LYON-DUNN CONTEST.

The Opinion of the Judges is Now Long Overdue.

The opinion of the court in the Lyon-Dunn opinion contest has not yet been filed, and none of the counsel will venture an opinion as to when it will be filed. One of the counsel for the contestant, in conversation with a Chronicle representative, stated he was at a loss to understand the delay in the filing of an opinion, unless the court could not reconvene the law with the facts.

He stated that last November Judge Craig, Ehrgood and Herring held a conference when, after a thorough discussion of the case, it was agreed that Judge Craig, as the senior member of the court, should write the opinion, and also that the opinion should be filed in time for the contestant to file objections before Judge Herring retired from the bench, which was the first Monday of January last.

April has arrived, Judge Herring has retired from the bench, and still no opinion has yet been filed. The lawyer referred to said Judge Craig had written an opinion, but he was waiting until Judge Ehrgood's sight would permit him to read it and sign it, if he so pleased. Judge Herring, who followed Judge Herring on the bench, will also have a say in the opinion, and when the three will finally get together is a problem no mortal can solve.

The contestant feels confident the lower court is gone wrong, and that when it does file its opinion it will set Judge Dunn, a finding which the contestant's lawyers declare, the Supreme Court will speedily overturn.

This contention will be awaited with some interest, if it ever is reached.

POTTSVILLE NEWS.

Happenings in Court and Elsewhere at the County Seat.

Pottsville, April 8th.—The funeral of the late Henry Klare took place yesterday afternoon from his late home on Laurel street and was largely attended. Mr. Klare was a native of Hanover, Germany, and came to Pottsville in 1848, working at his trade of tailoring until recently. His wife died in 1880. The following children survive: George and William, Philadelphia; Catharine Miller, New Haven, Conn.; Christina, Mrs. Frederick Fort, Mrs. Frederick Eberle, Mrs. Mary Hildebrandt, Henry, Charles and George, of Pottsville. Deceased was held in the highest esteem by his fellow citizens and lived to the ripe old age of 89 years, his later years being smoothed all the more caring for by his children on account of the calling of his help-mate fourteen years before his death. He was 54, L. O. F., and Waltham Lodge No. 20, D. L. H. H. He was buried in the Trinity German Lutheran church by the pastor, Rev. J. H. Umbenben, the choir assisting. A grand band escorted the elk and a large number of Elks took part in the parade. Many colored ribbons decorated the antlers and Centre street was lined with immense crowds who craned their necks to get a view of the princely gift. The antlers measure 5 feet 7 inches from head to tip and their base was winged in Wyoming. At the rooms a social session was held, conducted by the band preceding the presentation by Judge E. B. Koch. He made a brilliant speech and was warmly applauded. James F. Carlin presided in the behalf of the lodge. WHY LOW VITALITY IS DANGEROUS. Low vitality, bad blood, and shattered nerves are the cause of a majority of diseases that afflict mankind. Nervous exhaustion in both men and women is the evil of the age, and the skill of the greatest medical specialists. Ordinary practitioners make no serious pretence to the successful treatment of such cases. Dr. Greene, the leading specialist in curing nervous and chronic diseases, invites free consultation in all cases of chronic and lingering complaints. Dr. Greene is especially desirous of being consulted in cases that others have failed to cure. His office is at 30 West 14th St., New York City, and he makes no charge for consultation and advice. If it is not convenient to call write Dr. Greene a letter describing your symptoms, and you will receive a prompt and satisfactory reply.

Shenandoah Will Participate. Misses Hess and Dunkel, who are conducting a class in physical culture at this place, will give a delightful and dramatic entertainment at Mahanoy City, on Tuesday and Wednesday evenings of next week. A mandolin club under the direction of Prof. Elmer Wilde will take part in the exercises.

Hospital Patients. Roger Dixon, of Leont Dale, who was injured internally while at work in the mines some time ago, and who has been under treatment at the Mines' hospital for some weeks, was taken home. It is very doubtful if he can recover.

Peter McFinnis, of Mt. Carmel, the youth who had his arm torn off at the shoulder by having it caught in the machinery at one of the breakers a week or so ago, is improving. The report that he was at the Mines' hospital is true. He is still in his home.

Hazleton's Silk Mill. Final arrangements were made at Hazleton yesterday between local capitalists and managers of the Dunlap Silk Company, of Lyons, France, for the erection of a silk mill at the former place, which will employ 1000 hands.

Pensions Granted. The following have been granted pensions: Isaac Herb, Sacramento, this county, \$6 per month, and Levi P. Miller, of Pottsville, \$6.

