OUR COUNTRY: First, Last and Forever.

WAGES continue in an upward direction, and the 16-to-17 people are correspondingly depressed.

TAMMANY is to be investigated again. Mr. Croker will, therefore, once more become a subject of Queen Victoria.

THE commissions of the large number of postmasters appointed by the President since the adjournment of Congress, including those at Pottsville and Schuylkill Haven, have been signed by the President and Postmaster General, and Mr. Schrick is now postmaster at the county seat.

THERE is no haphazard, hit-or-miss, take-your-chance sort of advertising in your results if you use the HERALD columns. A small want ad, one day this week brought many returns, and the advertiser was anxious to discontinue the ad—the demand was too great.

THE leading papers of England take an optimistic view of the business outlook in that country. The Statist, published in London, has this to say of America: "Speaking broadly, trade in the United States is growing marvelously, and is likely to continue to grow unless the new crops prove very bad indeed, or something altogether unforeseen occurs."

Result of German Greed. What has come about in the Samoan Islands is the direct result of German greed. Incidentally, our own shifting policy has contributed to the end, for nothing but makeshifts have ever been devised for the joint government of the islands; but German greed, the desire to turn everything to the profit of the fatherland, to the violation of all agreements and the sacrifice of life and property, is directly responsible for the crisis which Rear Admiral Kautz and the commanders of the British ships at Apia so promptly and judiciously met.

All three nations—Germany, England and the United States—were bound under the agreement of 1889 to abide by the decision of Chief Justice Chambers in matters coming within his jurisdiction. When, upon the death of King Malletoa Laupepa in the summer of 1898, and the consequent dispute which arose between Mataafa, the deposed King, and

"Welcome, Evil, If Thou Comest Alone."

One evil that cannot come alone is impure blood. If this is allowed, it is attended by kindred ailments galore. This condition means that every vein and artery of the body, instead of carrying a healthy flow of life, is laden with a slow and impure fluid that is harming instead of healing.

It is unfortunate when there is "bad blood" between people. It is worse when it is inside of you. Hood's Sarsaparilla will not make enemies friends, but it will make "bad blood" good blood, and blood should be of the best quality. Hood's never disappoints.

Blood Poisoning.—When I enlisted in Montana for the Cuban war I began taking Hood's Sarsaparilla and got several comrades to do so. It seemed to make me proof against heat and fatigue at Key West and Tampa, while others gave out, also in Cuba. I was wounded at San Juan with a brass bullet, but I got no treatment until I arrived at Fort McPherson, Ga. The surgeon said if it had not been for my good rich blood that the brass bullet would have poisoned me sure and I would have lost my arm." GEORGE P. COOPER, Co. G, 25th U. S. Inf., Washington Barracks, D. C.

Scurfousia.—For months I went to hospital for treatment of scurfousia, but without results. My doctor said it was the worst they ever treated. I tried Hood's Sarsaparilla. Twelve bottles entirely cured me." GEORGE G. UYKLE, Newburgh, Mass.

Leg Sores.—I was unable to walk. Physicians said of no value and she used crutches. After taking Hood's Sarsaparilla, she laid them aside and walked freely." FRED A. HOLTZ, Reynolds Bridge, Conn.

Salt Rheum.—My mother was seriously afflicted with salt rheum and painful running sores. No medicine helped. Hood's Sarsaparilla was used, which made her entirely well." E. M. MAFLESTON, 208 Dearborn Street, Chicago, Ill.

Hood's Sarsaparilla Never disappoints. Hood's Pills cure liver bile, the only medicine and only one that talks with Hood's Sarsaparilla.

REV. DR. TALMAGE CURED.

The Most Eminent Preacher in the World Recommends Dr. Greene's Nervura.

Dr. Talmage Finds Help in the Use of Dr. Greene's Nervura and Advises the Weak, Sick and Suffering to Use It and Be Cured.

The greatest living divine, Rev. T. De Witt Talmage, recommends the people to use the wonderful remedy by which he found help. Dr. Greene's Nervura blood restorer, undoubtedly the greatest health restorer and strength giver the world has ever known.

