OUR COUNTRY: First, Last and Forever.

GENERAL MILES' plan to capture the Philippines with 6,000 soldiers was not as good as Merritt's with 30,000, in view of subsequent events in those islands.

ADMIRAL DREWY, in terms that would do credit to an old diplomat, declines to be made a catpaw of by the Democracy. He is a Republican, and says so.

BEFORE starting a new daily newspaper in Pottsville, the projectors should ask permission to inspect the books of some sheets that are compelled to resort to blackguardism to make their papers sell.

WHILE two sets of Democratic leaders are quarreling over the details of \$10 and \$1 banquets for a few, the Republican party goes straight ahead with the work of spreading a better dinner table than was ever known in history for the whole 75,000,000 of the nation's population. It is doing this by multiplying industries and avenues of employment, increasing wages, piloting the way to larger exchanges of American manufactures for foreign products, which make the table as well as the home attractive.

SOME curious statistics can be gleaned from the recently issued Army Register for 1889, and not the least interesting is the relative number of the several names appearing on the Register. Of course the Smith family, as usual, furnish the most heroes, no fewer than 41, the Williams' following with 22, and Davis with 19. There are 17 Millers, 16 Browns, 15 Taylors, 15 Johnsons, 14 Clarks, 13 Andersons, 11 Parkers, 11 Wilsons and 10 each of the Halls, Robinsons, Hamiltons, Woods, Scotts, Wheelers and Martins, followed by Jones, Jackson, Lewis, Adams, Bell and Green with 9 each.

GEN. WILLIAM LEDLOW, former chief of the Water Bureau of Philadelphia, and now Military Governor of Havana, expresses his ideas of the water situation in Philadelphia, as follows: "So far as I understand the status of the water question in Philadelphia, the immediate and urgent need is to stop the waste of water. The city is pumping three times as much water as it is using; in other words, for every gallon pumped and usefully employed there are two gallons pumped and run off into the sewers without having performed any useful function. With the waste out off the pumps can easily furnish the remainder, and the water will be partially clarified in the reservoirs."

The Governor is Wrong.

Governor Rollins, of New Hampshire, takes a surprisingly pessimistic stand in a proclamation just issued to the people of his state, when he notes as a marked feature of the times the decline of the Christian religion, particularly in rural communities. It had been believed that the tendency was just the other way. Certainly the church has never seemed to be more active or more in touch with the general affairs of the world than at the present time. With the various Christian leagues, the Christian Endeavor Societies, the Young Men's and Young Women's Christian Associations, the Salvation Army and the American Volunteers, not to mention the many other religious and semi-religious organizations working earnestly in the cause of religion and humanity, there seemed to be good reason for believing that Christianity was not retrograding, nor even standing still, but going steadily forward. Only by the results which these workers achieve can we judge of the situation, and the perceptible changes for the better which are being made daily in the condition of the poor certainly do not argue in favor of Governor Rollins' proposition. Our churches are not decreasing in number, nor are their congregations dwindling. Among the masses there is no lack of evidence that the utmost reverence is still paid to the Creator, and in every walk of life the spirit of confidence in and dependence upon the Supreme Being is still a dominant trait of the American people. Why there should be a decline of Christianity in the rural communities, where there is less temptation than in the large cities, and where the incentive for an upright Christian life is always strongest, it is impossible to conceive. Governor Rollins will find it difficult to convince the people that the alarming conditions which he refers to really exist.

PEACE TREATY RATIFIED.

The United States and Spain Exchange Copies of the Document. Washington, April 11.—The final ceremony in the re-establishment of peaceful relations between the United States and Spain took place at the White House at 2 o'clock this afternoon, when the president and Ambassador Cambon, the latter acting for Spain, exchanged ratifications of the treaty of peace. The Spanish copy of the treaty, signed by the queen regent and Premier Silveira, is handsomely engraved in parchment, in old English script, with wide double columns, one in Spanish and the other in English. It binding is of red morocco, heavily embossed in gold, which gives the effect of the yellow and red colors of Spain.

The United States copy of the peace treaty is a model of simplicity and neatness. The text is reproduced in parallel columns, the left in English and the right in Spanish, surrounded with a narrow border of the national colors. The document is enclosed in a cover of dark blue morocco, with the great seal of the United States upon the face, and a decorative design in gilt. The Spanish copy of the treaty was handed to President McKinley, to become the permanent property of the United States and preserved in the state department along with other treaties. At the same time the president handed to Ambassador Cambon, for Spain, the American copy of the treaty, which will become the property of Spain.

