**WE KNOW,**  
**WE KNOW.**

We know that people generally  
don't understand the leading condition  
of their eyes have on their general health.  
There are children in this county to-day, sick  
because of eye strain. Their illness is  
attributed to other causes, and unless they  
come under care of an honest and intelligent  
optician, they will go on being sick until the  
true cause be discovered by accident or the  
exercise of good common sense. Let us  
assist you in this cause.

**Millinery**  
**Opening.**

Thursday, March 23, 1899.

THE FAME of this Department  
has penetrated the far corners of  
everywhere: and yet but seven  
years old. Visitors to the city  
should not forego the chance of crit-  
ically looking into the store they've  
heard so much of as the phenome-  
non of the land.

There is much to see: much to  
sell—if you want to buy; much  
profitable knowledge in modern up-  
to-date style headgear for the Spring  
of '99.

We have surprised you with un-  
matchable values in the past in this  
department, why shouldn't we sur-  
prise you in the future, and more  
so? Our present facilities, cover-  
ing as they do the best millinery  
producing centres, are positively  
unequaled.

We have made a strenuous effort  
to crown this season with the love-  
liest stock we ever had. How great  
has been our success we'll leave for  
you to judge when you come and  
let us untold to your wondering eye  
the immensity of our Millinery col-  
lection.

What bright, dainty creatures of  
beauty the new Spring Hats and  
Bonnets are!

What skill, what taste, what in-  
geny the Milliner Artists have  
displayed! What beautiful com-  
binations of Feathers, Flowers,  
Ribbons, Laces and Straws!

Every fashion that will be popu-  
lar in foreign cities will be repre-  
sented in our Grand Millinery  
Display.

The two special prices for this  
day in ready-trimmed Hats will  
be the \$2.50 and \$5.00 specialties,  
for the first day opening only;  
neither can be matched at double  
the price. The other prices vary  
from \$1.98 to \$23.95, all interme-  
diate prices.

In this Spring Millinery we ex-  
hibit over 1,000 ready-trimmed hats,  
and the special features for the  
opening day will be the most hand-  
some decorations that have ever  
been produced in this Mountain  
City and is worth your while to  
come far as well as near.

We extend a hearty welcome to  
one and all.

It is with pardonable pride that  
we invite your attention to our  
Dress Goods Department.

With the opening of Spring  
comes the desire for new outer gar-  
ments. If you are fond of shop-  
ping we would suggest looking  
around—then come to us and see  
the newest, as well as the most sty-  
lish, dress fabrics and ready-made  
suits. Our Aim is good quality  
and consistent prices.

During the first day of the open-  
ing we shall dispose of as many of  
our natural Palms as is possible,  
and will offer to the public the  
choice of 100 Palms which are con-  
sidered a bargain in large cities at  
\$1.25, for 50c. each. The five and  
six yearlings at \$2.50 each. They  
are magnificent Palms and cost from  
\$50.00 to \$60.00 per hundred any day  
in the year.

**Half Sick**  
**Half Well**

Many persons have their good  
day and their bad day. Others  
are about half sick all the time.  
They have headache, backache,  
and are restless and nervous.  
Food does not taste good, and  
the digestion is poor; the skin  
is dry and scaly and disfigured  
with pimples or eruptions;  
sleep brings no rest and work  
is a burden.

What is the cause of all this?  
Impure blood.  
And the remedy?

**Sarsaparilla**

It clears out the channels  
through which poisons are  
carried from the body. When  
all impurities are removed from  
the blood nature takes right hold  
and completes the cure.

If there is constipation, take  
Ayer's Pills. They awaken the  
drowsy action of the liver; they  
cure biliousness.

**NERVOUS PROSTRATION.**

Nervous prostration is a widespread afflic-  
tion in these days of bustle and hurry. Every-  
body is rushing, competing, men and  
women overwork themselves, do not get  
enough of sleep, are careless about their food  
and neglect hygienic laws. By and by they  
find they are all run down and threatened  
with nervous prostration. They begin to  
take remedies which do them no good and  
begin to feel that they are in a hopeless  
and expensive case. However, can restore the  
lost health. Dr. Greene, 35 West 14th St., New  
York City, the famous specialist, has cured  
thousands of such cases. Get his advice if  
you are in this condition. You can consult  
Dr. Greene by letter free. It costs you nothing  
to get his advice. Write to him at once  
and you will soon be in the way of recovering  
your lost health.

**Eagles Here—The Lake of the Eagles.**

day's journey of Philadelphia, the Philadel-  
phia and Reading Railway has great pleasure  
in presenting to its patrons a beautiful sheet  
of clear deep water—way up on the crest  
of Alleghenies. Here are modern finely ap-  
pointed hotels and beautiful cottages, boat-  
ing, bathing, fishing, all at their very best.  
The Eagles Mere Chautauque for those who  
desire lectures, music, and other attractions  
of this character. Parties of all sizes and  
ages can enjoy a most beautiful and refresh-  
ing cool temperature in summer. Although  
hidden away in the virgin forest, it is  
reached directly by railroad, and has, also,  
mail, express, telegraph, and telephone ser-  
vice.

