THE Sherman death rumor badly strained itself.

TAMMANY passes along the word to fight Bryanism, after the latter flung his glove directly in the face of the Tiger.

EMPEROR WILLIAM'S ten-year-old son has been enrolled in the army.

SENATOR QUAY, being the choice of the great majority of the Republican members of the Legislature, and the caucus nominee, should succeed himself in the United States Senate.

THERE are many reasons why the volunteers still in service in Cuba should be mustered out.

THE BEEF INVESTIGATORS.

OT From New York to Hear Governor Roosevelt's Testimony.

Chicago, March 23.—The members of the government court of inquiry finished their labors in Chicago yesterday and left for New York last evening.

The evidence adduced yesterday was largely cumulative in its character, consisting mainly in criticisms of the canned beef and refrigerated beef from soldiers.

Dr. John G. Burns, of Chicago, who was assistant surgeon of the Second Illinois volunteers when the regiment was in Jackson, stated that he had condemned the refrigerated beef several times before it left the wagon which brought it.

MR. SHERMAN'S CONDITION

Is Quite Satisfactory—How the Report of His Death Originated.

San Francisco, Cal., March 23.—The condition of ex-Secretary Sherman continues about the same.

It now turns out—respecting the unfortunate report of Mr. Sherman's death, which is the main topic of conversation here—that the announcement was made by the French Cable company and the signal corps within ten minutes of each other.

When Captain Leigh, the chief signal officer, ascertained that the report was erroneous he immediately communicated with the Guantamano station to discover the cause of the blunder.

The man in charge of the station replied that, having received a message of inquiry as to Mr. Sherman's health, and not having any information himself, he visited the manager of the French Cable company, who assured him that the report was well founded.

Thereupon he telegraphed a confirmation of the rumor, having no reason to doubt the assurance given him. The French Cable company's officials here claim to know nothing regarding the matter.

Mr. Sherman's relatives on board the Paris are naturally very indignant at somebody's stupid blunder, but Captain Leigh considers that the man in charge of the Guantamano signal office was entirely justified in accepting the statement of the French Cable company's manager.

Baron Hershell's Body Interred.

London, March 23.—The remains of Baron Hershell, who died in Washington on March 1, and over which funeral services were held Tuesday in Westminster Abbey, were interred yesterday in a vault in a scheduled churchyard at Tinsleton, Dorsetshire.

The interment ceremony, which was the simplest character, took place in the presence of the family of the deceased, representatives of the queen, the Prince of Wales, the Duke of York and the American society in London, as well as a large attendance of local residents.

Trying to Bring Dewey Home.

Washington, March 23.—A committee of citizens who are arranging for a peace jubilee in Washington next May called at the navy department yesterday to see if possible, the attendance of Admiral Dewey on that occasion.

Their application was made directly to Secretary Long. They stated that the proposed peace celebration will be exceptional in the fact that it is to be practically national in character, and this would justify the request that the hero of Manila be summoned to attend.

The secretary listened with interest to the committee but declined to say and replied that he would confer with the president on the subject. It would be a question, he said, simply as to whether or not the occasion would justify the admiral in leaving his duties at Manila.

The Best Spring Medicine Is Dr. Greene's Nervura.

The Spring, Above All Others, the Time To Be Cured.

If You Read This Wonderful Cure, You will Know Just what to Do.

Mrs. D. F. Colby, South Northfield, Vt., says: "I discovered a terrible trouble with my right side going through to my back, and then to my stomach, causing a painful soreness. By spells I would have to give up work for weeks at a time and finally I was obliged to give up for some six months. I was suffering terrible pain in my head, had indigestion, and a soreness in my right side, pain under my shoulder blade, and fearful bloating of my limbs and body. I was subject to a bowel trouble with constipation. I had dumb ague chills. I could not sit up half a day at a time. I decided to try Dr. Greene's Nervura blood and nerve remedy. Before I had taken the first bottle, the pain and soreness were all gone, the swelling had gone down, my headache was a thing of the past, I could eat anything without its hurting me, and all the

troubles I had suffered from had disappeared by the time I had taken three bottles. I gained ten pounds in three weeks, and am at the present time well and healthy, have no touch of the old troubles, and I owe my happy state of mind and health to Dr. Greene's Nervura." People should remember that in taking Dr. Greene's Nervura blood and nerve remedy they are using a regular physician's prescription, tested and proven for years in the enormous practice of Dr. Greene, 35 West 14th St., New York City, who is acknowledged to be the most successful specialist in curing nervous, chronic or lingering diseases. You can consult Dr. Greene freely without charge, personally or by writing him about your case.

The Pope Depressed.

London, March 23.—The Home correspondent of The Daily Telegraph says: "The pope is beginning to suffer from depression. During the service on Sunday he asked one of his personal attendants how many in his congregation he attended. He thought really rejoiced in his recovery. Then he added, dejectedly: 'What mockery it is—this thanking for my recovery. I shall not live a week.' The exclamation was followed by a prolonged and alarming fainting fit."
