Once again the information is given, and in a semi-official way, that the President is about to take from the classified service a certain number of offices that were placed therein at the close of the Cleveland Administration. It has taken the President two years to make up his mind on the subject. In the meantime the Cleveland Democratic holders of the places that are involved have been enjoying the emoluments thereof, much to the chagrin of the numerous Republicans who have been left out in the cold.

President left on his recent trip others. Each bott South, he referred to the members of Sarsaparilla, his Cabinet the recommendations onehundred, they had made as to the exception an una from the classified list of the civil service. The matter was up for discussion at the Cabinet meeting held on the President's return, and it was found as was anticipated that the heads of departments had few changes to make in the recommendations heretofore made.

Some criticisms of the methods of administration by the civil service commission were indulged in by Cab- univer inet members. The President stated that he would be glad to have the reports sent back to him soon with whatever changes are recommended, as he desires to promulgate the order and get it off his list of unfinished business. The Cabinet members agreed to this, and it is understood that by the end of this week the President will have in his possession the final recommendations of heads of departments. Within a short time afterward he will revise the order he has had prepared for so long time. Dealers who try sign it and make it public.

It is said to be the intention of the President to exempt most of the government printing office employes from the operations of the civil service sooner or later, but it is not yet determined whether he will incorporate this exemption in the coming order. He may decide to do so, that he may entirely remove the subject from further consideration, If he

Excited Nerves

emment in the second

The ills peculiar to women act on the nerves like a firebrand.

Many women become nervous through menstrual suffering.

The advice and help of Mrs. Pinkham have

relieved the tension in countless households and great numbers of women owe their present health and comfort to her.

Firs. Emilie Schneider, 1244 Helen Ave., Detroit, Mich., writes:

"DEAR MRS. PINKHAM-I have been taking your Vegetable Compound, Blood Purifier and Liver Pills and feel wonderfully strengthened. Before using your remedies I was in a terrible state; felt like fainting

every little while. I thought I must surely die. But now, thanks to your remedies, those feelings are all gone."

Mrs. Anna E. Hall, of Hilldale, Conn., was all run down in health and had completely lost control of her nerves. She wrote to Mrs. Pinkham at Lynn, Mass., for advice. Now she writes:

"I wish to thank you for what your Vegetable Compound has done for me. It has helped me more than anything else. Before I wrote to you I suffered for a long time with nervousness, pains in back and limbs and falling of the womb; also had neuralgia in my head and could not sleep. I told my husband that something must be done,

for I was nearly frantic with pain. Having read of the wonderful cures Lydia E. Pinkham's Vegetable Compound had performed, I determined to try it. I have taken it and am happy to I say am cured. I recommended it to all my friends and never tire of telling the benefit I have derived from its use. I have you alone to thank for my

"It is with pleasure that I write and tell you what your medicine has done for me. I had been doctoring for two years and no medicine ever did me so much good as yours. I tried three doctors, and the last one said nothing but an operation would help me. My trouble was profuse flowing; sometimes I would think I would flow to death. I was so weak that the least work would tire me. Reading of so many being cured by your medicine, I made up my mind to write to you for advice, and I am so glad that I did. I took Lydia E. Pinkham's Vegetable Compound, and followed your directions, and am now well and strong. I shall recommend your medicine to all, for it saved my life."- fliss A. P., Box 21, Abbott, Iowa.

The invitation is open to-day as it has been for a quarter of a century, write to Mrs. Pinkham, at Lynn, Mass., and receive her counsel free.
