Politics cut quite a figure in the election of county superintendent of schools. The Losch people openly dvocated the re-election of Weiss, while the Brumm-Whitehouse-Schrink triumvir are said to have worked to secure his defeat. The Schuylkill Haven statesman secured a victory that will develop in the Senatorial election in that district one year hence. MR. ATKINSON'S PROTEST.

Declares His Pamphlets Are Reprints one Man Fatally Shot by a Buffale of Senate Documents. Boston, May 3.—Hon. Edward At-kinson, discussing the statement that the postmaster general had directed that certain pamphlets prepared by Mr. Atkinson be taken from the mails to Manila, said that the documents were compilations of facts and figures taken from the debates in the Another large flood of grain carriers national house and senate and calling reached port last night, and the conattention to points overlooked in de-

bate. Mr. Atkinson said: "There are two pamphlets only. The first edition of the first, printed in November, was dedicated to President McKinley, in support of his statement that 'forcible annexation would be criminal aggression.' The facts and figures given in that pamphlet were made the frequent subject of debate in the house of representatives and the senate during the session, and the pamphlet as a whole was finally print-ed by order of the senate as senate document No. 62.
"The second pamphlet was issued

late in February, when it appeared that acts of criminal aggression were being committed in the Philippines. In that pamphlet certain facts and statements were submitted to the attention of the senate, and were the subject of debate, and that pamphlet again, by order of the senate, was printed in the senate document. "These pamphlets were, on April 24 and 25, addressed by me to Admiral George Dewey, President Schurmann, Professor Worcester, General Otls,

General Lawton, General Miller and the correspondent of a New York Il-lustrated weekly in Manila. None others have to my knowledge been sent to any one else. I desired to send them to other officers, and for that purpose notified the war depart-ment of my intention, and asked for a list that would give me the names, "If it is unlawful for a citizen of the United States to communicate with other citizens in Manila by sending them documents in a private edition which have been printed by order of the United States senate as public docu-ments I am content to leave the mat-

"I would, however, call the attention of the postmaster general to the necessity of requiring that all newspapers lately printed here and elsewhere which contain the late speech of Sen-ator Hoar, given at the Republican club in Boston, in which he used this expressive phrase: 'I can see no difference in lynching a southern postmaster and lynching a people because they think a government derives its just powers from the consent of the governed,' be taken from the mails.
"If this attempt to forbid free speech

and free mails to the people of this country has been made I think the people will decide themselves what to do about it."

GRAIN SHOVELERS RIOTOUS.

Strike Sympathizer. Buffalo, N. Y., May 3,-The trouble between the contractors and the grain shovelers becomes more serious and complicated each hour. Yesterday afternoon William K. Kennedy, a nephew of one of the grain contractors, was shot through the right lung while walking at the head of a gang of scoopers, who were on their way to unload a boat. There were about 59 men behind Kennedy. At the foot of Main street they were met by a large crowd of strikers and trouble began at once. Buck Skinner, who was apparently the leading spirit among the strikers, although he is not a scooper, drew a revolver and began firing indiscriminately. His second shot struck Kennedy, who fell to the ground. Another shot struck James J. Hennessy, a fireman, who was stand ing in a doorway. Hennessy's wounds are slight. A large force of police hurried to the scene and forced the crowd to disperse. Half a dozen men assaulted Contractor James J. Kennedy, but were driven away by the police. Skinner and a number of others were arrested.

#### PECULIAR CALIFORNIA TRAGEDY.

Murder and Suicide Reveals Singular Attachment Between Women. Stockton, Cal., May 3.—A peculiar tragedy came to light here yesterday, when the bodies of Mrs. William Hickman and Mrs. Hassall, clasped in lov-ing embrace, but both dead, were found in a room of a lodging house, a bullet having ended the life of each. Mrs. Hassall had been morbidly infatuated with Mrs. Hickman for some months. Monday night Mrs. Hassali told Mrs. Hickman that she was going to start for London yesterday, and begged Mrs. Hickman to spend the night with her. Mrs. Hickman consented, and her relatives, growing alarmed at her non-ap-pearance yesterday, visited the lodg-ing house and discovered the bodies. Mrs. Hassall had killed Mrs. Hickman and then berself. Mrs. Hassall came from London, Eng., and called her-self the duchess, claiming that her hus-band is a duke. She became so madly infatuated with Mrs. Hickman that her husband left her, but the couple were about to be reconciled. Medical men are of the opinion that Mrs. Hassall was insane.
