OUR COUNTRY: First, Last and Forever.

The present grand jury did its work well, in placing the costs on prosecutors in trivial cases that should never have even reached the Justice's office.

If Gov. Leary, of Guam, is related in any way to the O'Leary branch of the family, there will be little doubt about securing home rule for the island.

If the Democratic county convention finds itself short of material, Chairman Moyer has only to call on Shenandoah. While there are now six candidates in this town, we have others in reserve awaiting to be sacrificed.

Up at Scranton, one of the Councilmen of that town unmercifully pounded an editor, because the latter's paper contained abusive articles with reference to the official. Strange as it may seem, no prosecutions have been entered.

There is a quaint newspaper in this county. It has an amusing habit of insisting that its weak points are its strongest features. At the moment prudence dictates that it keep quiet, it breaks out in a burrah. And then the readers laugh at the editor's ignorance.

With the Wilkesbarre News, the leading Democratic exponent of the 16 to 1 dogma in Luzerne county, deserting the silver cause, and the editor of the New York World prophesying Bryan's defeat again, surely the pious penny-a-liners are having troubles of their own.

In 1898 Janks, the Democratic candidate for Governor, received 1645 more votes in Luzerne county than did Stone; in 1897, the same county gave the Democratic candidate for State Treasurer 1822 more votes than his Republican opponent. Yes, we think Luzerne went Democratic last year and the year previous. When you see it in the HERALD it's so.

The wisdom of selecting Jury Commissioners from among the residents of that portion of the county generally known as "north-of-the-mountain" is shown by a perusal of the names drawn for jury duty during the present year. Heretofore this section of the county was discriminated against in that respect, but during the period mentioned the taxables in this section have received a proper and just recognition.

It might be well for those papers that pattern after the New York Journal, so far as the financial question is concerned, to be equally honest towards their readers. The Journal, speaking of the improved condition of business, says it is "willing to commend any effort made to improve the condition of those who toil. The advance in wages by the various companies engaged in the steel and iron trade is most gratifying." But, then, we cannot expect such statement from men who are "puffed up" with their own superior knowledge.

FORMER Congressman Reilly, in union with almost every resident of Pottsville, is deeply chagrined at the plain architecture of the public building. He expresses regret that the appropriation was not greater, and says it would have been had it remained in Congress. The cause ascribed by the ex-Congressman, is not the correct one. To the greed of the average Pottsvillian can be attributed the reason. The government was compelled to pay double the price for the site, and therefore had to curtail the expenditure on the building. Don't blame the government.

THE Episcopal convention of the Diocese of Pennsylvania, which has been in session in Philadelphia this week, adopted an important amendment to Canon IV, which makes provision for the admission of a church into a diocese. The amendment provides that any church applying for membership in the diocese shall contain in its constitution or by-laws a distinct declaration that the church or congregation will not sell, charge or encumber any of its real estate without the previous consent of the standing committee of the diocese and that it will make no grant of its real property or impose any charge hereon without the consent of a

AN EASY TEST.

If you are suffering from Kidney or Bladder disease, the doctor asks: "Do you desire to urinate often, and are you compelled to get up frequently during the night? Does your back pain you? Does your urine stain linen? Is there a scalding pain in passing it, and is it difficult to hold the urine back? If so, your Kidneys or Bladder are diseased."

Try putting some of your urine in a glass tumbler, let it stand twenty-four hours. If there is a sediment, or a cloudy, milky appearance, your Kidneys are sick.

Dr. David Kennedy's Favorite Remedy will surely relieve and cure even the most distressing cases of these dread diseases, and no physician can prescribe a medicine that equals it for Diseases of the Kidneys, Liver, Bladder and Blood, Rheumatism, Dyspepsia and Chronic Constipation. It will promptly correct the bad effects of beer and whiskey. All drug stores sell it for one dollar a bottle.

By sending your address to the DR. DAVID KENNEDY CORPORATION, Rondont, N. Y., and mentioning this paper a trial bottle, together with pamphlet of valuable medical advice, will be sent you free postpaid by mail. Our readers can depend upon the genuineness of this liberal offer.

Four hundred collection boxes for Allentown's new hospital have been distributed among the hotels, stores and public places in that city.

BRAVE SAILORS HONORED.

Washington, May 6.—The president has presented gold medals to a number of persons in recognition of their heroic services in effecting the rescue of American citizens from disabled vessels.

The following persons of the British Steamship Pinnac Point, for rescuing the master and crew of the American schooner Annie L. Green, Dec. 7, 1898, were thus rewarded: John Davies, chief officer; Carl Hurlin, boatswain; Christian Peterson, carpenter; Albert Simmons, G. Mackay and George Smith, seamen.

