### OUR COUNTRY: First, Last and Forever.

HAVING no one else to whip, the Republican party in this state is preparing to give itself a good trouncing.

MORE than one statesman at Harrisburg has ended his political career. And they are not all Republicans, either.

No man can build his newspaper up by disparaging his contemporaries. He will bring down on his own head just as much as he gives, by those who read his paper.

THE advance in wages is never commented upon by the free silver newspapers these days. Less than a year ago these same sheets were filled with "calamity" editorials. How different!

EVERY indication points to the conclusion that the war of factions in the Republican ranks is on. The partisan papers are calling each other names, and abusing those members of the legislature who hold contrary views. Keep cool, brethren; it is harmony with a big H that we need.

IT is much to the credit of the three powers concerned in "protecting" Samoa that none shows a disposition to be quarrelsome over a comparatively small matter, and one that ought to be easily arranged by calm discussion. Uncle Sam has no desire to go to war with any country at this time, much less Germany.

THE Democratic State Editorial Association met at Harrisburg on Wednesday and elected officers. Schuyllkill's Democracy was honored by the selection of J. Irvin Steele, of the Ashland Telegram, as one of the vice presidents. This settles the contention as to "the only Democratic paper in the county," and the prize is awarded our Ashland contemporary. All others will please take a rear seat.

THE action of the House in adopting the report of the bribery investigating committee, and appointing a committee to push criminal proceedings against the implicated parties, is partially frustrated by the absence of the appropriation of money for that purpose in the general appropriation bill. The indications are that nothing will be heard of the prosecuting committee, now that the legislative session has ended for the present.

OUR Hazleton contemporaries take much delight in poking fun at Schuyllkill's county seat. Here is what the Plain Speaker says: "Pottsville's Board of Trade meets regularly once a month, numerous fine speeches are delivered by prominent members of the organization and propositions from projectors of new industrial plants are read and considered. The next day the newspapers are filled with favorable comments, the members of the Board of Trade congratulate themselves, and that ends the matter. New industries are seldom secured."

THE manner in which the Mazet investigating committee is exposing the venal and iniquitous methods pursued by Richard Croker as the boss of Tammany Hall, in New York city, is "just pie," as the saying goes, for the Bryan end of Democracy. As is well known Croker does not like Bryan, or anything that taints Bryanism. There is nothing for him in either, and as Richard said on the stand he is for his pocket first, last and all the time. Bryan, although poor, is not "on the make." The Bryan people believe that when Mazet gets through with Croker the latter will be eliminated as a factor in the control of Democracy as a national organization. It disposes of both of his candidates, former Senator Gorman and Mayor Carter Harrison. The only drawback they see in the conditions as they are created by the investigation is the prominence Croker's downfall will give to Grover Cleveland. Between the latter and Croker the Bryanites have no choice.

Will Find a Grave Instead of a Bride, Wichita, Kas., April 21.—When Assistant U. S. Marshal Charles H. Cruser, of Brooklyn, who is on his way to New Haven, Kas., from New York, reaches that little town he will find a grave instead of a bride. Engineer Ebby was to have been married this week to Miss Nina Hall, a prominent young woman of New Haven. Tuesday Miss Hall was accidentally shot and almost instantly killed by her little brother, from whom the unfortunate girl was attempting to take a revolver which he was playing. She was buried yesterday. Efforts to notify Ebby of the tragedy have been unavailing.

Iowa's Two Candidates For Speaker, Des Moines, Ia., April 21.—Iowa has two candidates for the speakership. Congressman Henderson's friends here are confident he will have the full state delegation. At Clarinda, the home of Congressman Hepburn, it is claimed he has the solid support of Iowa. Hepburn and Henderson will both make strong efforts for the delegation, and it is expected that the unit rule will prevail, giving a solid delegation to the man with a majority.

Yale to Row Against Naval Cadets, Annapolis, April 21.—For the first time in the aquatic history of Yale university, Yale will this year send a crew to the Potomac to race with the naval cadets of the United States academy at Annapolis. The negotiations have been pending for some weeks, and yesterday Yale's faculty finally decided the matter. Yale's second crew is permitted to race on June 3 at some point to be selected on the Potomac.

### PARSNIP COMPLEXION.

It does not require an expert to detect the sufferer from kidney trouble. The hollow cheeks, the sunken eyes, the dark, puffy circles under the eyes, the sallow parsnip-colored complexion indicates it.