Let us mail you a book giving more in-  
formation about it. We will if you will  
write to Elton J. Weeks, General Passenger

**Lazy Birds.**

The "mound fowls" of Australia and  
New Guinea construct mounds of decayed  
leaves for their nests. In these the eggs  
are laid and covered over with the same  
material. The warmth engendered by the  
decomposition of the leaves causes the eggs  
to hatch, and the young in due time bur-  
row their way out to life and the open air.  
These birds are regarded as the laziest of  
all the feathered kingdom.

Next to them comes the common black-  
bird, which is a native of this country. These black-  
birds never build nests of their own, but  
lay their eggs in the nests of other birds  
and leave them to be hatched by foster  
mothers. This is an unfortunate imposi-  
tion on the smaller birds, as the black-  
bird's young is so large when first hatched  
that he soon crushes the smaller birds out  
of the nest and has it all to himself.

**DIED.**

**FAHEY.**—On the 19th inst. at Philadelphia,  
Pa., John Fahy, aged 70 years. Funeral will  
be held on Wednesday, 22nd inst. High mass  
at the Church of the Visitation, Philadelphia,  
at 8:30 a. m. Funeral will leave the P. & R.  
terminal at 9:30 a. m. and arrive at Shenan-  
doah at 2:30 p. m. Interment in the Annun-  
ciation cemetery. Relatives and friends re-  
spected to attend. Burial at 10:30 a. m.

**AN EXCELLENT COMBINATION.**

The pleasant method and beneficial  
effects of the well known remedy,  
SYRUP OF FIGS, manufactured by the  
CALIFORNIA FIG SYRUP CO., illustrate  
the value of obtaining the liquid laxative  
principles of plants known to be  
medicinally laxative and presenting them  
in the form most refreshing to the  
taste and acceptable to the system. It  
is the one perfect strengthening laxative,  
cleansing the system effectually,  
dispelling colds, headaches and fevers  
promptly and enabling one to  
overcome habitual constipation per-  
manently. Its perfect freedom from  
every objectionable quality and sub-  
stance, and its acting on the kidneys,  
liver and bowels, without weakening  
or irritating them, make it the ideal  
laxative.

In the process of manufacturing figs  
are used, as they are pleasant to the  
taste, but the medicinal qualities of the  
remedy are obtained from senna and  
other aromatic plants, by a method  
known to the CALIFORNIA FIG SYRUP  
CO. only. In order to get its beneficial  
effects and to avoid imitations, please  
remember the full name of the Company  
printed on the front of every package.

**ANOTHER VICTIM DIES.**

Second of the Mahanoy City Colliery suf-  
ferers Died To-day.

Stephen Sileski, one of the victims of the  
explosion in the Mahanoy City colliery on  
the 9th inst., died at the Miners' hospital  
this morning. The remains were sent to the  
family of the deceased at Mahanoy City this  
afternoon.

Sileski is the man who ignited the gas that  
caused the first of the two explosions by  
which eleven men suffered. Sileski and his  
buddy went up into an old breast to get plank  
and carried a naked lamp. The buddy died  
on Thursday last.

No inquest has been held in the case. The  
Deputy Coroner at Mahanoy City got a jury  
together last Thursday night, but nothing  
was done, as it was deemed advisable to  
have the Mine Inspector present. The jury  
adjourned without fixing a date.

Patrick Brennan, the driver who was  
terribly injured in the explosion, is doing  
nicely at the hospital. It was first thought  
that all the victims but Brennan would re-  
cover. The boy suffered fractures of the  
skull, a leg and arm and was unconscious for  
three days following the accident. Now his  
condition is so much improved that the offi-  
cials at the hospital believe he will recover.

Most of the eight other victims have  
recovered, and some of them have returned  
work.

**Home From Alaska.**

Richard Banchens, an Anatinian, returned  
to his home in Mt. Carmel on Saturday after  
an unsuccessful gold hunt of nine months in  
Alaska. He left Mt. Carmel last June and  
got as far as Lake Bennett. With not enough  
cash to proceed he shortly found employ-  
ment on the White Pass railroad in process of  
erection. 1700 others were employed there and  
they earned 35 cents per hour, averaging in  
the summer 15 hours work and 10 hours of  
late. The company proposed a reduction to  
20 cents and a general strike was ordered  
with the threat of death to anyone who re-  
ported for work on March 1st. Banchens be-  
came disgusted and started for home. About  
a hundred miles south of Skagway he met  
thirteen Mt. Carmel men awaiting steamship  
transportation. He told them his story, but  
they refused to turn back. He does not give  
an encouraging account of the gold fields.

**Lysters, Websters, Shermans.**

The dyer's trade in 1870 was naturally  
prevalent in the larger towns rather than  
in the villages, and by masters employing  
several workmen. Thus at Potters-  
ville there is a Lyster who employs two men  
and two maids, another who employs two  
men, and there is a Webster who em-  
ploys two men. At Wakefield there is  
also a Lyster who employs two men. The  
names Webster and Lyster (also called by  
his Latin name Tinctor) are common  
enough to prove that cloth sufficient for  
local consumption was woven in York-  
shire. There were 19 Textors and four  
Shermans (hence the name of Mrs. Sher-  
man) who "clipped" the cloth when the  
Websters had done their task.—Notes and  
Queries.
