OUR COUNTRY: First, Last and Forever.

ALABAMA Democrats are quarreling because the gold standard sentiment is growing in the party. The silverites can gain nothing by losing their temper as they slide down hill.

If Aguinaldo can begin war without the sanction of his rebel Congress, he can stop it without reference to that body. Gen. Otis is right in refusing to recognize the Philippine Congress.

THE omission of wine from the bill of fare at the recent Bryan dinner is a bid for the Prohibition vote, and another argument in favor of the charge that it was not a Democratic gathering.

No one can truthfully say that the United States government is not liberal in its contribution to pay for the kind of soldiering performed by the Pennsylvania Guards in the Cuban war.

THE country newspaper is an important agency in the cultivation of public spirit, and however humble it may seem beside the metropolitan daily it has a place in popular education which is too little regarded.

THE Pottsville Republican yesterday was fourteen years old. Our county seat contemporary is not liberal in its contribution to pay for the kind of soldiering performed by the Pennsylvania Guards in the Cuban war.

THE real victims of the Philadelphia and Lancaster counterfeiters are the wholesale and retail cigar dealers who bought the fraudulently stamped goods. The government should, and probably will, lead justly and fairly with these people.

THE reports of the damage to the wheat crop may give some hope to the Democrats. Calamity furnishes them their only chance for victory. It is well to bear in mind, however, that about this time nearly every year predictions are made that the grain crop will be small.

IT is believed that the veterans of New Jersey were the first to make an effort to have Decoration Day set apart as a legal holiday. The state department of the G. A. R. in that state appointed a committee in 1874 to bring the matter to the attention of the Legislature. A bill was introduced providing for the institution of the holiday, but it failed.

THE news of peace negotiations in the Philippines, conveyed in our telegraphic despatches of yesterday, is an outcome generally desired by the American people. The tenor of the despatches is sufficient to warrant the hope that the Philippine insurrection is at an end. In celebrating Dewey Day next Monday, may not the American people also celebrate the down fall of Aguinaldo and his forces? We hope so.

THERE is a soldier out in the Philippines, and he hails from Kansas, who has written home to the following effect: "I do not pretend to say whether our government should keep the Philippines or not; I do not think it would pay me to do it, but let me appointed for that purpose decide the question. If they do, I am going not to shrink my duty in holding them against the world." Say what you like, that is the spirit that makes the American soldier the peer of any other on the face of the earth.

THE indications are that the Bell Telephone Company will not long maintain a monopoly of the business in this section of the state. A number of capitalists, headed by ex-Senator Kline, of Luzerne county, are interested in an independent telephone system that will include the entire anthracite belt of counties, with the junction point at Meadood. This will include at least one of the chartered companies in Schuylkill county. Judge Savidge, of Sunbury, and Alvan Markle, the Luzerne coal operator, are financially interested in the independent companies.

Anglo-Russian Negotiations Ended. Berlin, April 29.—The Anglo-Russian negotiations have practically concluded in an agreement aiming to put an end to the battles for railway and other concessions in China. The agreement recognizes Russia's sphere as the north and Great Britain's as the Yang-tse valley.

THE VICTIMS AT NEWTOWN.
Death List Still Placed at Fifteen, and Thirty Were Injured.
Chillicothe, Mo., April 29.—Scenes of utter distress and desolation are pictured in the little town of Newtown, 40 miles north, on the St. Paul railway. A day of ceaseless search among the ruins and work for the injured and suffering followed a night of gloom and despair. There were 15 dead and 30 injured and over 300 injured, while half of the place is in ruins and 50 families are homeless. The known dead are: S. Deeper, with three children; Laban Evans and two daughters; William Hays, wife and two children.

The storm came without warning, and few were able to take advantage of their storm cellars. Striking the eastern end of the town it cut a clean swath 500 to 600 feet wide through the best portion of the place, sweeping everything before it. Over 30 houses were torn to splinters. On one street alone a row of ten houses was entirely demolished. Here scarcely any-

"To Do Ill Costs More Than To Do Well."
This "wise saw" might properly read, "It costs more to BE ill than to BE well." The source of all health is rich, strong blood. It is to the body what the mighty streams are to the earth. If the blood is pure, the body thrives; if the blood is weak or impoverished, then every pulse-beat carries weakness instead of strength.

Why make the cost of living more than it need be? Purify your blood and give your constitution a chance to do its level best. The only perfect blood purifier and vigor-maker in existence is the world-famed Hood's Sarsaparilla. It brings good, perfect health. It never disappoints.

