OUR COUNTRY: First, Last and Forever.

There is no desertion. Our contemporaries, including the North American, Press and Times, of Philadelphia, have commented quite freely and at length upon the editorial appearing in these columns on Saturday, under the caption, "The Duty of the Hour," and in which we endeavored to point out the necessity for the election of a Senator, and what may be expected because of a failure to do so. The article was freely commented upon by our readers and generally commended as the proper and only course remaining for the Republican members of the legislature, irrespective of factional interests.

The Philadelphia North American, on Monday, commenting upon the HERALD's position, contained the following: "The Quays adherents in Schuylkill county were given a severe shock last night, when their leading organ, the SHENANDOAH HERALD, renounced allegiance to the slogan, 'Quay or nobody,' and came out flat for a compromise candidate for United States Senator. This practically leaves the Quay contingent in Schuylkill without a public champion. "This county has heretofore been regarded as the Quay stronghold of the anthracite tier. The HERALD having also stood by Senator Samuel Lush through thick and thin, it is understood that the sentiment expressed is a collection of that entertained now by the Senator, and it is expected that, if his health permits his attendance at the conference to-morrow evening, his influence will be thrown towards the compromise candidate proposition."

This was followed by a portion of our editorial, and over it all was a scare-head, "The Only Quay Newspaper Supporter in Schuylkill Wants Compromise." We are free to confess our surprise at the prominence given the article in question, although it was merely a public expression of the views of the great majority of the rank and file of Republican voters. From one end of the state to the other the demand for the election of a United States Senator has gone up. The success of the Republican party in the future is dependent largely upon that result, and no legislator, who places party above individual, could honestly ignore these appeals.

The inference drawn from the article in question by a number of our contemporaries, that the HERALD has deserted Senator Quay's cause, is hardly warranted by the facts. While we still believe that Senator Quay, being the regular caucus nominee, should have been supported and elected by the Republican members, yet even that does not justify either the Quay adherents or the "ants" in refusing to give the Republicans their full representation at Washington. We have a precedent in the memorable legislative contest of 1881, when a stalwart Republican, Henry Oliver, the regular caucus nominee, had proportionately as many votes for the Senatorship as has Mr. Quay. The contest continued for a long period, and when it was demonstrated that the caucus nominee could not be elected, Senator Quay himself led a bolt for a compromise candidate, and he was elected. Our personal choice of all candidates named so far is Senator Quay, but as he apparently cannot be re-elected, he can at least name his successor, and break the deadlock. And that's what the people demand.

The HERALD does not profess to speak for Senator Lush, as the article quoted above indicates, but it happens that the Senator from the 29th district views the matter in the same light that we do. He has steadfastly stood by the caucus nominee until it is made clear that Mr. Quay cannot be elected, and seeing the danger confronting a continuance of the factional warfare in his own county, favors a compromise candidate upon whom all Republican members can unite. In this respect Senator Lush is to be commended, and has again shown that he can rise above factional interests for the good of his party at large. And it also shows that our esteemed contemporary, the Miners' Journal, is not in the confidence of the Senator.

We repeat, the duty of the Republicans of the present legislature is to elect a Senator before adjournment. If we cannot get Quay, give us some one equally as able and faithful to his party and state.

PREPARE for the turn of life. It is a critical period. As indications of the change appear be sure your physical condition is good. The experience is a wonderful one and under some circumstances full of menace. Mrs. Pinkham, of Lynn, Mass., will give you her advice without charge.

TALKS WITH WOMEN OF MIDDLE AGE

When I wrote to you I was down in bed, had not sat up for six months; was under a doctor's treatment all the time, but it did me no good. I had almost given up in despair, but your Vegetable Compound has made me feel like a new woman. I cannot thank you enough. I would advise any woman who is afflicted as I have been to write to Mrs. Pinkham, at Lynn, Mass., and get her advice and be cured as I have been."

MRS. F. H. ALLEN, 419 Nebraska Ave., Toledo, Ohio, writes:

"DEAR MRS. PINKHAM:—Change of life was working on me. My kidneys and bladder were affected. I had been confined to the house all summer, not able to stand on my feet for any length of time. Terrible pains when urinating and an itching that nearly drove me wild. I had tried many remedies. I told my husband I had great faith in yours and he got me a bottle; am now on my fourth bottle. I feel that I am entirely cured. I can work all day. I can hardly realize that such a wonderful cure is possible. Lydia E. Pinkham's Vegetable Compound is the best medicine for women."

Don't wait until you are prostrated with the mysterious condition known as "Change of Life." Get Mrs. Pinkham's advice and learn how other women got through.

Bridgerton Strikers Orderly. Bridgerton, N. J., April 19.—Every thing is peaceable in the glass workers' strike situation. The strikers are, however, maintaining vigilance to prevent, if possible, the further importation of men to take their places. The Cumberland Glass company expects additional men this week. It is reported that the fires in the window light factories will be drawn this evening unless the men give up their sympathy strike for the bottle blowers and return to work. There is no likelihood of the men returning to work. Many more of the strikers were sent to union factories elsewhere today.

