# THE FILIPINO CONGRESS

Meets and Expresses a Strong Desire For Peace.

THERE WAS NO QUORUM PRESENT

But Nevertheless the Congress Transacted Some Business—Those Present Were Mostly Partisans of Aguinaldo, Considering Provincial Constitution

Manila, May 11.—Reports received from the insurgent line, which, however, have not been confirmed, say that a meeting of the Filipino congress has been held at San Isidro. There was no quorum present, but in spite of this fact some business was transacted. The reports add that although those who attended were mostly partisans of Aguinaldo, a strong desire for peace was expressed.

Major General MacArthur will probably remain at San Fernando until fresh troops can be forwarded to him from this city to replace some of the volunteers, who have become exhausted from the long campaign.

Filipino riflemen to the number of 8,000 are entrenched on three sides of Bacolor. The Americans, however, are fully able to hold the city, if Monday's attack was a specimen of the enemy's fighting ability.

The United States Philippine commission has been considering a provincial constitution for the Island of Negros, which was framed by Colonel Smith and leading natives. It is largely modeled after the constitution of California. While it has many good points, the commission will probably recommend a uniform government for all the provinces. This constitution, it is intended, will give the natives self government, co-operating with the military regime. Work upon the constitution has been apportioned to the several members of the Philippine commission. The report of President Schurman will give special attention to national, provincial and municipal government. Colonel Charles Denby will consider the organization of courts and Professor D. C. Worcester will investigate tribal, physical and commercial features of the islands. All the members of the commission are consulting with resident experts.

Georgia Whites Honor a Negro.

Albany, Ga., May 11.—Frank W. McCarthy, one of the most prominent negroes in southwest Georgia, died at his home in this city Wednesday night. His funeral occurred yesterday afternoon, and was attended by an immense concourse of both whites and blacks. For the first time in the history of Albany, a town of 8,000 inhabitants, every store and office was closed in honor of a negro, no business being transacted while the funeral was in progress.

Costs about ¼ as much as coffee. 15 and 25c.

Poison in the Buttermilk.

Buena Vista, Ga., May 11.—A wholesale poisoning occurred at a colored revival meeting near here Monday. Among the viands provided for the delegates was a can of buttermilk, from which a dozen members drank freely. All were rendered deathly sick almost immediately, and Rev. Donnoway died in a few hours. Two other preachers are also expected to die. It was believed the milk was poisoned from contact with the metal vessel.

# THE WOMAN WHO COUGHED

## A Wreck From Grippe, Catarrh and Asthma.

## RESTORED WITH BRAZILIAN BALM

I was known as "The Woman who Coughs," for I coughed incessantly. I was a school teacher till my health failed. Catarrh had eaten away the partition in my nose. It had produced Bronchitis, Asthma, dreadful Stomach troubles and weak kidneys. In fact it had gone all through my system, making me an easy victim for the Grippe which left me a wreck in mind and body. This was the condition the doctors left me in, after dosing me with opium, quinine, etc. Then I bought cough cures without end but they only made me worse, I was in despair till I got hold of **Brazilian Balm** and **Toxicola Tablets.** They acted like magic from the first, and in a few weeks I was cured and better than I had been in years. Talk about wonderful remedies, **Brazilian Balm** and **Toxicola** saved my life.

Miss L. L. Clark, 917 Horton St.

You get more doses of **Brazilian Balm** for the money than any other remedy. 25, 50 cents and $1.00 a bottle at druggists. With every $1.00 bottle you get one month's treatment of **Toxicola Tablets** free; the best tonic, nerve and strength builder in the world.—B. F. Jackson & Co., Mfg. Chemists, Indpls, Ind.

# MILES' COUNSEL TALKS.

W. H. Probasco Discusses the Beef Investigators' Report.

IT IS ILLOGICAL AND UNCERTAIN.

Mr. Probasco Declares That General Miles' Charges Were Clearly Proven, and Blames Secretary Alger and General Corbin For Opposing Miles.

Cincinnati, May 11.—The Enquirer prints an interview with H. R. Probasco, ex-United States district attorney here, a relative of ex-Senator Sherman, and recently counsel for General Miles.

"When the court convened, having previously served General Miles as counsel in other matters, I was asked to go to Washington and confer with him regarding the proceedings before the court of inquiry. It was determined that, inasmuch as General Miles was not in the attitude of one accused, it would be ill advised to introduce a lawyer, and Major J. M. Lee was selected by General Miles to aid the court and the recorder.

"Did you take any active part before the court?"

"My only connection with the case was conferring with General Miles and Major Lee regarding the summoning of witnesses and the examination of the most important ones."

"What is your opinion as to the report of the court of inquiry?"

"I have not read the full report, but have seen the synopsis of it. I was amused that three intelligent army officers, sitting as a court for weeks, and examining several hundred witnesses, should have rendered such an illogical and uncertain decision. The decision amounts to the court finding that the beef packers were saints sent to our soldiers with manna from Heaven, and that General Miles was careless because he did not report the first vague rumor which came to his ears that this food was bad. Every witness condemned in unstinted terms the so-called canned roast beef as an unfit ration. The chief clerk of the commissary general's office testified that canned roast beef in 1878 was an unfit ration."

"What about the embalmed beef?'