No other preacher is so widely known, no other clergyman is so distinguished throughout the world. When such a man, a recognized leader and teacher of the people, testifies by his written testimonial that Dr. Greene's Nervura blood and nerve remedy has helped him and that he recommends its use for invigoration after overwork, to restore the strength, energy, nerve force and vitality of the system, when for any reason they are lost, weakened or impaired, those who are sick and suffering, who are weary and without strength, energy and ambition, who are discouraged and disheartened by repeated failures to be cured, in fact, who have need of a strengthening and health restoring medicine, can take renewed hope from the words of this great preacher, that Dr. Greene's Nervura is the one remedy among all others to give them back the health and strength they have lost.

Rev. Dr. Talmage says: "I commend Dr. Greene's Nervura blood and nerve remedy for invigoration after overwork. I have used the Nervura for that purpose. Dr. Greene's Nervura blood and nerve remedy is a physician's prescription, the remedy of physicians for the cure of the people. Use it if you have need of a health and strength-giving medicine, and consult Dr. Greene, if you desire, which you can do without charge, either personally at his office, 35 West 14th St., New York City, or by writing him in regard to your case."

Malletoa Tannu, legitimate successor of Malletoa Laupepa, Chief Justice Chambers decided in favor of the claims of the latter, that should have settled it, and no further trouble would have ensued had not the Germans given aid, comfort and encouragement to Mataafa. The recent history of affairs in the islands is fresh in the public mind; the culmination is seen in the bombardment of Apia. With Great Britain and the United States standing shoulder to shoulder in the affair, there is no danger of war; but this latest development should be made the occasion for having a final and definite understanding as to the future of the group.

THE BOARD OF HEALTH.

Proceedings at a Session Held Yesterday Afternoon. The Board of Health held its regular monthly session yesterday afternoon, instead of in the evening, on account of other engagements of members of the Board, and the meeting was attended by Messrs. Spalding, Morrison, Holman and Malone, as well by Secretary Curtis and Health Officer Conry.

The atmosphere of the Council chamber when the Board entered was anything but pleasant, and the Board took occasion, during its proceedings, to refer to the matter with unmistakable firmness. Upon the call for reports the committee on necessary reports as follows: There were 38 deaths during the month. There were 38 burials permitted during the month, of which 31 were local and 7 non-residents. Of these 37 interments were made in the borough and one outside.

The Epidemic Committee reported that during the month there were reported two cases of typhoid fever and two cases of scarlet fever. There were no fatalities. Health Officer Conry reported that he attended to and abated nine cases of nuisances. When reports from the Nuisance committee were called for there was no report, but President Spalding called attention to the closet connected with the Council chamber, and the result was that Health Officer Conry stated that he would notify the chairman of the committee of Council to have the matter abated. The Board was inclined to lecture the Borough Council in this connection.

A letter from the secretary of Council, enclosing the bill for payment on account of Mr. J. J. Bradigan, was read. The letter stated that payment could not be made because the work under the contract had not been completed. This was conceded by members of the Board and no action was taken. It was stated that the contractor was too great to allow the food to proceed, but when the proper season sets in he will push the work according to contract. It was also stated that the people making the complaint which led to the undertaking were silent, because sufficient had been done to convince them that when the proper season arrives the result aimed at will be achieved.

In a verbal statement to the Board, Health Officer Conry said that, for this season of the year, the streets of Shenandoah had never been in better condition than they are at present, and that as to the general health of the borough, he could only say there was not an existing contagious disease in the town.

Secretary Curtis read a communication from Benjamin A. Lee, secretary of the State Board of Health, requesting the Board to urge the Representatives and Senators of the district to favor legislation for appropriation to Boards of Health, to establish county and township health officers, to prevent the pollution of water supplies, and to oppose the repeal of the Act requiring the vaccination of school children.

In this connection President Spalding said that he was satisfied that the vaccination of school children had placed the borough in such a position that the introduction of small pox into the borough could not result in any bad way for the district.

Upon motion of Mr. Malone, Secretary Curtis was instructed to express the sentiments of the Board to the Representatives and Senators as embodied in the request of the State Secretary.

After the payment of bills the Board adjourned.

PITHY POINTS.

Appointments Throughout the County. Christened for Batty Pecos. A Fool's Day. Easter cards are on deck. Pay-day at the colleges. Go to church to-morrow. Several houses in Ashland are considerably damaged by the mine workings near that town.

Twenty-one persons were confirmed in the Trinity Reformed church at Pottsville last evening. The company started at Yorktown was rebled. Senator Quay's trial comes up Monday a week. The mine workers at Shepton are being organized. Over 200 men have been enlisted in the regular army at Pottsville last evening.