PARSNIP COMPLEXION. It does not require an expert to detect the sufferer from kidney trouble. The hollow cheeks, the sunken eyes, the dark, purplish circles under the eyes, the sallow puffy complexion indicates it.

A physician would ask if you had rheumatism, a dull pain or ache in the back or over the hips, stomach trouble, desire to urinate often, or a burning or scalding in passing it; if after passing there is an unsatisfied feeling as if it must be at once repeated, or if the urine has a brick dust deposit or strong odor.

When these symptoms are present, no time should be lost in removing the cause. Delay may lead to gravel, catarrh of the bladder, inflammation, causing stoppage, and sometimes requiring the drawing of the urine with instruments, or may run into Bright's Disease, the most dangerous stage of kidney trouble.

Dr. Kilmer's Swamp-Root, the great discoverer of the eminent kidney and bladder specialist, is a positive remedy for such diseases. Its reputation is world-wide and it is so easy to get after any drug store that no one need suffer any length of time for want of it.

Does This Strike You? Muddy complexion, headaching, breath come from chronic constipation. Karl's Clover Root Tea is an absolute cure and has been sold for fifty years on an absolute guarantee. Price 25 cts. and 50 cts. Sold by P. D. Kirin and a guarantee.

THE SOMERS COMING OVER. Dat This Time She is on Board a Big Atlantic Liner. London, April 19.—The United States torpedo boat Somers is on board the Atlantic Transport line steamer Manhattan, which left London for New York on April 15. The Manhattan picked up the little craft at Plymouth, where the torpedo boat was towed after breaking down in her recent trip from Plymouth. The boilers and fittings had previously been removed.

The Somers, which was bought at Ebbing West Prussia, in March of last year, and which nearly drowned two American crews in an effort to cross the Atlantic just before the war was declared with Spain, was built in Germany, and is of the Schischau type. She has never seen service, having just been completed when the United States government bought her, but she was warranted to be a boat of excellent seagoing quality. Her performances failed dismally to come up to expectation, the vessel having made three attempts to cross the ocean. It was found difficult to keep a crew together to make the attempt with the diminutive craft.

Bodily pain less the terror if you're a bottle of Dr. Thomas' Electric Oil in the house. Instant relief in cases of burns, cuts, sprains, accidents of any sort.

PHILADELPHIA EXPOSITION

To Develop American Manufactures and Expand Export Trade.

Philadelphia, April 19.—Of the numerous National and International Expositions projected for the next three or four years in different parts of the United States, the one to be held in Philadelphia in September, October and November of the present year is in many respects the most important to the commercial interests of the country. The Philadelphia Exposition of 1899 is

an exposition for the development of American manufactures and the expansion of our export trade, and it will be the first national exposition of that character ever held in this country. It is the purpose to exhibit every line of manufactured products of the United States especially suitable for export. Such exhibits will form the principal department of the Exposition and will comprise everything which is, or might be, exported, from locomotives and heavy machinery to the smallest novelties.

There will also be a department of foreign manufactures and the expansion of our export trade, and it will be the first national exposition of that character ever held in this country. It is the purpose to exhibit every line of manufactured products of the United States especially suitable for export.

Unlabeled Labor Wins in Panama. Chicago, April 19.—Town and village elections were held throughout Illinois yesterday. In nearly all cases the issues were purely local. At Pana the miners strike embittered the campaign and a double guard was detailed from the militia on duty there to keep order. A. B. Corman (Dem.) was elected mayor on a platform favoring union labor and opposing the importation of negro miners.

Do You Know Consumption is preventable? Science has proven that, and also that neglect is suicidal. The worst cold or cough can be cured with Shiloh's Cough and Consumption Cure. Sold on positive guarantee for over fifty years. Sold by P. D. Kirin and a guarantee.

Nantucket, Mass., April 19.—The fishing schooner Eliza, of Beverly, Captain Hopkins, struck on Rose and Crown shoals during Monday night and eleven of the crew of fourteen men were lost. The three survivors reached Siasconnet in the schooner's dory yesterday. The drowned are Captain Martin M. Hopkins, Seth Hopkins, Emerson Hopkins, Oscar Hopkins, Lorenzo Smith, John Smith, Herbert Smith, Kinsman Smith, Moses Bethel, John Mathewson and James Mathewson, Seth and Emerson Hopkins were brothers of the captain, Oscar Hopkins was his cousin. John and Herbert Smith and John and James Mathewson were brothers.

DIPLOMATIC CHANGES. Hardy Goes to Greece, Lord to Persia and Irwin to Portugal. Washington, April 19.—The following important diplomatic changes have been announced as the result of yesterday's cabinet meeting: W. W. Rockhill, now minister to Greece, has resigned that post, and Arthur Sherburn Hardy of New Hampshire, now minister to Persia, has been promoted to succeed Mr. Rockhill. William P. Lord, ex-governor of Oregon, has been appointed minister to Portugal. Lawrence Townsend, transferred to Belgium in place of Bellamy Storer.

