IS THIS YOUR STORY?

"Every morning I have a bad taste in my mouth; my tongue is coated; my head aches and I often feel dizzy. I have no appetite for breakfast and what food I eat distresses me. I have a heavy feeling in my stomach. I am getting so weak that sometimes I tremble and my nerves are all unstrung. I am getting pale and thin. I am as tired in the morning as at night."
"What does your doctor say?"
"You are suffering from impure blood."
"What is his remedy?"

POTTSVILLE NEWS.

Happenings in Court and Elsewhere at the County Seat.

Pottsville, April 3.—Ex-Judge Ryan, addressing the court this morning in the matter of the appeal of the Taxpayers' Association from Controller Severn's report of 1907, involving an effort to surcharge certain county officials with about \$10,000, said he represented Prothonotary Deegan and desired to have the matter laid over at least a week, after some further discussion. Mr. Schalk objected strenuously to any delay. John W. Ryan took the floor and asserted vehemently that, as far as the ex-County Commissioners were concerned, the case was settled; that ten days notice of the hearing had not been given; and that Judge Ryan knew, personally, that the case was settled. W. J. Whitehouse declared that the settlement was the only reason for the resignation of Controller Severn, and Mr. Ulrich said it could be proved that the Commissioners resigned on the ground of settlement of all cases, criminal and civil, against them. After some further discussion Monday, April 17th, was fixed for a hearing.

A divorce was granted to Emma against J. H. Maberry.

Patrick Ryan vs. Borough of Gilberton. Motion for new trial overruled. Ryan got a verdict for \$1,000 for damages sustained on a defective highway.

In the case of the Commonwealth vs. Patrick Keena, a rule to set aside the verdict putting the costs upon the prosecutor, Constable Brennan, was discharged, and the latter must pay the costs.

William J. Connelly was appointed Supervisor of Reilly township and his bond was approved.

A rule for possession under the Wright Act in the case of Deiter vs. Daniels was made absolute.

Next Monday was set for fixing the bail in the case of D. M. Graham vs. Annie Harritt, a non-resident.

The proofs and papers in the matter of the rule to strike of the judgment in the case of Sauch vs. O'Hare were handed to the court. Sheriff Toole acknowledged in open court a deed to Nicholas Hebllich for property sold as that of the Palace Theatre Company, of Girardville, for \$9,000.

A motion for a new trial in the case of John Wilkes vs. Annie McEntee will be argued on April 17th.

The bail of Joseph Hummel, who was brought into court on a capias on a charge preferred by Katie Reed, was fixed at \$500, and Hummel was ordered to pay the costs of the capias.

In the case of Kaiser vs. Neal April 17th was fixed for argument.

Judgment was asked for in the case of the Laurelton Lumber Company vs. William L. Torbert.

A rule for possession was granted, returnable April 17th, in the case of Jacob Maata, administrator, vs. the county.

A divorce was granted to Bessie from Francis Hummel.

In the case of W. W. Carpenter, convicted of a statutory offense, a motion in arrest of judgment was overruled.

Judgment in default of appearance was allowed in the case of Philip Binding and Loan Association of Mahanoy City vs. Ward.

Clerk of the Courts Schoener was at his office to-day for the first time after his long illness.

THE BOND ISSUE.
What a county this is for squabbling! It is now announced that the firm of Sallor & Stevenson, of Philadelphia, will question in court the right of the County Commissioners to award the bond contract to H. H. Pierson, Jr., of Philadelphia. Mr. Henderson, the representative of the first named firm, claiming that the county will lose \$700 on the bid by which his firm was awarded the contract for the issue of bonds objected to by the Controller and Tax Payers Association, who he hints would result from awarding the contract after advertising for bids, owing to the different conditions of the money market.

However, the Commissioners do not seem to care a fig for Mr. Henderson or his objections. He appeared before them the other day and urged that the bonds should be awarded to his firm at the old figure, and did not seem anxious to have bids advertised for at that time. The arrangement with Pierson is that he shall pay the county \$1.01 for each dollar's worth of bonds, or \$100,000 for bonds, the face value of which is \$125,000. Mr. Pierson paying the \$7,000 to the county in cash for the privilege of buying the bonds. The rate of interest in the new issue is 3 1/2 per cent, that of the old bid 4 per cent.

The Commissioners argue that the new issue will save interest on the \$7,000 at 3 1/2 per cent, amounting in twenty years, the life time of the bonds to \$4,900.

Mr. Pierson also agreed to refund the 4 per cent. bond of 1885 and 1894 to the amount of \$200,000 at 3 1/2 per cent. rate, redeemable in \$25,000 lots at 5, 10, 15 and 20 years respectively. For the handling of the bonds he will pay the county a 1/2 per cent. premium, or bonus amount to \$1,500.

The refunding of these bonds was done according to an act passed at this session of the Legislature. Mr. Pierson must arrange the recall of the old bonds with the holders because the legal thirty day notice was given. The cost of printing the bonds will be paid by Mr. Pierson.

