FRIDAY, MAY 12, 1906.

OUR COUNTRY: First, Last and Forever.

THE only way to make some office-  
holders appreciate a good thing is to  
use a club on them.

EVEN our Democratic friends an-  
ticipate a "monkey and parrot time"  
near approaching county conven-  
tion.

THERE are those who profess to be-  
lieve that Shenandoah will not be  
represented on either ticket next fall,  
unless it is for a minor office.

SEVERAL months ago an appeal  
was issued in behalf of the Lafayette  
monument to be unveiled at Paris on  
July 4th. It is to be made a popular  
movement, and the public schools of  
this and other states have contributed  
their portion. Pennsylvania gives  
\$3,015.55, and of this amount the  
public schools of this county con-  
tributed as follows: Pottsville, \$25;  
Mahanoy City, \$10.94; Ashland, \$15;  
Schuylkill Haven, \$13.79. The  
scholars of Shenandoah are not  
represented.

PRESIDENT MCKINLEY and his  
closest advisers think they see the  
end of the war in the Philippines, but  
they also recognize the fact that it  
will take several years to pacify the  
islands and set up the kind of govern-  
ment that is to be determined by the  
logic of events. Those who profess  
to enjoy the confidence of the Presi-  
dent state that he has not made up  
his mind definitely as to what will be  
the policy he will pursue. What he  
is striving for first is to restore order  
and impress upon the minds of the  
Filipino leaders that they cannot run  
things without the consent of the  
United States. The question of an-  
nexing the Islands will be decided by  
Congress.

The Democratic Jonah.

[So they took up Jonah, and cast  
him forth into the sea; and the sea  
ceased from raging.—Jonah 1, 16.]

It was hard on Jonah, but justifi-  
able under the circumstances. And  
the example of Jonah's shipmates  
contains a lesson for modern navigators  
in similar straits.

The Democratic party, for instance,  
is navigating a stormy sea. The ship  
is stanch and well found, and the  
crew is loyal, but the elements seem  
adverse. Nobody knows what may  
happen next. There are rocks and  
breakers ahead, and navigation in a  
howling gale is precarious.

There is a Jonah on board the  
Democratic ship, and there is reason  
to believe that if he were thrown  
overboard the sea would "cease  
raging." He is called Small American-  
ism. If there were no possibility  
of identifying the Democracy with  
the policy of opposition to national  
growth the outlook for Democratic  
success next year would be exceed-  
ingly bright.

Throw Jonah overboard.

AS important case has just termi-  
nated in the Luzerne county courts, in  
which the Treasurer of the Miners  
Mills School Board, charged with mis-  
demeanor in office, must pay to the  
Board \$1,151.50. It was the case of  
Treasurer James McCabe vs. the  
School Board, and was on an appeal  
from a surcharge made by the audi-  
tors of \$1,151.50, the amount paid by  
the school district for the famous  
school district library which was  
purchased in 1897, Mr. McCabe being  
a member of the board. M. J. Mul-  
vey was president of the board and  
two or three weeks before his term  
expired he called a special meeting of  
the school directors to buy a school  
library. Messrs. Mulvey, McCabe  
and Tasker were appointed to make  
a selection of books. After the meet-  
ing adjourned it is alleged that Mul-  
vey and McCabe met T. M. Moyley,  
the book agent, at Featherstone's  
hotel, where the library was pur-  
chased for \$1,151.50. At the time  
there was no money in the treasury  
and the teachers had not received  
salaries for four months. On June 5,  
the Saturday night before the term  
of the school directors ended, a  
special meeting was held and an order  
made for the books, payable to  
Moyley. On Monday following it was  
paid by McCabe with money received

from the tax collector. The school  
directors were then arrested for con-  
spiracy, it being alleged the library  
could be purchased for \$600. The  
case was tried and the jury disagreed.  
The auditors subsequently surcharged  
the Treasurer, with a verdict as in-  
dicated above.

A Leading Virginia Preacher Dead.  
Norfolk, Va., May 12.—Rev. George  
D. Armstrong, D. D., L. L. D., emeritus  
pastor of the First Presbyterian  
church of this city, died yesterday after-  
noon. Dr. Armstrong was born in  
Mendham, Morris county, N. J., in  
1813, the son of a minister. He was  
graduated from Princeton in 1832. In  
1838 he entered Union Theological  
seminary, and while a student of di-  
vinity was elected professor of chem-  
istry and mechanical philosophy at  
Washington college, in Lexington, Va.,  
entering upon his studies in 1838. He  
supplied Timber Ridge church from  
1839 to 1851, when he resigned his  
pastorship to assume the pastorate of  
the First church of this city, and  
served it for 40 years.

The President's Vacation.  
Hot Springs, Va., May 12.—President  
McKinley, confined from his apart-  
ments and the porch on each side  
of them only twice yesterday, except  
for his bath. Each time he went for  
a short walk with Secretary Gage  
about the grounds, once in the fore-  
noon and again after luncheon. His  
method of exercise is becoming known  
to the natives and yesterday several  
summoned sufficient courage to ad-  
dress the chief executive, in each case  
receiving a hearty handshake. Secretary  
Gage will return to Washington  
tomorrow, and it is expected that some  
other member of Mr. McKinley's of-  
ficial family will join him for a few  
days.

New York Legislature's Extra Session  
Chicago, May 12.—There will un-  
doubtedly be an extra session of the  
legislature for the double purpose of  
amending the Ford franchise tax bill  
and passing over the veto of the mayor  
of New York the rapid transit bill. The  
pith of the argument against the Ford  
franchise tax bill is that it is to be ad-  
ministered by local authorities and that  
the local authorities will adminis-  
ter it just as they please and in  
different ways, imposing a heavy tax  
in some instances and a light tax in  
others, as best suits the wishes of the  
local board.

