Women in & Business

Business men often express the opinion that there is one thing which will prevent women from completely filling man's place in the business world - they can't be de. pended upon because they

are sick too often. It is true that many women are compelled to look forward to times when they are unable to attend to social or business duties. Their appearance plainly indicates their condition and they are reluctant to be seen, even by their friends. Read what business woman says to such sufferers:

Mrs. C. W. Mansfield, 38 Farrar Street, Detroit, Mich., says:

"A complication of female adments kept me awake nights and wors me out. I could get no relief from medicine and hope was slipping away from me. A young lady in my employ gave me a box of Dr. Williams' Pink Pills for Fale People. I took them and was able to rest at night for the first time in months. I bought more and they cured me as they also cured several other people to my knowledge. I think that if you should ask any of the druggists of Detroit, who are the best buyers of Dr. Williams' Pink Pills they would say the young woman. These pills certainly build up the nervous system and many a young woman owes her life to them.
"As a besiness woman I am pleased to recommend them as they did more for me than any physician and I can give Dr. Williams' Pink Pills for Pale People credit for my general good health to-day."

Dr. Williams' Pink Pills for Pale People are for sale by all drugdists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes, \$2.50, by the Dr. Williams Medicine Company, Schenectady, N.Y. Our new book, PLAIN TALKS To Women, sent free to any address on request.