Also the following members of the British steamer Erie, concerned in the rescue of the captain and crew of the American schooner Bertram N. White, Dec. 2, 1898: Thomas Thistle; Daniel Hughes, boatswain; Charles W. LeVick; Frederick Westfield and John Shick, seamen.

The following of the British steamer Orthis, who participated in the rescue of the captain and crew of the American bark St. Lucie, wrecked at sea on Nov. 29, 1898, were given medals: Andrew Malcolm Reid, chief officer; Hugh Gray, carpenter; James Halden; boatswain; Harry Gordon, Joseph Arwoodson and H. Hansen, seamen.

Bucklen's Arnica Salve. The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, and is equally efficacious in the treatment of perfect satisfaction or money refunded. Confession That May Save Dr. Kennedy. Albany, N. Y., May 6.—Governor Roosevelt has received from the state department the deposition made by Richard Nicholson, a prisoner in Wormwood Scrubs prison, London, alleging that Nicholson killed Dolly Reynolds in New York city last summer.

Dr. Kennedy is awaiting execution for this murder. The statements in the deposition will be investigated, but not much reliance is placed in Nicholson's story.

Bad blood and indigestion are deadly enemies to good health. Burdock Blood Bitters destroys them.

PEACE IS IN SIGHT.

Dispatch From President Schurman Shows a Satisfactory Condition. Washington, May 6.—The state department yesterday received a dispatch from President Schurman, of the Philippine commission, giving the substance of the conference with the Filipino representatives, and asking for further instructions.

The text of the dispatch is not to be made public. Secretary Hay stated that it showed a very satisfactory condition of affairs in the Philippines, and pointed to a settlement of the difficulties there.

The reply of the president to Professor Schurman's cablegram, it is understood, stated that he was very anxious to have the peace negotiations concluded at the earliest possible moment, and to this end he desired that no unnecessary or humiliating conditions should be imposed upon the insurgents.

It is believed in administration circles that as soon as Aguinaldo is convinced of the sincerity of the American government he will agree to surrender. He will be required, however, to lay down his arms. This will be the principal condition.

Wireless Telegraphy For Yacht Race. London, May 6.—According to a statement made to the press correspondents here by the secretary of the Wireless Telegraphic company, the first attempt to transmit transatlantic messages by the Marconi system will be made during the contests for the America's Cup, which will be established at Sandy Hook and will be held along the course laid out for the great yacht race, from which the entire contents will be visible. Messages recording the progress of the races will be transmitted from these stations to a point on the Irish coast in the neighborhood of Waterville.

Washington's Double Banging. Washington, May 6.—The double hanging of Wm. Strathairn and Charles Winston at the district jail passed off quietly. The two colored men started for the scaffold just at noon and seven minutes later they were swinging from the gallows. Both sang on the way from their cell to the scaffold and continued to sing till the drop fell. Each killed a woman because of jealousy.

Strathairn's victim was Rose Talbot, who had left her husband to live with him. Winston shot his wife Emma.

Pelloux Recalled to Power. Rome, May 6.—General Luigi Pelloux, premier and minister of the interior in the Italian cabinet which resigned on Wednesday in consequence of interpellations in the chamber of deputies touching the government's handling of the Chinese question, has been recalled by King Umberto with the reconstruction of the ministry.

The Mollieux Case Delayed. New York, May 6.—The grand jury took up the case of Roland B. Mollieux, charged with the murder of Mrs. Adams, again yesterday, but adjourned until Monday without handing in an indictment or report. It transpired that the relations between the district attorney's office and the grand jury were not of the most cordial kind.

District Attorney Gardner said that he would be rejoiced if the grand jury would take the case off his hands and assume the responsibility. He said it had worried him a good deal, and that he had been worried much by other recent cases, notably the Dolly Reynolds case. Some comment was caused by the fact that Foreman Church and another member of the jury belong to the Loyal Legion, and are friends of their fellow member, General Mollieux, father of the prisoner.

Organized Labor a Persecution. Washington, May 6.—G. W. Perkins, of Chicago, president of the International Cigar-makers' union, and David Ross, secretary of the Illinois bureau of labor statistics, were before the industrial commission yesterday. Mr. Perkins expressed the opinion that it had not been for organized labor Chicago might have been laid in ashes during the last industrial depression.

They had exercised a mollifying influence when excitement among the unemployed was running high. Mr. Ross declared the employment of the instruction in labor troubles had been mischievous and had failed to prevent the troubles at which it aimed.

French War Minister Resigns. Paris, May 6.—M. Charles Louis De Freycinet, minister of war, it is reported, has resigned in consequence of the reception given to his explanations in the chamber of deputies yesterday regarding the suspension of the lectures of M. Duruy, a professor in the Ecole Polytechnique, after disturbances by his students.

THE BUFFALO STRIKE.

