Pana's Election Under Martial Law. Pana, Hls., April 18.—Captain Couch has placed on duty throughout the city a double provost guard to prevent an outbreak at today's municipal election. The issue is non-union negro labor, and there is much feeling on both sides. Thirty union miners yes-terday entered pleas of guilty to holding up a train bearing 100 negroes from Washington, Ind., to Pana, on Sept. 29 last and were fined \$20 and costs and sentenced to 30 days in jail each. The jail sentence was remitted, the union paid the fines, and the men were released. The cases of 100 more miners indicted for the offense were continued until June.

he Case May Go to the Jury on

Charleston, S. C., April 18.—After setting up alibis for Webster, Joyner and Godwin yesterday the defense in the trial of the alleged Lake City lynchers closed its case. Alibia put forward for Rodgers, McKnight Epps and Ward last week, so the only man in whose behalf efforts have not been made to establish one is Stokes. the merchant who has been alleged b the government to have been leader of the mob that killed Baker It was claimed on the stand that God win was sick at home; that Jayner siept at his own residence with I school boy and that Webster was at his own residence with the grip the night of the lynching.

The sensation of the day came after the defense had closed its case. Among of Newman, the man who turned state's evidence, was a pay certificate. It was not dated, the date evidently having been scratched out; but the defense claimed it was issued Feb. 21. In re-buttal the government placed the stulbook of the county supervisor in evidence, showing that the stub before and the one after that of Newman was each issued Feb. 23. The infernice that the Newman ticket had been lirectly faislfied was directly mad and is expected to cut a considerable figure in the case in the future.

The government has about 25 more witnesses to examine, so argument will scarcely begin before Wednesday. The case may reach the jury Thursday

I consulted one of the best physicians in New York, and he pronounced my disease a fibroid tumor, advising an operation without delay, saying that it was my only chance for life. Other doctors prescribed strong and violent medicine, and one said I was incurable, another told me my only salvation was galvanic batteries, which I tried, but nothing relieved me. One day a friend called and begged me to try Lydia E. Pinkham's Vegetable Compound. I began its use and took several bottles. From the very first bottle there was a wonderful change for the better.
