Two Unrecognizable Bodies Taken From the Ruins.

TWELVE BODIES NOW RECOVERED

The Work of Digging in the Ruins Proceeding Day and Night-Three Hundred Men at Work-Some Valuable Jewelry Recovered.

New York, March 21 .- A large fore of men worked on the rnins of the Wind-sor hotel has night. The workmen ex-cavated slowly, and with great care. The debris was thrown from the space occupied by the hotel to the sidewalk. Crowds pressed as close to the ruins as they were allowed by the police. At midnight 300 laborers who had been diggin, in the ruins were relieved by another

gang of 300.

No body has been found since 9 o'clock yesterday morning, when the workmen came across the remains of two charred bodies in the ruins. The first body taken out was from the Forty-sixth side, the second from the Fifth avenue side, close by what had been the main entrance of the horel. There were merely fragments of both bodies, neither having head, feet or arms. These fragments were taken to the morgue, where they were ticketed as bodies "one" and "two" and placed in the section especially set aside for the first visite to the morgan. for the fire victims. These two bring the total number of bodies so far recovered up to 12. Resides these there are at least six persons who were seen to jump from the roof and windows while the hotel was burning, and of whose bodies

no trace has yet been come upon.

A button found in the segment of the body known as "body No. 2," and supposed to be the body of a woman from 18 to 27 years of age, was made in this city. It is a common cloth button, and is used only by manufacturers of ready made clothing. This fact, and the fact

MET HER FATE WITH CALMNESS.

The Execution Was the Most Successful That Has Ever Taken Place to Sing Sing Prison-Two Women Accompanied Her to the Death Chair.

New York, March 21 .- Mrs. Martha Place was executed at Sing Sing prison yesterday. She was the first woman to die in the electric chair in the state of New York, and she went to her death quietly. Her death was instantaneous, but two shocks being given. The voltage of the current was 1700, and it was continued for four seconds. It was then gradually diminished to 200 voltage, which was continued for 56 seconds. Dr. Irvins, the physician of the prison, examined the woman and then ordered a second shock. That was the same as the first in power, and continued for the same length of time. The second shock has always been administered at Sing

Mrs. Place murdered her stepdaugther, Ida M. Place, a more girl, on Feb. 7, 1898. She first threw acid in the girl's eyes and then smothered her. This was early in the morning in their home in Brooklyn. She waited the entire day for her husband to return, and then attacked him with an ax, fracturing his skull and otherwise seriously injuring-him. Place, however, recovered.

Mrs. Pince was informed on Thursday last by Warden Sage that she must die on Monday. Again on Sunday the war-den visited her and told her she must be ready at 11 o'clock Monday morning. She was ready at that hour, and no one who watched her could understand what who watched her could understand what change must have taken place in the woman's nature to so dull her senses that she could go to her death so calmly and impassively as Mrs. Place did. The last woman condemned to die in this state went to the gallows shrieking and fighting, but Mrs. Place hardly uttered

This was the twenty-sixth electrocu-tion at Sing Sing prison, but none before was so successful as that of yesterday. Not only was there no scene, but there was no delay. Within three minutes after coming through the iron doors the order of the law had been carried out. There were 12 witnesses present, and only those who watched every movement witnessed Mrs. Place's death.

On Sunday Mrs. Place had her regular.

attendants, and during the night she was visited by her spiritual adviser, Rev. Dr. David Cole, of Yonkers, and Mrs. Meury, a mission worker of Brooklyn, who has taken a great interest in the woman's welfare. Mrs. Sage, the warden's wife, also spent an hour with her, but at 9:30 Mrs. Place was left alone with the night matron, Mrs. Coultry, with two keepers in the outer room The condemned woman was very rest less. She did not retire until 2:30, and after that she was up several times to She did not retire until 2:30, and

pray.
Mrs. Place had told her paster that she believed her sins had been forgiven, and asserted her faith in the hereafter. She was buoyed up with this feeling when the warden came for her to lead her to the chair. She was dressed in black, a gown made herself, simple and plain. She had expected to wear it at her new trial or when she received her liberty. A white band was around her clash has been expected, and the re-ports have served to direct the attention turning gray, was brushed back smoothof officials to the need of effecting a ly over her forchead. It was clipped away only where the electrode was

Mrs. Place said simply that she was ready, and the warden took her arm in his. They went slowly through the deserted old hospital building along sevment be made. This would maintain the status quo, each side making no further last corridor of all. On either side the dvance pending a finar agreement on the | murderers' cells were draped with heavy curtains, and the procession moved more quickly through this dismal place, Meanwhile the witnesses had been call-ed into the death chamber. Suddenly stepped in and called for another keeper and turned rapidly away. The keeper returned and was followed almost at

once by Mrs. Place, leaning heavily on the warden's arm. Her face was very white, her head uplifted, her eyes closed. The white band on her throat seemed scarcely whiter than her face. Behind came the women attendants, one a physician, the other the day matron. Rev. Dr. Cole came next, and after him were the two keepers. As they came over the threshold Mrs.