Death of Noted Hymn Writer. Chester, Pa., April 11.—Professor John R. Sweney, the music composer, died at his home in this city yesterday aged 62 years. Professor Sweney was one of the most widely known religious song writers in the United States, and was looked upon as the chief hymn composer of America. He wrote scores of popular productions and was likewise a magnetic leader, his greatest work being as chorister of the Bethany Sunday school, Philadelphia, and at the Ocean Grove camp meetings.

On Every Bottle Of Shiloh's Consumption Cure is this guarantee: "All we ask of you is to use two-thirds of the contents of this bottle faithfully, then if you can say you are not benefited return the bottle to your druggist and he may refund the price paid." Price 25 cts., 50 cts. and \$1.00. Sold by P. D. Kirlin and a guarantee.

Death of a British Diplomatist. Washington, April 11.—Mr. Godfrey Davidson Bland, first secretary of the British embassy, died suddenly last night of heart failure at his apartments in this city. Mr. Bland entered upon his duties as secretary of the embassy the first of the present year, having been transferred to this post from The Hague. He entered the diplomatic service as a clerk in the foreign office in 1852, and has served in various capacities in most of the capitals of the world.

Death of Ex-Senator Tabor. Denver, April 11.—Hon. H. A. W. Tabor, postmaster of this city and ex-United States senator, died yesterday of appendicitis, after three days' illness. Mr. Tabor was born in Vermont, Nov. 26, 1830. He migrated to Kansas in 1855, where he served a term in the legislature. In 1870 he engaged in placer mining in California (now Leadville), and quickly became the richest man in Colorado. In 1883 he was elected lieutenant governor. When Senator Teller entered President Arthur's cabinet Mr. Tabor was appointed as United States senator to fill the unexpired term of 30 days. He was a candidate for the long term as senator, but was defeated by one vote. In 1888 Mr. Tabor was appointed postmaster of Denver. He had lost his wealth through unfortunate investments.

The Importance of taking a good Spring Medicine is well known—in fact, its necessity is universally admitted. To argue this point is useless—takes up your time and wastes our space. The real question is, what to take? Of course, you want the best. For your blood you want a medicine which cures blood diseases. For your appetite, stomach-weakness, and dyspepsia symptoms you want a medicine containing appetite-giving, stomach-toning, dyspepsia-curing qualities. For that tired feeling, dull headache, miserable, all run down condition, you want a true tonic to bone sinew, nerve and muscle—not a stimulant. Now we can prove, we have proved, we DO prove each and every day in the year, that Hood's Sarsaparilla IS the best; that it is unequalled as a general Spring Medicine; that it meets every requirement above named and more. We prove this by thousands of testimonials—not from people anxious to advertise themselves, but from people in the same walk of life as you. And our testimonials tell of cures, real, bona fide CURES. We believe when you have given it a fair trial you will agree that America's Greatest Medicine and best Spring Medicine is Hood's Sarsaparilla. Prepared by C. I. Hood & Co., Lowell, Mass.

The Kidney Complexion.

The pale, yellow, sunken-cheeked, distressed-looking people you so often meet are afflicted with "Kidney Complexion." Their kidneys are turning to a purpish color. So is their complexion. They may also have indigestion, or suffer from sleeplessness, rheumatism, neuralgia, brain trouble, nervous exhaustion and sometimes the heart acts badly. The cause is weak, unhealthy kidneys. Usually the sufferer from kidney disease does not find out what the trouble is until it is almost too late, because the first symptoms are so like mild sickness that they do not think they need a medicine or a doctor until they find themselves sick in bed. Dr. Kilmer's Swamp-Root will build up and strengthen their weak and diseased kidneys, purify their diseased, kidney-poisoned blood, clear their complexion and soon they will enjoy better health. You can get the regular sizes at the drug store, at fifty cents and one dollar, or you may first prove for yourself the wonderful virtues of this great discovery, Swamp-Root, by sending your address to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle and a book that tells all about it, sent to you absolutely free by mail. When writing kindly mention that you read this liberal offer in the Shenandoah Herald.

Dubois' Miners on Strike. Dubois, Pa., April 11.—The miners at Berwind-White shaft, near this city, struck for an advance yesterday. Last week a demand was made upon the company for an advance from 19 2-10 cents per gross ton to 22 1/2 cents. The demand was refused by the company. Two hundred miners are employed at this shaft. The Clearfield and Jefferson Coal company's miners are also asking for an advance, and a strike throughout the region may result. All mines in this region have been working full time the past few months, a condition that has not heretofore existed for years.