Scrofula.—When three months old our baby Roy was covered with itching and burning scrofula sores. The best physicians failed to relieve. Hood's Sarsaparilla saved his life as it made a permanent cure." Mrs. LILLIE M. FINE, East Springport, Mich.

Grip.—Through the blessing of God Hood's Sarsaparilla and Hood's Pills cured my grip and nerves were badly affected, but I am now strong and healthy, doing all my usual work. My doctor had advised me to take Hood's Sarsaparilla cured me." Mrs. MARY M. MESSENGER, Freshold, Pa.

Rheumatism.—Rheumatism is a disease of the blood, and the acid must be neutralized to effect a cure. I was troubled with rheumatism so badly that I could not walk. Hood's Sarsaparilla cured me." Mrs. MARGARET McDONNELL, Southbridge, Mass.

Eczema.—My daughter had eczema and it affected her eyes. The doctor said it was incurable. Her skin is now smooth and white and all account of Hood's Sarsaparilla. I have taken it for weakness and can now walk three or four miles easily." Mrs. E. A. HENRY, Sauk Centre, Minn.

Catarh.—I suffered from childhood with catarh. Was entirely deaf in one ear. Hood's Sarsaparilla cured me and restored my hearing." Mrs. W. STOKES, Midland, Tex.

BARRELS OF SAMPLES.

Over Two Hundred Thousand Trial Bottles Sent Free by Mail.

By special arrangement with the manufacturers of this justly famous Kidney medicine, Dr. David Kennedy's Favorite Remedy, the readers of this paper are enabled to obtain a trial bottle and pamphlet of valuable medical advice absolutely free, by simply sending their full name and post office address to the DR. DAVID KENNEDY CORPORATION, Rondout, N. Y., and mentioning this paper.

Of course this involves enormous expense to the manufacturers, but they have received so many grateful letters from those who have been benefited and cured of the various diseases of the Kidneys, Liver, Bladder and Blood, Rheumatism, Dyspepsia and Chronic Constipation, and all weaknesses peculiar to women, that they willingly send trial bottles to all sufferers.

Upon investigation it was found that 81 per cent of those who had used the trial bottle had received such benefit from it that they purchased large sized bottles of their drugists.

Many physicians have called to see how many patients they could help you, send for a trial bottle of this great medicine, it costs you but a postal card, and benefit and cure will most certainly be the result.

Put your urine in a glass tumbler and let it stand 24 hours; if it has a sediment or if it is pale or discolored, milky or cloudy, stringy orropy, your Kidneys or Bladder are in a bad condition. Dr. David Kennedy's Favorite Remedy speedsily cures this dangerous symptom, stops pain in the back, inability to hold urine, a burning scalding pain in passing it, frequent desire to urinate, especially at night, the staining of linen by your urine and all the unpleasant and dangerous effects on the system produced by the use of whiskey, wine or beer. Dr. David Kennedy's Favorite Remedy is sold at all drug stores at \$1.00 for a large bottle; six bottles for \$5.00.

One escaped death or injury. The walls of the buildings fell with a crash that sounded above the roar of the storm, burying people in the ruins. Samuel Deeper, at the appearance of the black cloud, started with his family for a neighboring cellar, but the house was blown over them just as they reached the door. His two daughters were caught with him by the timbers and instantly killed. His wife was seriously injured, but is still alive.

Mrs. William Hays was killed while running for shelter, and his sister, Mrs. Sarah Hays, was killed while in the house. The mutilated trunk, with the head missing, was found in the street later. Her husband and two children met death a few feet away.

The storm lasted five minutes. When it was ended the sun came out for a few minutes and shone brightly.

An Occultist's Terrible Mistake.
Montreal, April 29.—Seven years ago Thomas Stewart, then 10 years old, lost the sight of one eye, the blade of a penknife having been accidentally run into it. Dr. Alexander Proudfoot attended him. Recently Dr. Proudfoot advised the removal of the eye as the only means of preserving the other intact. This was agreed to, and the delicate task was entrusted to Dr. Proudfoot, who is assistant oculist and surgeon to the General Hospital. The operation took place at the family residence, and at its conclusion it was found that a terrible mistake had been made—the healthy eye had been removed. On recovery from the effects of the anesthetic the patient found himself blind.

GRATIFICATION IN WASHINGTON.

General Corbin says Volunteers Should Have Medals of Honor.

Washington, April 29.—The end of the Philippine insurrection is in sight in the opinion of army and navy officials. A telegram received from General Otis yesterday announced that Aguinaldo had taken what is regarded as the first step toward surrender, namely, requesting a cessation of hostilities. Secretary Alger said as the department closed that while it could not be said that peace was assured, he regarded the prospects as of the brightest, and felt confident that the end of the insurrection was near. To his mind there would be a repetition of the negotiations which were held before Santiago.

