Mr. George Cox, corner of Junehury alley and Gilbert street, mink, says:—"I suffered from pain in my back and kidneys. The lameness across my loins and the sharp twinges over my hips caused me very acute distress, with the bladder difficulty gave me both embarrassment and pain. I had an aching in the upper part of my shoulders as well as in my back. I heard about Doan's Kidney Pills, procured a box at Kirilin's Pharmacy on South Main street and they removed the difficulty with the kidney secretions and the lameness in my back. I know of others who were cured by using Doan's Kidney Pills."

MILLIONS UNITED.

The Marriage of W. K. Vanderbilt, Jr., and Miss Virginia Fair.

WEDDED IN A FLORAL BOWER.

Both the Father and Mother of the Groom, the latter now the wife of O. H. P. Belmont, were present at the Ceremony.

New York, April 5.—Youth and beauty, with millions of money, were joined together in holy matrimony yesterday, when Virginia Fair became the bride of William K. Vanderbilt, Jr. About 150 guests were present at the ceremony, which took place in the Fifty-seventh street residence of Herman Oelrichs, whose wife is a sister of the bride. The house was surrounded by a curious and mixed crowd. Rev. Thomas F. Murphy, acting pastor of the Church of the Sacred Heart at Dobbs Ferry, performed the ceremony.

The conservatory and ballroom were transformed into the semblance of an old English garden. At the end of the conservatory a dias had been raised, the ceremony.

and over this was a canopy of laced and smilax, clinging vines and blossoming peach trees. Its luxuriant foliage shut out the daylight, but tiny incandescent lights strewn in the leaves gave soft and ample illumination.

Almost promptly at noon the single maid of honor, Miss Mary Baldwin Tolfe, entered the ballroom and under an aisle arched with roses walked towards the waiting bride. She preceded the bride, Miss Fair. Following her was her brother-in-law, Mr. Oelrichs. The organ, especially built for the purpose, pealed out. The groom was attended by J. P. Kellogg. In the gallery an orchestra of 50 pieces, under Emil Paur, played the nuptial music from Lohengrin. This ceremony itself was short, and immediately upon its conclusion, congratulations were showered upon Mr. and Mrs. Vanderbilt, Jr. There were

MRS. W. K. VANDERBILT, JR.

few relatives present. Of the Vanderbilts there were only to kiss the bride William K. Vanderbilt, Sr., and young Harold Vanderbilt, brother of the groom. Mrs. O. H. P. Belmont, mother of the groom, was also present. The rest of the family are in mourning or abroad, but though absent they were well represented in the list of presents.

When the wedding breakfast was over the bride changed into her traveling dress and the young Vanderbilts drove off in a brand new limousine in procession to the groom, to the river. They crossed to the Long Island railroad depot and there entered a special car, which bore them to Mr. Vanderbilt's country place, Idlehour, Oakdale, L. I. They will remain there two weeks, and then go to Newport, where they will occupy the Bellerive House. In the autumn they will go to Europe.

Miss Fair is said to be worth \$10,000,000 in her own right, with the prospect of an inheritance of almost as much more. Mr. Vanderbilt, according to rumor, will at once receive the like amount from his father. He will also inherit almost \$100,000,000 should his father die first.

"DIRT DEFIES THE KING." THEN SAPOLIO IS GREATER THAN ROYALTY ITSELF.

Miss Sadie Wertheim, age 14, of Toledo, O., was the winner of the first prize for execution on the violin at the Brussels Conservatory of music. German critics say she is a wonderful talent. It is the greatest distinction to be first in anything. For this in state music, literature, athletics, science and art, men and women put forth their greatest efforts. Washington was said to be "first in his countrymen." It is a great thing to be first. Nothing is more valuable to mankind and brings greater happiness than a good remedy. Many things will relieve but the one that will cure is best. Brazilian Balm is such a remedy. Tens of thousands have found that it is the only thing that would cure Catarrh and Asthma. For 15 yrs. it has never failed in a single case to cure Asthma and its record has been as wonderful in Catarrh. Cases that had, to all appearances, run into Consumption, or where the nostrils were entirely stopped up where the poisonous pus had eaten holes into the throat an inch deep, or where the stomach had become ulcerated and raw from swallowing the germ-laden matter, were all permanently cured. Such a remedy, unknown to any other remedy, justly entitles the Brazilian Balm to the first place in the regard of the American people. There are 30,000,000 Catarrh victims and countless Asthma sufferers in this country, all of whom can be cured with Brazilian Balm. A \$1.00 bottle of Brazilian Balm contains a month's treatment for catarrh or asthma, and for 6 months we will wrap with each \$1.00 bottle a month's treatment of Toxicola Tablets, free. Toxicola is the best tonic and nerve strength builder known to science. This is the greatest offer ever made. Ask your druggist and take no substitute. B. F. JACKSON & Co., Mfg. ALL RUN DOWN IN SPRING. A THOUSAND REBELS.

