FORMER SENATOR COYLE testified before the Bribery Investigating Committee at Harrisburg yesterday, and emphatically denied the charges made against him. Mr. Coyle took particular pains to deny that he had introduced Archbishop Ryan's name into his discussion over the Jury bill with Representative Engler, and declared that story the most cruel and unfounded of any that had been told and claims there is a conspiracy against him.

#### Convicted Lebanon Editors.

At the close of the recent spirited battle between the Quay and anti-Quay factions in Lebanon county for a State Senator, the editors of two Lebanon newspapers were arrested for libel at the instance of Mr. Van Valkenberg, of the Business Men's League, who alleged that he had been grossly libeled in a publication. The trial came on last week and resulted in the conviction of the editors, the evidence being absolutely conclusive that the statements made concerning Mr. Van Valkenberg were without the slightest foundation.

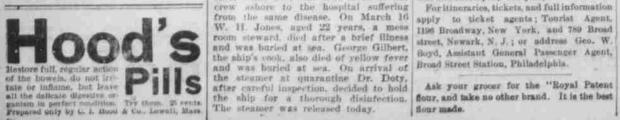

developed that the libelous article was furnished to the editor, or to one of the reporters on his paper, by a detective supposed to be in the emplay of the Quay machine, and that the detective vouched for the truth of the statements contained in the libelous article. If the latter avertments of the convicted men are true, then the unhappy machine editors are the victims of a detective in the employ of the machine whose interests the aforesaid editors were so faithfully serving.

If the editors aforesaid should feel revengefully inclined they have it in their power to make things decidedly uncomfortable for the detective who led them into the difficulty. Too many people are apt to forget that there is a law on the statute books of Pennsylvania, which was placed there for the protection of editors against a certain class of designing men who seek to strike cowardly blows against others under cover. One provision of that law-which is in full force and

ment concerning any person any records assembled to the second thereby secures the school publication of the same, is hereby declared guilty of misdemeaner, and upon conviction shall be sentenced to pay a fine not exceeding \$500, and undergo imprisonment for a period not exceeding two years, or either or both, at the discretion of the court."

THE REPORT IN WASHINGTON. Mrs. Sherman Alone Had Not Heard

of the False Dispatch, Washington, March 22.—Seldom has official Washington been more completely a red by conflicting emotions than it was yesterday by the announcement, first of the death of the Hon. John Shermen and by the contradiction of the re-port which came a few hours later, the one giving a relief which was as marked

as was the serrow produced by the other. The first report, which came from New York, was received at 3 o'clock in the af-ternoon, and was circulated in the departments just before the close for the The announcement seemed to follow naturally the other cablegrams of the day staring that the venerable statesman's condition had grown worse, and there was a unicersal expression of regret, and in many cases personal stress, poisonous products of fermented, half digested

The contradiction of the first report did not arrive until 8:30 o'clock. came in the shape of a positive state ment from Santiago, made in the knowledge that the report of the ex-senator's death had been circulated. This dispatch was immediately given as wide cir ulation in the city as it was possible for it to receive at that hour. Secretary Hay was placed in possession of a copy of the dispatch, as were also Mr. Sher-man's family. "A most marvelous con-dition of affairs," remarked the secre-tary. He then proceeded to express his great relief that the first news was not

The news of the reported death of Mr. Sherman took many persons, friends and others, to his house on K street. Among others who were congregated there when the newspaper reporter called were the two former private secre taries of Mr. Sherman, Mr. Babcock and Mr. Vaile, as well as Miss Kate Willack, a niecy, and Mrs. Colonel Charles Hoyt, whose husband was a consin of ex-Senator Sherman's. They and others present read the dispatch saying the ex-senator was still alive with tremulous joy.

The reading of the glad message had scarcely been concluded by those present than Mrs McCallum, the adopted daughter of Mr. and Mrs. Sherman, burst into the room, accompanied by the daughter of General Miles. They had received the news through a telephone message while at General Miles' house, and harried over to impart it to the rest of the family.