A physician would ask if you had rheumatism, a dull pain or ache in the back or over the hips, stomach trouble, desire to urinate often, or a burning or scalding in passing it; if after passing there is an unsatisfied feeling as if it must be at once repeated, or if the urine has a brick dust deposit or strong odor.

When these symptoms are present, no time should be lost in removing the cause.

Delay may lead to gravel, catarrh of the bladder, inflammation, causing stoppage, and sometimes requiring the drawing of the urine with instruments, or may run into Bright's Disease, the most dangerous stage of kidney trouble.

Dr. Kilmer's Swamp-Root, the great discovery of the eminent kidney and bladder specialist, is a positive remedy for such diseases. Its reputation is world-wide and it is so easy to get by any drug store that no one need suffer any length of time for want of it.

However, if you prefer to first test its wonderful merits, mention EVENING HERALD and write to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle and book telling all about it, both sent absolutely free by mail.

Hope to Avoid an Army Increase, Washington, April 21.—It was stated positively at the war department yesterday that the provisional army of 35,000 volunteers authorized by the law will be called out only as a last resort. No such action is now in contemplation, and it will be avoided as long as possible. The hope is expressed that there will be no necessity for an increase of the army beyond the present limit of 65,000.

Regulars Start For the Philippines, Buffalo, N. Colonel Alfred T. Smith accompanied the battalion. At Fort Porter thousands of people were assembled, and the streets, which were gaily decorated, were lined with people. Just one year ago Wednesday this battalion left Buffalo to participate in the Cuban campaign.

### POVERTY STRICKEN SANTIAGO.

It will soon be necessary to resume the relief distribution of food. Santiago de Cuba, April 21.—The special committee appointed by the board of trade to inquire into the municipal tax situation made its report at a public meeting yesterday afternoon at the San Carlos club.

According to the committee General Brooke's order abolished licenses and all tax except 8 per cent. on the incomes from land. At present only seven plantations in the province, and practically no houses are being rented in the towns. The municipal revenues have been reduced from \$20,000 to \$3,000 per month in Santiago, and there have been similar reductions in other towns. Public works and schools must be stopped, 8,000 persons are out of employment, and as soon as the small surplus is exhausted it will be necessary to resume the free distribution of food in order to prevent starvation. Outlawry is almost certain to follow.

It was also shown in the report that while the actual revenues of the island are \$15,000,000 a year, Santiago province—representing one-third of the area and one-fifth of the population and collecting \$200,000 a month—receives of this total only \$90,000 from various sources. It is not allowed to collect additional taxes of a self-imposed nature.

Riotous Union Strikers Released, Norfolk, Va., April 21.—The six negro members of the colored labor union who were arrested Wednesday evening for participating in an assault upon non-union negroes employed on the Brambleton sewers, were discharged yesterday, the union having entered into a written contract not to allow any of its members to interfere with non-union laborers hereafter.

Non-union laborers hereafter, and to prosecute any who violate the agreement. About 40 men, a largely increased force, were at work today on sewer construction, and no further trouble is anticipated there. Work was resumed on the Swells Point electric line with about 100 men, nearly all white. None of the union strikers were taken back.

The Rising Missouri, Kansas City, Mo., April 21.—The Missouri river is still rising and the local weather bureau predicts that the danger line will be crossed at St. Joseph today and at Kansas City tomorrow night. Farmers in the bottomlands east of Atchison are moving to the hills. A repetition is feared of the flood of 1881, when thousands of acres were submerged. A cloudburst did much damage in the vicinity of Highland, Kan., Thursday night. A Burlington trestle bridge was washed out three miles above Highland Station and telegraph poles and wires were carried into the Missouri river.

Decided in Rockefeller's Favor, New York, April 21.—Counsel for John D. Rockefeller in a suit brought against him by James Corrigan, of Cleveland, announced that he had received the opinion of a board of arbitration in whose hands the suit had been placed for a settlement, and the opinion was in Mr. Rockefeller's favor. Mr. Corrigan sued to recover 2,500 shares of Standard Oil stock purchased by Mr. Rockefeller, who was Mr. Corrigan's trustee. Mr. Corrigan alleged fraud in the purchase of the stock. This board of arbitration declared unfounded.

