Put Your Finger on Your Pulse

You feel the blood rushing along. But what kind of blood? That is the question. Is it pure blood or impure blood? If the blood is impure then you are weak and languid; your appetite is poor and your digestion is weak. You cannot sleep well and the morning finds you unprepared for the work of the day. Your cheeks are pale and your complexion is sallow. You are troubled with pimples, boils, or some eruption of the skin. Why not purify your blood?

will do it. Take it a few days and then put your finger on your pulse again. You can feel the difference. It is stronger and your circulation better. Send for our book on Impure Blood. If you are bilious, take Ayer's Pills. They greatly aid the Sarsaparilla. They cure constipation also.

Write to our Doctors.
Write them freely all the particulars in your case. You will receive a receipt, ready without cost.

Pennsylvania's Poverty.
Harrisburg, April 1.—The March statement of State Treasurer Beacom shows a balance in the general fund of \$512,352.43, the smallest balance in the state treasury since the close of the civil war. Mr. Beacom says the claims now due and payable aggregate at least four times this amount, and that it will be impossible to accumulate enough money by June 5, when the school appropriation of \$5,500,000 for the fiscal year becomes due, to pay any part of the appropriation during that month. He also says it will be fortunate if the receipts are sufficient to pay the expenses of the legislature, make the quarterly payments to the charitable institutions and return the personal property tax yet due to Philadelphia and Allegheny counties.

The staging will be on an elaborate scale, augmented by electrical effects. Advertising "dyes" were distributed last evening and to-day, and the program includes the best of local talent. The sale of seats is now at Kirkin's drug store, and the advance demand indicates a large audience. You will miss a treat if you fail to see the minstrels, so secure your seats at once.

Removed to Lost Creek.
Messrs. G. H. Drew and Victor Robbins to-day changed their place of residence to Lost Creek. The change is brought about by a new order issued by the Lehigh Valley Coal Company, which compels the young men to engage board at the company's boarding house at Lost Creek.

Leaves for Scranton.
P. H. Coory severed his connection at the head of the bottling department at the Columbia brewery yesterday. He has been in the employ of the company for a period of four years and has always proven himself a competent employee. Mr. Coory will leave for Scranton next Tuesday, and expects to locate permanently in the Electric city.

Colliery Accidents.
John Maluhaki, a Lithuanian, employed at Tunnel Ridge colliery, had his right foot painfully injured.
John Llewellyn, aged 29 years, son of Inside Foreman Llewellyn, was painfully and perhaps fatally burned at Mores colliery, by an explosion of gas. His laborer, a Hungarian, fired the gas, but escaped injury.

The Home of the Trusts.
Trenton, April 1.—Papers were filed with the secretary of state yesterday increasing the capital stock of the American Tobacco company from \$35,000,000 to \$70,000,000. During the month of March the number of companies incorporated was 250, on which there was paid filing fees of \$126,000. There were 35 companies whose authorized capital exceeded \$1,000,000 each, and the aggregate authorized capital of these 35 companies was \$1,111,750,000.

Monett's Anti-Trust Fight.
Columbus, O., April 1.—Attorney General Monnett yesterday filed a suit in the circuit court to oust the Cleveland Brewing company from its corporate rights on the grounds that it is in violation of the anti-trust law. It is alleged that not only does the company attempt to control the brewing business by unlawful action in fixing prices, but that it has also bought large numbers of saloons and bound the tenants to use the trust beer exclusively.

Sailors' Fighting Proved Fatal.
Washington, April 1.—Rear Admiral Sampson has informed the department that J. C. Darvey, an officer aboard the Detroit, died Thursday from the effects of wounds received in a fight ashore. No further details are given, but this doubtless referred to the fighting which occurred during the several days between the jacks of the various ships while on shore leave in Kingston.