Place gave no sign of fear, nor did she even seem to know what was about to happen. The warden held her up still more firmly, and the woman assisted her to the chair. She picked her way almost WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every tioned to the women, and they came up wish in curing rheumatism, pain in the back, on either side. It took but a moment The edge of her skirt urinary passages. It corrects inability to hold was lifted quickly, the stocking drawn water and scalding paint in passing it or had down over her shoe and the electrode fastened by one of the women to the right stood with outstretched skirts, with Dr. Irvine and a male attendant on either Swamp-Root is soon realized. It stands the side, almost shutting out the view of the witnesses, and the signal was given. Quicker almost than a flash the trician threw down the lever. The body straightened, the fingers gripped tightly You may have a sample bottle and a book she held in her left hand was drawn across the wrist. No one had expected that the shock would be given so quick-Kilmer & Co., Binghamton, N. Y. When fore the witnesses were conscious that

seated in the chair: "God help me; God have mercy." There was not a sound after that, not even a moan. The vis-ible effect of the shock was less than had ever been observed in the death house before. There was not the slightest distortion of features; the eyes were covered, and when the straps were removed they were still closed. On the second shock the body straightened out again, and a little foam cozed from the lips. When the current was shut off

lips. When the current was such the body reposed naturally in the chair.

The body was allowed to remain in the chair, when the control of th chair until all the witnesses has retired, when it was taken to the autopsy room and a post mostem examination held. No one was present but the operating surgeons, and their report was sealed, and will be filed in Kings county, together with the other documents relating to the woman's death. The autopsy was a rapid one, and although no information was made public, the indications are that the organs were found in a healthy con-The insunity plea entered in be Imsure your property from loss in the half of Mrs. Place had never impressed dest and strongest cash companies. The First Woman to Meet Legal Death by Electrocution. Truth

Nearly every woman in America needs treatment at some time in her life for troubles of the generative organs.

To treat these cases properly it is necessary to know all about them, and full information many times cannot be given by a woman to her family physician. She cannot bring herself to tell everything

and the physician is at a constant disadvantage.

firs. J. F. Stretch, 461 Mechanic St., Camden, N. J. writes:

"DEAR MRS. PINKHAM-I was a sufferer from female weakness. Every month regularly as the menses came, I suffered dreadful pains in uterus, ovaries were affected and had lencorrhœa. I had my children very fast and it left me very weak. A year ago I was taken with flooding and almost died. The doctor even gave me up and wonders how I ever lived. I wrote for Mrs. Pinkham's advice at Lynn, Mass., and tookher medicine and began to get well. I took several bottles of the Compound and used the Sanative Wash and can truly say that I am cured. You would hardly know me, I am feeling and looking so well. Lydia E. Pinkham's Vegetable Compound made me what I am.

Marie Lemp, 108 2d Ave., New York City, was advised by her physician to take Lydia E. Pinkham's Vegetable Compound.

This is her letter: "I have three children and suffered with falling of the womb and flooding, My physician scraped the womb, still the flooding continued and I was no better. At last he advised me to use Lydia E. Pinkham's Vegetable Compound. Then I thought I would write to Mrs. Pinkham, for she could advise me better than any one if I was to take her remedies. I received her reply and followed all herdirections . and I am very glad to send you this testimonial, for Lydia E. Pinkham s Vegetable Compound is just what it is recommended to be. I advise

all women who suffer from these complaints to try it."

Mrs. Remicker Finds Relief From Pain. "DEAR MRS. PINKHAM-I feel it my outy to write and thank you for what your Vegetable Compound has done for me. It is the only medicine I have found that has done me any good.

Before taking your medicine, I was all run down, tired all the time, no appetite, pains in my back and bearing-down pains, and a great sufferer during menstruation. After taking two bottles of Lydia E. Pinkham's Vegetable Compound I felt like a new woman. I am now on my fourth bottle and all my pains have left me. I feel better than I have felt for three years and would recommend your Compound to every suffering woman. I hope this letter will help others to find a cure for their troubles."-firs. Della Remicker, Rensselaer, Ind.

Another Tumor Successfully Expelled.

"Two years ago I was a great sufferer from womb trouble and profuse flowing each month, and tumors would form in the womb. I had four tumors in two years. I went through treatment with doctors, but they did me no good, and I thought would have to resort to morphine. The doctor said that all that could help me was to have an operation and have the womb removed, but I had heard of Mrs. Pinkham's medicine and decided to try it, and wrote for her advice, and after taking her Vegetable Compound the tumors were expelled and I began to get stronger right along, and am as well as ever before. Can truly say that I would never have gotten well had it not been for Lydia E. Pinkham's Compound. I cannot praise it enough."-Mary A. Stahl, Watsontown, Pa.

Every woman puzzled about her health may write to Mrs. Pinkham, at Lynn, Mass., and will receive advice promptly, free of all