To Make Lynchings Expensive, Columbia, S. C., April 21.—The state supreme court last night filed a decision which means that the law against lynching will be strictly carried out, especially that clause which provides that the estate of the party lynched shall get \$2,000 from the county in which he resided. The decision was filed by Justice Eugene B. Gary, the other three members of the supreme bench concurring.

Jealous Lover a Double Murderer, Missouri City, Mo., April 21.—Miss Della Clevenger, who was shot by her cousin, Ernest Clevenger, on the night of Dec. 8 last, in the head of her wounds. Ernest Clevenger is in jail at Liberty. Clevenger also shot and killed George Allen, who accompanied Miss Clevenger to his church. Clevenger was jealous of Allen.

Indian Confesses Triple Murder, Antlers, I. T., April 21.—Solomon E. Hotema, the full-blooded Choctaw Indian who was arrested on the charge of murdering a man and two women last Friday, near Cold Springs, has written a confession of his guilt, in which he attributes his actions to the teachings of his peculiar creed. In his confession he states that he killed the three persons, and did so because of their "evil practice of magic among the Indian people."

Miss Sadie Wertheim, age 14, of Toledo, O., was the winner of the first prize for execution on the violin at the Brussels Conservatory of music. German critics say she is a wonderful player. It is the greatest distinction to be first in anything. For this in statement literature, athletic science and art, men and women put forth their greatest efforts. Washington was said to be "first in war, first in peace and first in the hearts of his countrymen." It is a great thing to be first. Nothing is more valuable to mankind and brings greater happiness than a good remedy. Many things will relieve but the one that will cure is best. Brazilian Balm is such a remedy. Tens of thousands that would cure Catarrh and Asthma, for 15 yrs. it has never failed in a single case to cure Asthma and its record has been as wonderful in Catarrh. Cases that had, to all appearances, run into consumption, or where the nostrils were entirely stopped up or where the throat an inch deep, or where the stomach had become ulcerated and raw from swallowing the germ-laden matter, were all permanently cured. Such a remedy, unknown to any other remedy, justly entitles the Brazilian Balm to the first place in the regard of the American people. There are 20,000,000 Catarrh victims and countless Asthma sufferers in this country, all of whom can be cured with Brazilian Balm. A \$1.00 bottle of Brazilian Balm contains a month's treatment for catarrh or asthma, and for 6 months we will wrap with each \$1.00 bottle a month's treatment of Toxicola Tablets, free. Toxicola is the best tonic and nerve and strength builder known to science. This is the greatest offer ever made. Ask our druggists to take no substitute. B. F. JACKSON & Co., Mfg. **ONLY ONE CURE FOR SCROFULA.**

**S. S. S. is the Only Remedy Equal to this Obsolete Disease.**

There are dozens of remedies recommended for Scrofula, some of them no doubt being able to afford temporary relief, but S. S. S. is absolutely the only remedy which completely cures it. Scrofula is one of the most obstinate, deep-seated blood diseases, and it is beyond the reach of the many so-called purifiers and tonics because something more than a mere tonic is required. S. S. S. is equal to any blood trouble, and never fails to cure Scrofula, because it goes down to the seat of the disease, thus permanently eliminating every trace of the taint.

The serious consequences to which Scrofula surely leads should impress upon those afflicted with it the vital importance of wasting no time upon treatment which can not possibly effect a cure. In many cases where the wrong treatment has been relied upon, complicated glandular swellings have resulted, for which the doctors insist that a dangerous surgical operation is necessary.

Mr. H. E. Thompson, of Milledgeville, Ga. writes: "A bad case of Scrofula broke out on the glands of my neck, which had to be lanced and caused me much suffering. I was treated for a long while, but the physicians were unable to cure me, and my condition was as bad as when I began the treatment. Many blood remedies were used, but without effect. Some one recommended S. S. S., and I began to improve as soon as I had taken a few bottles. Continuing the remedy, I was soon cured permanently, and have never had a sign of the disease to return." Mrs. George's Defense, Canton, O., April 21.—The defense for Mrs. George yesterday put on the stand a witness who testified that she saw a man in a long black mackintosh and cape, wearing a white sailor hat, passing her home, which is on one of the routes from the Aitkison home to the center of the city, soon after the shooting of Saxton. This evidence was intended to corroborate a witness who testified on Wednesday that a "man in black" was seen approaching the Aitkison home. Newton George, the 17-year-old son of the accused, testified that he had intimate relations with his mother and Saxton. His defense has nearly concluded its case.