The Commissioners deny that there was any star chamber proceedings in the matter, the transaction being approved by the Controller and his solicitor. They feel perfectly satisfied with actions, in view of the fact that it will result in a big saving to the taxpayers.

be equal to the aggregate of the net fees of his office for the month. It had been customary to allow credit from past months' earnings, but this the Association objects to.

WHAT DOES THIS MEAN?

Startling Revolution in Medicine and the Treatment of the Sick.

Everybody has heard of the famous physician, Dr. Greene, of 27 West 11th Street, New York City; all the world knows and uses his wonderful medical discovery, Dr. Greene's Nervura, undoubtedly the most marvelous blood purifier and nerve strengthener the world has ever known; but what the people possibly do not know and understand is the astonishingly successful treatment for diseases by means of the most remarkable system of Harmless Vegetable Remedies, which the great specialist, by years of investigation and research, has brought to the highest state of perfection—so perfect, indeed, that assurance can now be given to all that the cure is absolutely sure, restoring to health positively certain, by the use of the harmless, yet remarkably potent and truly wonderful health-producing vegetable remedies.

People have become utterly tired and disgusted with poisonous drugs. Sufferers from such ailments and distressing complaints know by bitter experience that poisonous drugs do not cure. They have taken such drug treatment from doctor after doctor, and have not been cured, indeed, many cases are made worse by these poisonous drugs and minerals.

Dr. Greene is the only regular physician in this country who uses this system of treatment by Harmless Vegetable Remedies, and by his wonderful treatment he at once does away with all danger and uncertainty of results. These medicines offer the sick and suffering an absolute assurance of cure, a cure in the shortest possible time. They restore to health in the shortest possible time. They cleanse, purify, strengthen, vitalize and invigorate the system, fresh from the woods and fields, in which laboratory of Nature Dr. Greene has discovered remedies for each and every phase of disease, are mild, yet efficacious; they are harmless but sure; they can be taken by the weakest child or invalid with positive assurance of cure, they invariably and always make the sick well.

Why not consult Dr. Greene about your case? If you cannot call at his office, your case and write him a description of your case and he will send you a copy of his book, "Nothing for Dr. Greene in all cases gives satisfaction and advice absolutely free to all who are out of health whether you call or write. His vast experience in treating and curing thousands of cases, many doubtless just like yours, will enable him to give you a perfect and successful cure of your disease, and information and advice which will lead to your immediate cure. By far the greater number of wonderful cures which Dr. Greene has performed by his marvelous medicines have been effected through letter correspondence and treatment. This shows the remarkable and success of his system of treatment through letter correspondence, which he has developed and perfected and demonstrates beyond all doubt that his Harmless Vegetable Remedies always cure.

Remember that consultation, examination and advice, in any and all cases of disease, is entirely free of charge, whether you call at Dr. Greene's office, 27 West 11th St., New York City, or write about your case. Do not hesitate to take advantage of this sure means of restoring your health but write at once about your case.

Mammoth Clothing House,
9 and 11 South Main Street. L. Goldin, Proprietor.

The Cars Were Stopped.
Queer complications have arisen at Mahanoy Plane because of the caveat. The hole has been filled up and the Traction Company ran its cars over the hole on Friday but were notified by the owners of the Lawrence colliery to suspend running their cars over the dangerous place in the future. The electric railway company claims the right to run their cars by the franchise granted them by the borough, but the colliery officials, who would be liable in case of accident, say they have the right to protect themselves. The cars have ceased running at that point.

Another Telephone Company.
Independent telephone companies, so far as applications for charters are concerned, are springing up in every direction. Following the one recently organized here, Pottsville now comes forward with what will be known as the Anthracite Telephone Company. The incorporators are George J. Wadlinger, A. Price, Joseph Wadlinger, Thomas L. Stephens and J. W. Sallada. Application for a charter will be made to the Governor on Saturday, giving them the right to operate telephone and telegraph lines throughout this county.

Dropped Dead on the Street.
Henry Seitzinger, aged 55 years, dropped dead on the street at Pottsville Saturday evening, while he was on his way home. His death was due to a sudden heart attack. He was a veteran of the civil war. His wife died last week.

The Passing of March.
The month of March was a cold, wet, cloudy month. There were eighteen cloudy days, eight partly cloudy and only five clear days. More than half the days since January 1st have been cloudy, and less than one-third have been clear.

Finest of Spanish War Victims.
Wilkesbarre, Pa., April 3.—Two victims of the American-Spanish war were buried in Luzerne county yesterday. They were John McBride, of this city, and Julius B. Well, of Plymouth. The bodies were brought to this country from Cuba on the transport Crook, and arrived here early yesterday morning. McBride was the only Wilkesbarre man killed in the war. His remains were followed to the grave by the local G. A. R. post and several companies of the National Guard, also a number of civic societies. The people of Plymouth turned out in great numbers at Well's funeral. The Jewish ritual was observed at the grave.