THE STRIKING GLASSWORKERS.

One of the strikers arrested for threatening language. Bridgeton, N. J., April 11.—A large number of striking glass workers and sympathizers gathered outside the Cumberland glass works yesterday and hoisted and worked the hands as they came from the works, but there was no other disturbance. The Cumberland and the More-Jenns companies are working part of their bottle factories, and they have some journeymen. Most of the work, however, is being done by green hands and apprentices. The Cumberland is operating one large furnace in full, and they have applications enough to start another, which they claim will be done in a few days. The strikers, on the other hand, say the men now at work will soon leave. It is reported that the Cumberland company has procured cots to fit up a building for workmen whom they will bring here. An officer of the company said today that the works would never become unionized. This factory, as on previous similar occasions, seems to be the center of the conflict. The workmen who are out profess faith in winning. They say the companies will find it impossible to get men enough to operate the works satisfactorily. The first arrest growing out of the strike occurred yesterday afternoon. Israel Hoffman, one of the strikers, was placed under \$200 bonds to keep the peace. He was charged with threatening Silas Bacheiler with personal violence because Bacheiler had put two sons to work at the Cumberland glass works.

Senator McMillan Denies a Rumor. Washington, April 11.—Persistent reports have been circulated here for some time of an intention on the part of Secretary Algor to resign after the inquiries into the conduct of the war had ended, and last night these were coupled with the statement that Senator McMillan, of Michigan, had been determined on as General Algor's successor. Senator McMillan when seen, however, made a positive disclaimer of any knowledge of a change in the part of the cabinet. "I know nothing whatever of the subject," he said, "and I wish you would make that clear. I have no information of a change in the war department."

MORE RIOTING IN PANAMA.

Governor Tanner Places the Illinois Mine Toward Martial Law. SEVEN DEAD AND NINE WOUNDED. The Conflict Was Precipitated by a Negro Miner Who Tried to Carry Out a Threat to Kill Sheriff Downey. One Negro Woman Among the Killed. Panama, Ills., April 11.—A deadly riot, the most serious disturbance that has occurred here since the union miners instigated a strike in April, 1888, was enacted yesterday, resulting in seven persons being shot to death and nine wounded. The dead are: Frank Coburn, citizen; Xavier Lecoq, Frenchman, union miner; James L. James, Green, citizen; S. C. Henry, Hibs and Charles Watkins, from Alabama; negro woman, said to be the wife of a southern negro miner. The situation quieted down at nightfall and no more trouble was looked for. Adjutant General Reece, Colonel A. E. Culver and three companies of infantry arrived at 6 o'clock last evening on special trains, and perfect order was maintained through the town from that time on. The troops now here are Company H, from Decatur, under Captain Castle; Company C, from Springfield, under First Lieutenant Bauman, and Company B, from Taylorville, under Captain B. Parish. Governor Tanner has declared the city under martial law. Henry Stephens, a negro miner, who has long been considered a leader among his associates, is declared to have been the direct cause of the riot. It is said he was also the leader of the riot that occurred last September. Stephens has long cherished hatred for Sheriff Downey, and has openly made threats that he would kill him on sight. Sunday he was on the streets with a revolver, saying he was looking for Sheriff Downey. He continued this yesterday, and Sheriff Downey came upon him on Locust street. The sheriff commanded Stephens to deliver the revolver and told him he was under arrest for carrying concealed weapons. Stephens, without a word, instantly leveled his weapon and fired at the sheriff. The bullet went wild. The sheriff immediately opened fire on the negro. Deputy Sheriff Cheney, hearing the shooting, rushed to join Sheriff Downey. Stephens took to his heels and succeeded in gaining Penwell's general store on Locust street, the principal thoroughfare, two blocks distant, and took his stand in the entrance. He hesitated there an instant, and then stepped to the pavement, leveled his revolver down the street toward his approaching pursuer, and fired. The bullet missed the deputy and struck Xavier Lecoq, a Frenchman, who was standing in the entrance of a nearby saloon, squarely in the forehead, killing him instantly. Stephens then turned and ran into the Penwell store and sought refuge behind a counter. By this time the streets were rapidly filling with men, all of whom bore weapons. Deputy Cheney dashed into the store, followed by Deputy Joe Mullen and several citizens. A fusillade of bullets was poured into the store, and Stephens emptied his revolver at his assailants from behind the counter. The infuriated crowd at the door continued firing, and Stephens, seeing that death was inevitable, made a desperate dash from his cover to a stairway in the rear of the store. He fell, pierced by six bullets, before he had gone ten feet. One of the bullets had gone through his neck, another through his back, and the other wounds were of a minor nature. The firing stopped instantly, and Sheriff Downey ran to the side of the wounded negro and placed him under arrest. Stephens is a negro of robust constitution, big and brawny. The shock of his numerous wounds did not apparently hurt him, for he swore and said to the deputy, "I surrender," and with blood pouring down his clothing walked with his captor to a physician's office, where he was given medical attendance. He was then taken to jail. Meanwhile the riot was raging in the street. As soon as the first shot had been fired the whistle of the electric light plant was blown as a signal for the citizens, the majority of whom had long ago been sworn as deputies, to turn out armed and ready to fight. At the same time the miners of the Penn and Penwell mines, which are located about two blocks distant from the Penwell store, which is the center of the town, rushed into the tipples and opened fire on the thronged streets. The news that Stephens, one of their number, had been shot and arrested aroused them to a pitch of fury. They shot at any living mark in sight, and as a result among their victims are three women, two of whom are white women wounded and one negro woman dead.