The roads in West Mahanoy township are in a wretched state, and need attention. The Lehigh Valley manager crew, Conductor Hendricks and Engineer Price, must move to Ashland. Lowrey and Jenks, premier comedians, will be a feature at the Schoppe minstrel next Tuesday evening.

James McElhenny, of Mahanoy City, is said to be a candidate for the Republican nomination for Prothonotary. How much oleomargarine is sold in Shenandoah for butter? Its risky business if the law finds the dealer out. Oleo is only worth half the price of butter. Ellis Jordan, who about a year ago left this section for Denver, Col., returned East and arrived at Lost Creek, his former home, on Wednesday afternoon.

Farms are cheap in the valley from Schuylkill Haven to Pinegrove. A good 100-acre farm, with excellent buildings, and under a high state of cultivation can be purchased for \$4,000. Some newspapers are not even read—it requires a blue pencil to attract attention from their contemporaries. Several of the exchanges were misled by the published report of another caravan at Mahanoy Plane.

Four cents below the basis is an increase in wages over the last rates. If the working days will increase likewise the anthracite wage earners will not complain. The Citizens Fire Company, of Mahanoy City, will hold their annual ball Monday evening. Jacob, a son of David Richards, of Port Carbon, was committed to prison, charged with being incorrigible.

The Lehigh Valley is stone-balling its tracks between Allentown and Mauch Chunk. From the drug store of Charles R. Shoemaker, at Allentown, burglars carried off \$800 worth of goods. In anticipation of the bill giving Blair county an additional Judge becoming a law, J. Leisinger is being urged for appointment.

Ground for a new dormitory at Bucknell University, Lewisburg, will be broken Monday afternoon. The building will accommodate 100 students. The Park Hotel, at Pottsville, which but recently was enlarged by the erection of a large addition, will be further extended. Mayor-elect James L. Schadt and wife, of Allentown, will furnish a ward in the new hospital to be opened in that city on May 1. Disappointed in love, Miss Grace Roselle committed suicide at Gwynn, Luzerne county, by swallowing Paris green and oil of hemlock.

The child of Mrs. Kate Grundy, a woman in destitute circumstances, died from exposure in a barn, where they slept, a few miles outside of Reading. Primitive Methodist church, James Moore, pastor. Coming Events. April 4.—Schoppe Bros. Minstrel at Pottsville. April 5.—Grand concert in the P. M. church, corner Jardin and Oak streets, under auspices of the church choir. April 1 and 2.—Violet Tea, under auspices of Calvary Baptist church. Grain-O Brings Relief to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, rains the digestion, effects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but enrichment in Grain-O. It can't be otherwise. 15 and 25c per package. Ask your grocer for the "Royal Patent" four, and take no other brand. It is the best sour made.

Rheumatism Cured in 2 Days. "Mystic Cure" for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits, 75 cents. Sold by Shenandoah drug store, Shenandoah.

SAVED BY A POSTAL CARD.

Thousands who have written for one of the free trial bottles of Dr. David Kennedy's Favorite Remedy have literally had their lives saved by a postal card. They got the trial bottle, and it proved to them that Dr. David Kennedy's Favorite Remedy was the only secure cure for diseases of the Kidneys, Liver, Bladder and Blood, Rheumatism, Dyspepsia and Chronic Constipation. They bought a large sized bottle of their druggist and it benefited or cured them (the above is not an idle statement, but the result of careful investigation). You can do the same thing. If you are in doubt as to whether you have trouble with your Kidneys or Bladder, put some of your urine in a glass tumbler and let it stand 24 hours; if it has a sediment, or a milky cloudy appearance, if it isropy or stringy, pale or discolored, you should lose no time in taking Dr. David Kennedy's Favorite Remedy; it can be had of all druggists at \$1.00 a large bottle, or six bottles for \$5.00. It is without question the surest medicine of the age to put a stop to such dangerous symptoms as pain in the back, a frequent desire to urinate especially at night, scalding burning pain in passing water, inability to hold urine at all, the unpleasant and dangerous effects produced on the system by the use of whiskey and beer.