"It has been a trying day," said Mrs.
McCallum, "but all is well again."
Indeed there were heartfelt rejoicings
and thanksgivings on the part of all those who had assembled at the house when they realized it was true that the invalid was better and might yet be re-stored to them.

GENERAL MILES IN BOSTON. Did Not Credit the Report of Mr. sherman's Death.

Boston, March 22.—Major General Nel-son A. Miles visited the legislature yes terday afternoon. He first was received by the senate, where he made a brief address, expressing pleasure at being able to visit the body. He then went to the house, where a similar program was carried out. Each branch took a recess after General Miles had addressed them, during which the members were pre sented to the visitor. Just after leaving the state house one of the afternoon papers, containing the announcement that Mr. Sherman had died, was shown to General Miles. Unfortunately the con-tradictory report was not received for some hours later, and while General Miles expressed his intention of carrying out the day's program Mrs. Miles requested that her numerous engagements

should be cancelled. This was done at once, and she return ed to the hotel very much depressed over the sad news. A few hours later a newspaper representative brought her the welcome news that Mr. Sherman was still alive. The sudden change from sorrow to foy almost staggered Mrs. Miles.

## Crippled by Rheumatism.

Those who have Rheumatism find themselves growing steadily worse all the while. One reason of this is that the remedies prescribed by the doctors contain mercury and potash, which ultimately intensify the disease by causing the joints to swell and stiffen, producing a severe aching of the bones. S. S. has been curing Rheumatism for twenty years—even the worst cases which seemed almost incurable.

Capt. O. E. Hughes, the popular railroad conductor, of Columbia, S. C., had an experience with Elbumatism which convinced him that there is only one cure for that painful disease. He says: "I was a great sufferey from muscular Elbumatism for two years. I could get no per manent relief from any medicine prescribed by my physician. I took about a dozen bottles of your S. S. S., and now I am as well as I ever was inmy life. I am sure that your medicine cured me, and I would recommond it to any one suffering from any blood disease."

Everybody knows that Rheumatism is a diseased state of the blood, and only a blood remedy is the only proper treatment, but a remedy containing potash and mercury only aggravates the trouble.

#### entirely disapproved of cauned roast beef as an army ration for any length of time, and Colonel Corlins told of the sol-diers' dislike of it. Dr. Senn, who S.S.S. The Blood served in Cuba and Porto Rico, testified that he had every reason to believe that

being Purely Vegetable, goes direct to the very cause of the disease and a per-manent cure always results. It is the only blood remedy guaranteed to con-tain no potash, mercury or other dan-gerous minerals.

said to be "first in war, first in peace and first in the hearts of his countrymen." It is a great thing to be first. Nothing is of more value to mankind and brings great-er happiness than a good remedy. Many er happiness than a good remedy. Many things will relieve but the one that will cure is best. Brazilian Balm is such a rem-edy. Tens of thousands have found that it is the only thing that would cure Catarrh and Asthma. For 15 yrs. it has never failed in a single case to cure Asthma, and its record has been as wonderful in Catarrh. Cases that had, to all appearances, run into Consumption, or where the nostrils were entirely stopped upor where the poisonous pus had eaten holes into the throat an inch deep, or where the stomach had become ulcerated and raw from swallowing the germ-laden matter, were all permanently cured. Such a record, unknown to any other remedy, just-ly entitles the Brazilian Balm to the first place in the regard of the American peo-ple. There are 20,000,000 Catarrh victims and countless Asthma sufferers in this country, all of whom can be cured with Brazilian Balm. A \$1.00 bottle of Brazilian Balm contains a month's treatment operation in excellent condition. While conversing with them the pope expressed deep grief at the false stories circulated as to his health, especially the refor catarrh or asthma, and for 6 months we will wrap with each \$1.00 bottle a month's treatment of Toxicola Tablets, free. Toxicola is the best tonic and nerve and strength builder known to science. This is the greatest offer ever made. physicians declared that his condition of both all things considered, could not F.