Arbitrators Worked Hard to Prevent Its Extension. STRIKERS WERE UNYIELDING. The Big Strike Prophesied For Yesterday Noon Was Postponed at the Request of the State Board—The Freight Blockade Increasing.

Buffalo, May 6.—The members of the state board of arbitration and mediation worked hard yesterday in an endeavor to settle the existing troubles on the docks. Conferences have been held with the strike leaders, meetings have been addressed and speeches listened to, and at midnight a conference convened at the Ingoton hotel, at which were present representatives of all the interests involved, and a most determined effort was made to bring about a settlement of the difficulty.

While there is every indication that Contractor Connors is willing to grant concessions to the strikers in the way of advanced wages and the removal of the almon bosses, the strikers show a most unyielding spirit.

At 1 o'clock this morning the conference between the different interests were closed. Nothing was accomplished except that Mr. Connors, as counsel for the Lake Carriers' association, made the argument for the vessel owners. He said that while the association would see that the scopers would receive fair treatment, it was not and would not attempt to force the contract upon the vessel owners in Buffalo and Cleveland, and others, pleaded for a settlement of the strike, but President McMahon, of the scopers' union, and his associates would consent to nothing until the contract system was abolished and the men allowed to deal directly with the Lake Carriers' association. Thus the matter stands.

The next move will be to it is impossible to say. The Lake Carriers' association has ordered the masters of vessels to put their crews at work shoveling grain. In case the men refuse, which is likely, another complication will arise.

A meeting was held yesterday afternoon, at which were present fully 2,000 scopers. When a member of the state board advanced to the front of the stage and addressed the men, asking them if they would return to work if all their demands were met—that of the withdrawal of the contract from Mr. Connors—were conceded, there was a great shout of "No, never. We will not go to work again under any contract."

The strike of all union men employed on the docks, which was prophesied for noon yesterday, did not occur. President McMahon, of the scopers' union, says that at the request of the state board, the number of men placed on each boat is so small that but little progress is being made.

Traffic on the Erie canal is threatened with almost a complete stoppage as a result of the strike. Boats are arriving with freight to be unloaded and others are waiting here for loads of grain and heavy freight, but men cannot be had to do the work.

The contractors claim to be working on the elevators, but while this is probably true, the men are not placed on each boat so small that but little progress is being made.

The freight boats are also beginning to come in, and there are several now at the docks waiting for men to handle their cargoes.

HOW TO FIND OUT.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. At druggists fifty cents or one dollar.

You may have a sample bottle and a book that tells more about it, both sent absolutely free by mail, if you send your address to Dr. Kilmer & Co., Binghamton, N. Y. When writing be sure and mention that you read this generous offer in the Shenandoah HERALD.

Rosebery's Political Retirement Final London, May 6.—The Earl of Rosebery, former Liberal prime minister and lord president of the council, addressing the London Liberal club last night, replying to a toast in which the hope had been expressed that he would quickly return to active politics, said: "I hope nothing has occurred tonight that will cause me to change my mind. I have an intention of returning to the active arena which, deliberately and for good reasons, I forego in 1896."

The Homeliest Man in Shenandoah As well as the handsomest, and others are invited to call on any druggist and get free a trial bottle of Kemp's Balsam for the Throat and Lungs, a remedy that is guaranteed to cure and relieve all Chronic and Acute Coughs, Asthma, Bronchitis and Consumption. Price 25c and 50c.

Sheriff Sues State Officials. Pana, Ill., May 6.—Sheriff Downey, who was arrested and disarmed by the militia on Thursday, has instituted suits for injunction against Governor Tanner, Adjutant General Reese, Colonel Culver, Captain Cook and other state militia, to restrain them from interfering with the sheriff or the civil authorities in the performance of their legal duties. It is generally believed that Judge Farmer will grant the injunction. Sheriff Downey also brought suit for \$5,000 damages against several officers of the state militia.

Do You Know Consumption is preventable? Science has proven that, and also that neglect is suicidal. The worst cold or cough can be cured with Shiloh's Cough and Consumption Cure. Sold on positive guarantee for over fifty years. Sold by P. D. Kirkin and a guarantee.

Idaho Rioters Satisfied. Wardner, Idaho, May 6.—Three hundred and fifty miners accused of participating in Saturday's riot are now confined here under guard of United States troops. The charges against the prisoners will be rioting, destroying property and stopping United States mails. It is unlikely that all the prisoners will be tried, but they will be held until the evidence is collected against the leaders. There are now 500 troops in the Cour D'Alene district and all fear of further outbreaks is past.

On Every Bottle Of Shiloh's Consumption Cure is this guarantee: "All we ask of you is to use two-thirds of the contents of this bottle faithfully, then if you can say you are not benefited return the bottle to your druggist and he may refund the price paid." Price 25c, 50c, and \$1.00. Sold by P. D. Kirkin and a guarantee.