Send your full name and address to the DR. DAVID KENNEDY CORPORATION, Rondout, N. Y., and be sure to mention this paper when a trial bottle is sent. THE BEEF INVESTIGATION. Secretary Alger Advised Eagan to Try the Refrigerated Beef. Washington, April 1.—All but two of the witnesses before the army beef inquiry court yesterday were members of the medical staff of the army who were on service in the United States during the Spanish war. The other two witnesses were Mr. George H. Giddings and General J. Hale Sypher, who had been interested in securing contracts for supplying beef on the hoof and on the block for the army in Cuba. They testified that General Eagan had told them that the secretary of war had asked him to give the refrigerator beef a trial, while Mr. Sypher said that General Eagan had created the impression upon him that he preferred beef on the block to refrigerator beef. Their testimony throughout was contradictory to General Eagan's testimony, and Mr. Giddings said that Congressman Hawley was present at several of his conferences with General Eagan.

A JOINT COMMISSION.

Will Settle the Controversy Over the Samoan Affair.

PROPOSAL CAME FROM GERMANY.

And the United States and Great Britain Will Promptly Agree—King Oscar to Act as Arbitrator in Case of Failure to Agree.

Washington, April 1.—A joint high commission to settle the entire Samoan trouble has been practically agreed upon by the United States, Great Britain and Germany. Lord Salisbury's absence from London prevented his formal acceptance by Great Britain, though in his absence Sir Thomas Sanderson and Mr. Villiers, who are understood to be specially familiar with the Samoan question, have approved the plan for a commission. The United States has formally expressed its approval of the formal acceptance, it is learned from the highest quarter, will follow speedily. As the proposition emanates with Germany, her approval of course is assured. This high joint commission, it is felt, affords a pacific solution to the whole trouble at the moment when Samoan affairs began to look the most threatening.

The new plan has been fully gone over by Secretary Hay and the British and German ambassadors here, and its essential details worked out. Each nation is to be represented by an ambassador on the commission. It is to have practically unlimited authority, without the necessity of referring its decisions back to the several governments for approval. It is felt that by conferring such complete and final authority on the high commission the danger will be obviated of any further deadlocks and delays.

Still another important provision under consideration is that King Oscar of Norway and Sweden shall be the umpire in case the three high commissioners should fail to reach a determination. The plan of inviting King Oscar to referee a disagreement meets the approval of the British and German authorities and doubtless will be approved also by the United States as a means of ensuring finality of decision, though it is not known just how far this has been considered by the Washington authorities. King Oscar was agreed upon between the United States and Great Britain as a final arbitrator in connection with the proposed Anglo-American arbitration treaty, as well as in the Venezuela matter. He is also mentioned in the treaty of Berlin as the one to name a chief justice of Samoa in case the three signatory powers fail to agree upon a chief justice. It was this that led to the suggestion of his name at the present time to act as final arbitrator.

The expectation is that the sittings of the commission will be in Samoa, where for the time being they will have complete authority over the entire range of Samoan affairs so far as the high commission may think fit to act in order to fully restore order and establish affairs on a stable basis. It will require no treaty to bring the commission into existence, having been authorized by the United States and Great Britain will complete the agreement.

It is understood that the men selected for the mission will be of high standing, so as to give added weight and dignity to their findings, such, for instance, as the consul general of Germany, whose jurisdiction covers the whole range of Pacific affairs. He is a man of complete information on Samoan and other Pacific Island subjects, as well as a man of high political influence. The United States and British commissioners, it is understood, will be drawn from the same high rank, with a view, however, to their information on international matters of this character rather than their political standing.

As showing that the entire phase of the Samoan question is past Baron Speck Von Sternberg, first secretary of Germany, left here last night for London and Berlin. He has been a most active factor throughout the Samoan controversy, having made that question a political study, and thus being able to render the ambassador material assistance. His influence at all times has been toward maintaining the friendly relations between the two countries, and overcoming the causes of irritation. His trip to London and Berlin has no significance whatever in connection with Samoan affairs, but is entirely personal, after the gravity of the affair had passed.

Triple Execution in Alabama. Troy, Ala., April 1.—Thomas Johnston and Richard Hale, white men, and Sam Rivers, colored, were hanged here yesterday for the murder of Mrs. Ida Myers and her daughter-in-law, Mrs. Myers. Rivers was hanged first. He had been the witness, and told the same tale as at the trial last month—that he was made to take part in the murder by the white men. The white men were then hung. They denied their guilt to the last. Early in December last Mrs. Ida Myers, a widow, and her daughter-in-law, Mrs. E. Myers, were murdered, their home set on fire and r. bbed of nearly \$3,000.