He Limped Home. Shortly after three o'clock this afternoon a motor was seen making his way painfully through the streets with the aid of a hazing. Upon inquiry he proved to be Mike Kalks, of West Juneybury alley. His left shoulder and foot were bruised by a falling piece of coal in the Knickerbocker colliery. He came to town on an electric car and trusted to the lagging to help him the rest of the way home. He was asked why he did not come home in an ambulance and replied, "O, I'm all right."

Returned From Soft Coal Region. "Bock" Mochamer, who was one of the few English speaking miners who last week left Hazleton for the soft coal region in the expectation that they were to receive good wages, has returned. He says that the work is not satisfactory, and that wages are below the scale.

Bine Snow Anniversary. From Hazleton Section. Forty years ago this month we had the bine snow. The snow was about six inches deep and the sun was so warm that people went wading through it carrying suitcases.

"Oleo" Dealers Arrested. Robert M. Simmons, of Phoenixville, pure food commissioner, visited Mahanoy City yesterday and discovered that oleomargarine was being sold by two local dealers named William Powell and John Hall. Both were arrested and put under \$300 bail, each, for trial at court.

Issued Bonds. The Shamokin School Board has issued bonds to the amount of \$48,000. They were purchased by Hayes & Co., of Philadelphia, at 34 per cent interest. The premium paid was \$1,704.

More So Than the Other. A few millionaires, after returning from a continental tour—on which he had long set his heart—was narrating one evening to a friend the doctor now he had visited "the majestic lake of Geneva and trodden the banks of blue Leman."

"Excuse me," interrupted the doctor. "Lake Geneva and Lake Leman are synonymous."

"That, my dear sir," replied the few millionaires. "I know very well. But are you aware that Lake Leman is the more synonymous of the two?"

They Needed Prayers. A member of parliament tells a good story of an out of the way country clergyman who did not keep up to date in what was going on in the world. One Sunday he asked his sexton, "Is the prayer for parliament to be used today? Is parliament still sitting?"

The sexton's reply came promptly, "Well, sir, I don't know, but anyhow, better pray for them, for they're a precious bad lot!"—London Standard.

PITHY POINTS.

Happenings Throughout the Country Chronicled for Hasty Perusal.

This is fine weather. Borough Council meets this evening. Pottsville's public barn will be finished this month. Tamaqua has 1287 pupils enrolled in the public schools. Aaron Beaman, formerly proprietor of the Kaler House, Mahanoy City, is negotiating for the lease of a large hotel at Atlantic City. John F. Reynolds, of Mahanoy Place, who has been seriously sick for the past month and who was thought to be on a fair road to recovery, took a change and his condition is now critical. The clothing of 17-year-old Eva Landwehr, of Lebanon, caught fire from contact with a stove, and she was terribly burned. Blah and West Penn. Twp., farmers are paying attention to planting trees along the highways with a view of getting a release of their taxes. The Tamaqua undertakers are to be held responsible by the Board of Health for public funerals, where the deceased has died from contagious disease. Ten more recruits have been received for the regular army at Pottsville.

The Pennsylvania Chamber of Managers' Association awarded a contract for the erection of a \$100,000 addition at Mount Airy. The first Tuesday in May the School Directors will meet in convention to elect a county superintendent. The various candidates are looking up their friends. Trying to board a freight train at Chambersburg, James Heberer, a Quincy blacksmith, was thrown under the wheels and cut in two. South Bethlehem Borough Council has awarded a five-year contract for street lighting to Hoffman & Lauer, at 244 cents per arc light per night. Frank Dreisher, of Allentown, who last September had both legs cut off by a train, has sued the Philadelphia & Reading Railway Company for \$10,000 damages. Edward R. Chambers, a Quay leader of Centre county, has been appointed attorney in the Auditor General's department. The place is worth about \$2,000 a year. Falling from a high porch at Bethlehem, Mrs. Francis Witzinger broke her back. On his way home, after calling on friends, Mark Burke, an aged resident of Hanover, York county, was stricken blind. Thieves carried off \$350 worth of goods from P. L. Dierler & Son's furnishing goods store, at Hamburg, Berks county. While superintending the sinking of a well on his property at East March, Chuck Adolph Diering was stricken with paralysis, fell into the hole and was killed. Charged with attempting to kill John Carver, of Myerstown, by shooting him in the head, while the two were driving together, Harry Beager was held under heavy bail.

Why We Are Right Handed. A professor who has made a study of children says he has discovered why the majority of people are right handed. Infants use both hands until they begin to speak. The motor speech function controls the right side of the body, and the first right handed motions are expressive motions, tending to help out speech. As speech grows, so does right handedness.

The Place He Sought. "Here's an item to the effect that the only thing a man can do in New York without money is to run into debt." "Great mackerel! If a fellow can do that, I'm going to New York. They must be easier there than they are in Chicago."—Chicago Post.