THE CUBAN MUSTER ROLLS

Handed Over to the American Military Authorities Today. Havana, April 11.—The military authorities today received the Cuban army muster rolls, which have been held by the so-called executive committee appointed by the late military assembly before its dissolution. With General Gomez as the army's representative to be dealt with in the matter of payment and discharging, and with the rolls in their possession, the Americans will now be in a position to push forward energetically, which they are fully prepared to do. Clerks, employed several weeks ago, have been waiting at headquarters at El Vado to copy and compare the rolls. Doubtless there will be considerable criticism among the Cubans when it is announced that the United States is fully resolved not to make any payments to former soldiers now in civil employment and to eliminate also all who enlisted after July 17 last. The widows of Cuban officers have presented an address to the military authorities asking what they must do to obtain their share of the disbursement.

The Blues

Despondency comes with disease. Women suffering with female troubles are easily subject to "The Blues." This condition of the mind makes it harder to overcome ill-health.

Mrs. H. J. Garretson, Bound Brook, N. J., writes: "DEAR MRS. PINKHAM—I have been taking Lydia E. Pinkham's Vegetable Compound with the best results and can say from my heart that your medicines are wonderful. My physician called my trouble chronic inflammation of the left ovary. For years I suffered very much, but thanks to Mrs. Pinkham's Vegetable Compound and kind advice, I am to-day a well woman. I would say to all suffering women, take Lydia E. Pinkham's medicine and your sufferings will vanish."

Mrs. Effie Perkins, Pearl, La., writes: "I had female trouble of all kinds, had three doctors, but only grew worse. I began taking the Vegetable Compound and Liver Pills, and used the Sensitive Wash, and cannot praise your remedies enough."

Mrs. Joseph King, Sabina, Ohio, writes: "DEAR MRS. PINKHAM: Will you kindly allow me the pleasure of expressing my gratitude for the wonderful relief I have experienced by taking Lydia E. Pinkham's Vegetable Compound. I suffered for a long time with falling of the womb, and those terrible bearing-down pains, and it seemed as though my back would never stop aching; also had leucorrhoea, dull headaches; I could not sleep, was weak and life was a burden to me. I doctored for several years, but it did no good. My husband wanted me to try your medicine, and I am so thankful that I did. Since writing to you I have taken four bottles of the Compound and a box of Liver Pills, and can state that if more ladies would only give your medicine a fair trial they would bless the day they saw your advertisement. My heart is full of gratitude to Mrs. Pinkham for what her medicine has done for me. It is worth its weight in gold."

The sustaining effect physically and mentally of Lydia E. Pinkham's Vegetable Compound is very marked. Its use is absolutely safe treatment for any woman who is ill and depressed, and its success unvarying.

"Your Medicine Has Cured Me," Says Mrs. Shears. "DEAR MRS. PINKHAM: I have taken eight bottles of Lydia E. Pinkham's Vegetable Compound and used two packages of your Sensitive Wash, also some of the Liver Pills, and I can say that your remedies will do all that you claim for them. Before taking your remedies I was very bad with womb trouble, was nervous, had no ambition, could not sleep, and my food seemed to do me no good. Now I am well, and your medicine has cured me. I cannot find words to express my gratitude to you for the recovery of my health. I will gladly recommend your medicine to every one wherever I go." Mrs. M. L. Shears, Gun Marsh, Mich.