Mr. Rockhill's resignation was purely voluntary, and was caused by personal and domestic considerations. Mrs. Rockhill died while he was stationed at Athens. He is now on his way home, with his two children and the remains of his wife.

Ex-Governor Lord is a lawyer, who has been quite prominent in state politics. He was the first Republican governor of Oregon in eight years. Mr. Irwin was born in Ohio. He was once appointed governor of Idaho territory, but after serving six months resigned, refusing to accept the salary for the time he was in office. He is a prosperous merchant of Koonuk, about 50 years old.

Mr. Hardy has been stationed at Tehran since January, 1897. He is a native of Massachusetts and a resident of Hanover, N. H. He graduated from West Point, but resigned from the army in 1869. He has been a college professor and is the author of several novels and also some works on mathematics.

as members of its Domestic Advisory Board will send delegates to the Commercial Congress. They will be able to discuss with the foreign visitors the varying peculiarities of the demands of trade in their particular countries, and if the American manufacturer does not benefit thereby, it will be his own fault.

The Exposition will be under the joint auspices of the Philadelphia Commercial Museum and the Franklin Institute, two great public institutions of Philadelphia, whose standing is such as to assure the success of the Exposition. The Board of Directors of the Philadelphia Exposition Association, the corporation organized to conduct the Exposition, includes a number of the most prominent and energetic business men of Philadelphia.

Sanction and support has been given to the Exposition by the National Government, Congress appropriating \$50,000 to aid it. The city of Philadelphia has given \$200,000 and the State of Pennsylvania \$50,000 and \$100,000 is being raised in Philadelphia by individual subscriptions. A bill now pending in the Legislature of Pennsylvania appropriates \$200,000 more, making a total Exposition fund of about \$900,000.

In October a Commercial Congress will be held in Philadelphia in connection with the meeting of the International Advisory Board of the Philadelphia Commercial Museum. The leading Chambers of Commerce of the entire world have been invited to send delegates and the Commercial Museum has sent out invitations to its agents and representatives abroad to send to the Exposition their buyers and members of their firms.

Nearly every Board of Trade, Chamber of Commerce or other commercial organization of importance in the United States affiliated with the Philadelphia Commercial Museum.

S. S. S. GOES TO THE BOTTOM.

Promptly Reaches the Seat of all Blood Diseases and Cures the Worst Cases. In every test made S. S. S. easily demonstrates its superiority over other blood remedies. It matters not how obstinate the case, nor what other treatment or remedies have failed, S. S. S. always promptly reaches and cures any disease where the blood is in any way involved.

Persons who have had experience with blood diseases know that there are no ailments or troubles so obstinate and difficult to cure. Very few remedies claim to cure such real, deep-seated blood diseases as S. S. S. cures, and none can offer such incontrovertible evidence of merit. S. S. S. is not merely a tonic—it is a cure! It goes down to the very seat of all blood diseases, and gets at the foundation of the very worst cases, and treats the poison from the system. It does not, like other remedies, dry up the system, and hide it from view temporarily, only to break forth again more violently than ever; S. S. S. forces out every trace of taint, and rids the system of it forever.

Mrs. T. W. Lee, Montgomery, Ala., writes: "Some years ago I was inoculated with poison by a nurse who infected my babe with blood taint. I was covered with sores and ulcers from head to foot, and in my great extremity I prayed to die. Several prominent physicians treated me, but all to no purpose. The mercury and potash which they gave me seemed to add fuel to the awful flame which was devouring me. I was advised by friends who had seen wonderful cures made by it, to try Swift's Specific. I imported the cure, and the medicine seemed to go direct to the cause of the trouble. Before the poison was out. Twenty bottles cured me completely." Swift's Specific.

EARNED, NOT BOUGHT.

Such is the Reputation of "The Little Conqueror" in Shenandoah.

How hard it often is to earn and maintain a good reputation, and how easy it is to lose one. As with a man's reputation, so it is with other things in life. Some things achieve a reputation which stays with them. They are founded on intrinsic value. They face the public backed up by honesty, and work their way quietly but thoroughly. Shenandoah people want no better proof of the merit than is contained in the following experience of a citizen:

Mr. James Robbins, miner, of 10 South Market street says:—"Whenever I was exposed to bad weather or took cold it always affected my kidneys and back. I then had difficulty with the kidney secretions accompanied by pains in the back and top of my head. The lameness in my back made it very difficult for me to stoop or lift anything and if I sat for a while it hurt me to get up. I tried liniments and plasters but they did not amount to much. At last I was advised to try Dan's Kidney Pills and procured them from Kirin's drug store. I never had anything do me so much good before and I can heartily recommend them for I have proved them to be reliable in relieving pains and annoyances of kidney trouble."

Dan's Kidney Pills for sale by all dealers. Price 25 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the W. S. Remember the name Dan's and take no other.