Another Big Steel Combine.
Jersey City, April 1.—Articles of incorporation were filed in Trenton and Jersey City today, under the New Jersey laws, for a new company, to be called the Republic Steel and Iron company of New York city, with a capital of \$55,000,000, which may possibly be increased to \$100,000,000, divided into common and preferred stock. This company will combine several iron interests and be a connecting link between the Federal Steel company and the triple iron interests, with the former predominating. It is said that there will be 22 concerns in Pennsylvania, Ohio and West Virginia in the combination.

POTTSVILLE NEWS.

Happenings in Court and Elsewhere at the County Seat.
Pottsville, April 1.—The wheel of fortune took a turn at the almshouse today and about thirty-five positions changed holders. Four years ago somewhat similar exodus took place, but that time it was the Democrats who emigrated. Three new names were added to the list of employees since the last emigration, viz: Urice Walborn, of Pinedale, gatekeeper; Calvin Stein, of West Brunswick, dairyman, and John Kellacher, of Tremont, night keeper of the Stone House. The last is a new position. The twenty or more out-door physicians in the county were also changed to-day.
Council looked at that lump on Centre street last evening and Surveyor Pugh told them it would cost \$3,500 to cut it down. The street committee will wrestle with estimates and plans and will report at the second stated meeting hence.

The funeral of Dr. Bland and that of Mrs. Palmer were largely attended.
Marriage licenses were granted to H. F. Drumheller, of Landisville, and Herriette Diefenderfer, of Auburn; Franklin E. Swink and Menerva Lindemann, both of Union township; Joseph W. Thompson and Lucy E. Gamber, both of Sheridan; Rev. G. W. Imboden, of Conowing, Pa., and Phoebe E. Seltzer, of McKeanburg; Joseph E. Starr and Annie Dabert, both of Llewellyn; Archie D. Wetliner and Minnie C. Mumme, both of Zion's Grove.

Naturalization court was held to-day and papers were granted to Ellis Duell and Michael Prensica, of Shenandoah, Pa., and Lieut. John J. Duffy assumed his old position as First Deputy Clerk of the courts today after eleven months absence in the war with Co. K, 8th Regt.

It was pay day at court house hill to-day. The new prison appointee, Charles D. Arter as clerk, and Dr. Gillis as physician, took their births to-day.

It is now Postmaster G. C. Schrick, and he will wear that title for four years at a nice annual salary. The affairs of the office were wound up by Postmaster Stoffgen last evening, and Mr. Schrick assumed charge this morning. The latter received the congratulations of his many friends who called to pay their respects. The new government building will not be completed until the 15th inst, when the new postmaster will move the office to that building from its present dingy quarters.

The County Commissioners are being congratulated on all sides for the able and economical manner in which they are conducting the business of the county. Last year they reduced the expenses \$50,000, and now the two bond deals will result in another big saving to the county. This is certainly in the line of economy, and there can be little cause for complaint. The question of the bond issue by the Commissioners was submitted to the bank officials of Pottsville, all of whom regard it as a wise course, and the transaction was also approved by the Controller and his solicitor. The only objection raised to the transaction is a representative of a Philadelphia house, who failed to secure the new bond issue.

For Spring Sickness.

Why Supt. Doherty Recommends Paine's Celery Compound.

What Col. Waring did for the streets of New York, Supt. Doherty has done for Chicago.

As Superintendent of the recently consolidated department of Streets and Street Cleaning, Mr. Doherty has made many reforms in the construction and repair of Chicago streets and in solving the difficult problem of cleaning the highways of the second largest city in the country.

Mr. Doherty is an authority on city sanitation, the collection and removal of garbage, and on all matters pertaining to the public health. His carefully considered selection of Paine's celery compound as the best possible Spring remedy he could take and carry home to his family, is the recommendation of as competent a person in such matters as can be found outside the medical profession.

It is a conspicuous fact, and one that should be borne in mind by persons suffering from the effects of impure blood or a weakened nervous system, that Paine's celery compound, the discovery of Prof. Edward E. Phelps, M. D., LL. D., of the Dartmouth Medical School, is the one remedy for regulating the nerves, and purifying the blood, that is used by physicians in their own families and ordered to their patients.