"Before bids were received by the commissary general he was advised by expert cattle and beef men that fresh beef would not hold up 24 hours after delivery from the refrigerator in the climate that prevailed in Florida and the West Indies, and that the best course to pursue would be the purchase of beef on the hoof. He told these gentlemen that the parties who desired to furnish the fresh beef had a process which they said would enable them to deliver meat which would keep sound and fresh for 72 hours after delivery from the refrigerator. The day after the bids were opened attorneys in Washington addressed a communication to the secretary of war, making the argument that notwithstanding their clients bid somewhat higher than the others they ought to be awarded the contracts, because of their ability to perform their contract by means of the Powell process for the preservation of meat, which they controlled, and which had been satisfactorily tested under the auspices of the government. This letter was referred by the secretary of war to the commissary general for his consideration, who returned it to the secretary with his endorsement, in which he said: 'These tests are not the only tests which have been made,' leaving the plain inference that the other bidders also had processes for the preservation of meat, which had been tested.

"This letter was returned by the secretary of war. Mr. Daly's testimony that he had found by chemical analysis of meat furnished the soldiers that it contained chemicals was in no wise contradicted. Three witnesses, Sergeant Mason, Lieutenant Gampher and Dr. Castle, testified that the agent at Lakeland, Fla., had told them that they had found it impossible to comply with their contract to deliver fresh meat which would remain sound and sweet for 72 hours after delivery from the refrigerator without the means of a chemical process, which process was a secret even to him. If the court found in the face of this testimony that the meat delivered was not chemically treated it amounts almost to stultification."

"Has there been any change in the manner of supplying troops fresh meat since the criticism was first made?"

"Indeed there has. Cattle on the hoof are now being delivered in Cuba, slaughtered on the island and delivered to the troops the following day, and no complaint has been made. Furthermore, so-called canned roast beef was dropped as a meat ration some time, I think, during last August or September, all of which shows that General Miles' reference to the method of supplying the troops with meat was an experiment was correct, and that his opinion that beef on the hoof is the only suitable fresh meat ration for troops was well founded.

"General Miles has no political ambition whatsoever, and no more thinks of being a candidate for president or any other office than I do."

Mr. Probasco blames the secretary of war and the adjutant general with opposing the general commanding the army.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz. Thus writes W. C. Hamnick & Co., of Shelby, N. C. Trial bottles free at A. Wasley's Drug Store. Regular size 50c and $1.00. Everybottle guaranteed.

AN EFFICIENT SIGNAL CORPS.

How the Telegraph Has Aided Our Philippines Commanders.

Washington, May 11.—General Greely has received a report, dated March 4, from the chief signal officer at Manila, showing what the signal corps has done during the early days of the campaign. During the military operations lines were constructed in every direction. Where they passed through thickly settled native districts they were often cut, and communication was carried on by a system of rockets and other signals until they could be repaired. As the troops were advanced the telegraph wires were carried forward with great celerity. Something of the use of the wire in field operations may be judged from the fact that the number of messages handled on the day preceding the battle of Feb. 5 was 515, and on the day of that action 1,120 were transmitted. Upon the day the report to General Greely was written 1,209 messages were handled, with a total of 30,534 for the preceding month. The report states that it is possible to reach any command, depot, outpost or individual line from 29 different telegraph offices, the only delay being consequent on the great volume of business and the necessity for precedence in order of importance.

A Combine That Should Stick.

Boston, May 11.—An attempt is being made to effect a combination of the various glue companies in the country, and options on several plants have been obtained. A New York syndicate, represented by Samuel Untermyer, is promoting the trust. Two of the standard glue companies have up to the present time refused to lose their identity in the amalgamation. They are the Peter Cooper Glue company, of New York, and Baeder, Adamson & Co. of Philadelphia. The largest interests favoring the consolidation are the Armour Glue works, of Chicago, the American Glue company and the Diamond company, of Chicago.

A SERMON FOR MEN.

The man who earns his living with his brains cannot afford to neglect his body. The body is the furnace and boiler that furnishes steam to the brain. If the furnace is permitted to get clogged with clinkers, the boiler will make no steam, and the delicate machinery of the brain will slow down and come to a dead stop.

When a man finds that his ideas do not come as freely as they once did, he needn't worry about his mental machinery, but he had better look to his body. His stomach and intestines are clogged with the clinkers of indigestion. His blood is impure, and does not receive the proper elements to put vim and speed into the machinery of the brain. If he neglects this condition he will suffer from headaches, sleeplessness, loss of appetite, confusion of ideas, despondency and lack of energy. Eventually he will break down with nervous exhaustion or prostration. There is a remedy that will promptly put a man right under these conditions. It is Dr. Pierce's Golden Medical Discovery. It cures indigestion, fills the blood with the vital elements of life, tones the nerves, and makes the brain bright, clear and active. It cures all nerve and brain troubles due to insufficient or improper nourishment. The "Golden Medical Discovery" is for sale by all good medicine dealers, and only an unscrupulous dealer will try to induce a customer to take some worthless remedy, alleged to be "just as good."

Mr. Ned Nelson, the celebrated Irish Comedian and Mimic, of 527 Royden Street, Camden, N. J., writes: "We fulfilled an engagement of twelve weeks and the constant traveling gave me a bad touch of that dreaded disease called dyspepsia. I had tried everything possible to cure it till last week while playing at B. F. Keith's Bijou Theater, Philadelphia, in the Nelson Trio, a professional friend of mine advised me to try Dr. Pierce's Golden Medical Discovery. I tried it, and, thank God, with good results."

Constipation is promptly cured by Dr. Pierce's Pleasant Pellets. All medicine dealers.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.
