What we Know,

WE KNOW, WE KNOW.

We know that people generally don't understand the bearing the condition of their eyes have on their general health. There are children in this county today sick because of eye strain. Their illness is attributed to other causes, and unless they come under care of an honest and intelligent optician, they will go on being sick until the true cause is discovered by accident or the exercise of good common sense. Let us assist you in this cause.

Good Blood!

Your heart beats over one hundred thousand times each day. One hundred thousand supplies of good or bad blood to your brain. Which is it? If bad, impure blood, then your brain aches. You are troubled with drowsiness yet cannot sleep. You are as tired in the morning as at night. You have no nerve power. Your food does you but little good. Stimulants, tonics, headache powders, cannot cure you; but

Sear's Sarsaparilla

will. It makes the liver, kidneys, skin and bowels perform their proper work. It removes all impurities from the blood. And it makes the blood rich in its life giving properties.

To Hasten Recovery.
You will be more rapidly cured if you will take a laxative dose of Ayer's pills each night. They cleanse the sluggish liver and thus cure biliousness.

A STRING OF NOVELTY.

What Next Sunday's Press Will Give Its Readers as a Special Treat.

A string of novelties hard to beat will be found in next Sunday's great Philadelphia's Sunday Press, March 25. Here are a few of them: Women as stock speculators, telling all about the rage for the ticker that has swept over many feminine minds; an artist's odd fancy in painting a beautiful series of pictures of well known celebrities; Frank G. Carpenter's interview with the President of Uruguay; "Karl's" delightful glimpses from out his back window; Anne Rittenhouse's famous fashion articles and two pages devoted to the interests of the reader feminine; something about Japan and Christianity which will interest you, and a series of splendid color pages, which will make this edition one of the most notable ever issued. There will be two pages of clever fiction, including Park Benjamin's stirring sea story on the cruise of the Wasp, and the greatest of all continued stories, "The Lady from Nowhere," by Ferns Hume. Order next Sunday's Press today.

To Investigate Malaria.
Berlin, March 24.—Professor Robert Koch, the celebrated bacteriologist, who in 1885, at the head of the German cholera commission, visited Egypt and India, and then discovered the so-called "comma" cholera bacillus, will start with an expedition next month for the tropics, to continue his investigation as to the nature and origin of malaria. The reinhabiting has made a grant of 60,000 marks to aid of the undertaking.

Nearly Wiped Out by Cyclones.
Nashville, March 24.—The little town of Liberty, in DeKalb county, has been almost wiped off the map by a cyclone which swept over it Wednesday night. Trees were uprooted and houses destroyed in all directions. The Christian church, a handsome brick structure, was blown to pieces. No fatalities are reported.

DON'T GIVE UP.
Many weak men who had given up all hope of ever getting back their lost strength and vigor have been made well and happy by the simple act of consulting Dr. Greene, 25 West 14th St., New York City, the famous specialist, so widely known for his wonderful success in curing diseases. They were very sick but they did not give up but resorted to Dr. Greene's wonderful treatment. Now here is an important fact. If you have lost vigor and that vitality the possession of which makes life worth living, write at once to Dr. Greene and depend upon it you will never regret it.

Nothing Too Good for 'Lias.
The correspondent of the Valley Echo says that Elias Davis will be the first Republican Sheriff in Schuylkill county in the twentieth century. The index finger of the political management of the Republican party points in that direction. 'Lias is a successful politician and there is nothing that succeeds like success.

When Mr. Garman left town he started ostensibly for Harrisburg on a trip, and had considerable money. He disappeared suddenly and mysteriously as if the earth had opened and swallowed him up. Mr. Garman left home under a misapprehension on account of his financial affairs being in somewhat of a tangled condition. A conference was held with his attorney, and to properly square up his financial affairs Mr. Garman has made an assignment for the benefit of his creditors.