Preparing For a Defense at the River North of Malolos. THE WARNING PROCLAMATION.

Our Commissioners Assure the Filipinos of Kindly Treatment, and Declare That the Supremacy of the United States Must and Will Be Enforced.

Manila, April 5.—General MacArthur recommissioned in force yesterday, with the Montana regiment, the Fourth cavalry and two guns of the light artillery, as far as the river north of Malolos. The reconnaissance developed the fact that there are fully 1,000 rebels, armed with Mauser rifles, preparing for a defense. Shots were exchanged, and two of the Montana regiment were wounded, but there was no engagement. Later in the day General MacArthur moved northward, as the water supply of Malolos is inadequate.

The belief is spreading among the residents here that the effect of the capture of Malolos, followed by the proclamation of the United States Philippine commission, will be to convince the natives that Aguinaldo's bubble has burst.

Dr. Schurman, president of the commission, said: "The Filipinos have been asking unceasingly: 'What do you propose to do for us?' The proclamation answers the question, and it should satisfy them. I should like to see the members of the commission and former minister to China, remarked: "It is the most important proclamation since the declaration of independence. Spanish, Tagalog and English versions have been printed, and it is proposed to circulate them about Malolos and all the islands. They will be sent to the lake towns by gunboats."

The preamble of the proclamation recites the occasion by the peace treaty of the Philippine Islands to the United States, refers to the appointment of the commission and to the feeling of cordial goodwill and fraternal feeling of the president of the United States and the American people, and asserts the object which the United States government, apart from the fulfillment of the solemn obligations, has assumed towards the family of nations by the acceptance of the sovereignty over the islands in the well being, prosperity and happiness of the Philippine people and their elevation among the most civilized peoples of the world. The proclamation proceeds in substance as follows: "We, the United States, unfortunately these pure aims and purposes of the American government and people have been misinterpreted to some of the inhabitants of certain islands and as a consequence the friendly American forces have, without provocation or cause, been openly attacked. 'The supremacy of the United States must and will be enforced throughout every part of the archipelago, and those who resist it can accomplish no end other than their own ruin. To the Philippine people will be granted the most ample liberty and self government reconcilable with the maintenance of a wise, just, stable, effective and economical administration of public affairs and compatible with the sovereign and international rights and the obligations of the United States. "The civil rights of the Philippine people will be guaranteed and protected to the fullest extent, freedom will be assured, and all persons shall be equal and have equal standing in the eyes of the law. "Honor, justice and friendship forbid the use of the Philippine people or the islands they inhabit as an object or means of exploitation. The purpose of the American government is the welfare and the advancement of the Philippine people. "The insurgents are menacing strong forces north of Calumpit, about five and a half miles northwest of Malolos, and, according to the observations of the reconnoitering parties, they have fine entrenchments there. "It is expected that hard fighting will be necessary to dislodge them at that point and at San Fernando, where Aguinaldo is supposed to be. Large rivers strengthen both positions. "The Montana regiment had one man killed and three wounded yesterday. Twenty-five men were prostrated by the heat and brought to the hospital. "Two new big Krupp guns, one 8-inch and the other 8-inch, were found buried at Malolos, though secured late, will be mounted. The Americans have also found 27,000 silver dollars. "The committee of Spaniards, under the leadership of Don Antonio Finet, president of the Spanish club, has had little success with the expedition organized to deliver money and stores to the Spanish prisoners. The members of the expedition were obliged to give the goods to the Filipino officers at Batangas. "The boat in a letter from Aguinaldo, also directing the Filipino officials to aid the mission, but General Trías, commanding the Filipino forces in the southern provinces, and his subordinates declined to recognize Aguinaldo's authority. "The Spaniards refused to accept the invitations to land, having been warned that they would be held for ransom. "Major Rafael Morales, the former Spanish governor of the Island of Mindoro, was brought on board the ship for Malolos, and at Malolos he said: "I shall never see you again." "The Filipinos thought the Red Cross flag was the American battleflag. "A committee, whose members are of all the nationalities in Manila, headed by John McLeod, an Englishman, has been organized for the purpose of interviewing the Filipino leaders and petitioning for the release of the prisoners in the name of humanity. "Remarkable Rescue. Mrs. Michael Curtin, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking six bottles, found her own sound and well; now does her own housework, and is as well as the ever was.—Free trial bottles of this Great Discovery at A. Waseley Drug Store. Large bottles 50 cents and \$1.00.