Everybody is praising the volunteers, a marked change in the sentiment expressed a few days ago, when it was understood that the men were pleading to be brought home. Colonel Funston came in for the most commendation, even the regular officers taking note with admiration of the fact that his achievements were all strictly within the line of the plans laid down for him by his superior officer, General Wheaton.

General Corbin said that every volunteer who participated in the fighting in the Philippines since peace was declared should have a medal of honor. By the terms of their enlistments they were entitled to withdraw from the service, but they had remained voluntarily, performing more than was required of them, which was more than the ordinary duty of a soldier.

It is expected that today there will be further negotiations with the insurgent representatives. While the negotiators are not expected to hold out terms so severe as to lead to a renewal of the fighting, or the withdrawal of the insurgents to another stronghold further north, it is realized that Otis must exercise care to make sure that the terms do not take advantage of the opportunities afforded by a suspension of hostilities to secure whatever benefit to themselves may come from the rapidly approaching rainy season.

General Otis' dispatch was telegraphed to the president, and a cablegram to who sent the following cablegram to General Otis: "Your message announcing the advance of MacArthur's division and the proposal of the insurgents for the suspension of hostilities most gratifying. Convey to officers and men our heartfelt congratulations and gratitude."

SWEPT BY TIDAL WAVES.
British Captain Rescues Inhabitants of a Pacific Island.

Washington, April 29.—Tidal waves and gales have caused great damage to the low islands of the Carolinian group during the few months, according to Captain Hitchfield, master and owner of the British schooner Queen of the Isles, which arrived at Manial, near Hong Kong, from the Caroline group. He says that all the bread fruit and taro, the only luxuries the natives have to vary their usual meal of coconut and fish, have been killed. In December last the Queen of the Isles picked up the crew and passengers, 29 in all, of the American missionary schooner R. W. Logan, of Boston, which was wrecked during a storm on one of the Mortlock islands. Landing the missionaries safely on their own island, the Queen of the Isles proceeded eastward.

After a day's sail past the Borda-islands Captain Hitchfield was seized with a strong impression that he should visit these islands. He accordingly turned back and found the island of St. Augustine half washed away. Fourteen people, on the verge of starvation, had taken refuge on the highest point of the island, their gardens on the lower portions having been swept out of existence by an immense tidal wave. These people were taken aboard and turned over to the Spanish governor at Honape. On her last trip the Queen of the Isles landed them at their original homes on one of the western high islands.

MR. SLOANE DIVORCED.

The Divorced Wife at Once Married Her Former Husband.

New York, April 29.—Henry T. Sloane, the well known wealthy society man, was yesterday granted an absolute divorce from his wife, Jessie A. Sloane. The decree was handed down by Justice Stover in the supreme court, and was based upon the report of Referee William L. Turner, who was appointed by Justice Francis Scott. The name of the co-respondent was not disclosed. The custody of the Sloane children, Jessie, Emily and Eleanor, was given to Mr. Sloane. He was also accorded the right to marry, and the defendant to the suit. It was stated should not lawfully marry again until after the death of Mr. Sloane.

"But," the decree continued, "the remarriage of the said parties to this action is not hereby prohibited." Mrs. Sloane is deprived of the right to any part in Mr. Sloane's property.

Perry Belmont and Mrs. Sloane, the divorced wife, were married at 8 o'clock last night at Greenwich, Conn., by Rev. Walter M. Barrows.

Before leaving this city, and at Mr. Belmont's request, the new Mrs. Belmont conveyed her home at No. 9 East Seventy-second street, recently given to her by Mr. Sloane, and all its contents, to the State Trust company, with instructions to convey it back again to Mr. Sloane. The property is valued at \$550,000. Should he refuse to accept it the trust company is instructed to invest the proceeds of the sale of the house for the benefit of the Sloane children.

Employer and Employee in Conference.
Clearfield, Pa., April 29.—The miners and operators were in conference all day yesterday without coming to any agreement. The Tyrone scale of 46 cents for producing has been virtually agreed upon, but the rate for machine work has not been decided, the miners demanding 75 cents per ton and the operators refusing that price. Another meeting is being held today. It is generally expected that a compromise rate of 25 cents per machine mining will be agreed upon.

Two Cuban Bandits Killed.
Santiago de Cuba, April 29.—In a fight at Palma Soriano, the northwest of Santiago, between the gendarmes and a band of outlaws, one bandit was killed and one captured. The chief of the gendarmes reports that the captured outlaw was afterwards killed while he was trying to make his escape, but it is not certain how many of the outlaws really were an intentional killing.
