabetes. Our evidence of

it? The best that can be had. Impossible to produce stronger proof than the

indorsement that guarantees full value for every box of DOAN'S KIDNEY

PILLS. Here is a case of it. An emphatic statement of a Shenandoah citizen.

Mr. Robert S. Jones, miner, of West Poplar street, says: "For years I had

backache but of late it seemed to have changed more to headache. I also had

difficulty with the kidney secretions, accompanied by too frequent action. I was

troubled with a listless or tired feeling and though I used about every kind of

medicine I knew about-I cannot name one that I have not tested-I got no

permanent relief from any of them. I finally read about Doan's Kidney Pills

and got them from Kirlin's Pharmacy. They were the first remedy which gave

me positive relief. They stopped the bladder trouble and I have had none of

those headaches since. I recommend Doan's Kidney Pills as the best kidney
