HOW TO FIND OUT.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night.

More Than a Million Women Have Been Helped by Mrs. Pinkham's Advice and Medicine. Mrs. Ehlinger Thanks Mrs. Pinkham. "DEAR MRS. PINKHAM: I have many, many thanks to give you for what your Vegetable Compound has done for me. After first confinement I was sick for nine years with prolapsus of the womb, had pain in left side, in small of back, a great deal of headache, palpitation of heart and leucorrhoea. I felt so weak and tired that I could not do my work. I became pregnant again and took your Compound all through, and now have a sweet baby girl. I never before had such an easy time during labor, and feel it was due to Lydia E. Pinkham's Vegetable Compound. I am now able to do my work and feel better than I have for years. I cannot thank you enough."—Mrs. Edward Ehlinger, Devine, Texas.

FLAG OF TRUCE TO LUNA

General Lawton Sends Officers to the Insurgent Leader.

MONEY AND FOOD FOR PRISONERS

The Americans Will Ask For an Exchange of Prisoners, Among Whom Are Probably Lieutenant Gillmore and the Men of the Yorktown.

Manila, May 2.—General MacArthur has sent officers to General Antonio Luna, the Filipino commander, under a flag of truce, carrying money and provisions for American prisoners in his hands, and asking an exchange of prisoners and the names of such as he may have.

It is reported that the insurgents have two officers and 16 others, and it is supposed that among these are Lieutenant J. C. Gillmore and men of the crew of the United States gunboat Yorktown, who fell into the hands of the Filipinos last month, when the gunboat visited Baler, on the east coast of Luzon.

Major Bell, with a squad of scouts, has captured the town of Macabebe, about four miles southwest of Campit, the people ringing bells and shouting "vivas."

REPORT FROM ADMIRAL DEWEY

He Tells of the Safety of Gillmore and Some of His Men. Washington, May 2.—The following cablegram has been received from Admiral Dewey, dated Manila, April 30: "Apparently reliable information ten of the Yorktown crew, including Gillmore, are prisoners at insurgent headquarters. Am continuing investigation."

As there were 15 members of the Yorktown party captured by the Filipinos at Baler and Admiral Dewey accounts for only ten of them, it is feared that the other five have been killed. They probably were killed or fatally wounded in the original assault upon the landing party at Baler. The identity of the members of the party still unaccounted for is not known. A telegram was sent to Admiral Dewey yesterday asking him to inform the department if possible of the names of the men known to be in the hands of the Filipinos. It is accepted at the department that the reason that he has not already furnished these names, with the exception of that of Gillmore, was because he did not have the information. The insurgent headquarters, where Admiral Dewey says the men are held prisoners, is supposed to be San Fernando, but there is no assurance on that point.

PAYING OFF THE SPANIARDS.

Washington, May 2.—The last move in the negotiations terminating the war with Spain occurred yesterday, when Secretary Hay paid to the French ambassador, M. Cambon, the \$20,000,000 provided by the treaty of peace for the cessation of the Philippines. The payment was made in four treasury warrants of \$5,000,000 each, and was received by M. Cambon, as completely liquidating the obligation of the United States in this connection.

It is expected that exchange for the entire \$20,000,000 will be purchased by Spain's representatives in the New York market. Dealers were of the opinion that exchange for about three quarters of the amount of the indemnity had already been gathered and that the remainder would be obtained without a further advance in rates.

Maternity

If every expectant mother would put herself under Mrs. Pinkham's care and follow her advice, which costs nothing, the experience of maternity would be approached without peril and passed with the least possible pain.

Mrs. Perley Moulton, Thetford, Vt., writes: "DEAR MRS. PINKHAM: I think Lydia E. Pinkham's Vegetable Compound is an excellent medicine. I took several bottles of it before the birth of my baby and got along nicely. I had no after-pains and am now strong and enjoying good health. Baby is also fat and healthy."

Mrs. Chas. Gerbig, 304 S. Monroe St., Baltimore, Md., writes: "DEAR MRS. PINKHAM: Before taking your Vegetable Compound I was unable to become pregnant; but since I have used it my health is much improved, and I have a big baby boy, the joy and pride of our home."

It is not Nature's plan that bearing children shall destroy comeliness or wreck health. Write to Mrs. Pinkham at Lynn, Mass., for practical counsel.

Mrs. Cora Gilson, of Yates, Minn., writes: "DEAR MRS. PINKHAM: Two years ago I began having dull, heavy, dragging pains in my back, masses were profuse and painful, and was troubled with leucorrhoea. I took patent medicines and consulted a physician, but received no benefit and could not become pregnant. Seeing one of your books, I wrote to you, telling you my troubles and asking for advice. You answered my letter promptly and I followed the directions faithfully, and derived so much benefit that I cannot praise Lydia E. Pinkham's Vegetable Compound enough. I now find myself pregnant and have begun its use again. I cannot praise it enough."

Mrs. Ed. Waddell, Philadelphia, Pa., writes: "DEAR MRS. PINKHAM: I wish to tell my suffering sisters about your Vegetable Compound, to which I owe my life and three fine, healthy children. Five years ago now, I had three miscarriages and at the time of the second one the doctor said another would kill me. In six months I had another. Well, I did nothing; I was lifeless and listless, cared for nothing. I thought I would ask your advice and try your medicine, and I am so glad I did, for it made such a change in me. I gained strength, slept well and gave birth to a nice boy with comparatively little suffering. Since then have had two children, which through the use of Lydia E. Pinkham's Vegetable Compound I was able to bring to maturity. I feel that I could not do without your medicine at such a time. I am now well, and do all my own work. I thank you for your kind advice and shall not be without your medicine. I recommend it to all who suffer."

Mrs. Ehlinger Thanks Mrs. Pinkham. "DEAR MRS. PINKHAM: I have many, many thanks to give you for what your Vegetable Compound has done for me. After first confinement I was sick for nine years with prolapsus of the womb, had pain in left side, in small of back, a great deal of headache, palpitation of heart and leucorrhoea.