A National Conference on Trusts.  
Chicago, May 12.—The Civic Federa-  
tion of Chicago has selected June 26  
to 29, inclusive, as the dates for a na-  
tional conference in Chicago to discuss  
trusts. The call for the gathering  
states that the purpose is "to consider  
the subject of trusts in their relation to  
economic conditions generally." The  
big industrial combinations of the  
country will be invited to send repre-  
sentatives.

Journalist Death at Her Home.  
New York, May 12.—Mrs. Emma  
Schuster, the wife of George Schuster,  
a member of the wholesale firm of  
Schuster Brothers, New York city, was  
burned to death yesterday in her home  
in Mount Vernon. She was in the  
kitchen when her clothes caught fire.  
She ran into the yard blazing, and be-  
fore the flames could be extinguished  
she was badly burned that she died soon  
afterward.

THE constantly recurring monthly suffering gives women  
the blues!  
How hopeless the future appears, month after month  
the same siege with menstrual pain!  
Comparatively few women understand that excessive pain  
indicates ill-health, or some  
serious derangement of the  
feminine organs.  
A million women have been  
helped by Mrs. Pinkham. Read  
what two of them say.

## DESPONDENT WOMEN

MRS. LIZZIE COLEMAN, of Wayland, N. Y., writes:  
"DEAR MRS. PINKHAM—For years I suffered with painful  
menstruation and falling of womb. The bearing-down pains  
in my back and hips were dreadful. I could not stand for  
more than five minutes at a time when menstruation began.  
But thanks to Lydia E. Pinkham's Veget-  
able Compound, my sufferings are now  
a thing of the past. I shall gladly  
recommend your medicines to all my  
friends."

MISS C. D. MORRIS, 3 Louisburg  
Square, Boston, Mass., writes:  
"DEAR MRS. PINKHAM—I have  
been using Lydia E. Pinkham's  
Vegetable Compound and it has  
helped me wonderfully. I was  
troubled with headache, backache  
and that weak and tired feeling. I  
cannot say enough in praise of your  
medicine for it has done me so much  
good. I shall recommend it to all  
my friends who suffer."

Despondency is a dis-  
ease. Nervousness and  
snappishness come with  
it. Will power won't  
overcome it. The femi-  
nine organs are con-  
nected by nerves with  
the brain and all parts  
of the body. These organs must be healthy or the mind is  
not healthy.

All low-spirited or suffering women may write to Mrs. Pink-  
ham at Lynn, Mass., and receive her advice free of charge.

The Rush to Visit the Nashville.  
St. Louis, May 12.—Thousands of  
people thronged the levee all day yes-  
terday awaiting an opportunity to be  
ferried out to the gunboat Nashville,  
anchored in midstream. The pro-  
fession of transportation has been grant-  
ed to but one ferry company, in order  
that the Nashville may not be over-  
crowded, and this fact nearly resulted  
in a serious accident. In the eagerness  
of the people to board the ferryboat the  
company's wharf boat became over-  
crowded. Suddenly a child was push-  
ed off the wharf into the river. It was  
immediately rescued by a policeman,  
but in the excitement that followed  
several men were shoved into the shal-  
low water and at least 25 women faint-  
ed in the crush. All were rescued with-  
out injury.

To Tunnel Under East River.  
Albany, May 12.—Governor Roose-  
velt yesterday signed the Atlantic ave-  
nue tunnel bill, which will give the  
Long Island railroad entrance to Man-  
hattan Island. The bill gives to the  
municipal assembly the power to grant  
a tunnel franchise for a term of 50  
years, with the option of renewal for  
another 25 years after a revaluation.  
The tunnel will cost in the neighbor-  
hood of \$5,000,000, and will require  
about two and a half years to build.  
The only expense to the city will be  
about \$1,200,000, or half the cost of  
depressing the tracks on Atlantic ave-  
nue between Eldridge and Flatbush  
avenues. The tunnel under East river  
will consist of two parallel conduits,  
thoroughly ventilated and lighted by  
electricity.

Women May Join the Catholic Knights  
Kansas City, Mo., May 12.—A con-  
vention of ten parishes standing well  
settled by the Catholic Knights of  
America yesterday when the delegates,  
meeting here in annual convention,  
voted to admit women to the order.  
On Wednesday the resolution propos-  
ing this change in the constitution was  
voted down, falling by 24 votes to re-  
ceive the necessary two-thirds major-  
ity. Yesterday there was a complete  
change of front, a vote being retaken  
without debate. The result was the  
surprising total of 432 votes in favor  
of the women to 29 against them. The  
convention greeted the result with ap-  
plause.

Miss Sadie Wertheim, age 14, of Tole-  
do, O., was the winner of a first prize in  
execution on the violin at the Brussels  
Conservatory of music. German critics  
say she is the greatest  
violinist of the  
first in any-  
thing. For this  
in statement  
literature, ath-  
letics, science  
and art, and  
woman put forth  
her greatest efforts. Washington was  
said to be "first in war, first in peace and  
first in the hearts of his countrymen." It  
is a great thing to be first. Nothing is  
of more value to mankind and brings great  
happiness than a good remedy. Many  
things will relieve but the one that will  
cure is best. Brazilian Balm is such a rem-  
edy. Tens of thousands have found that  
it is the only thing that would cure Cat-  
arrh and Asthma. For 15 yrs. it has nev-  
er failed in a single case to cure Asthma  
and its record has been as wonderful in  
Catarh. Cases that had, to all appear-  
ances, run into Consumption, or where the  
poisonous pus had eaten holes into the  
throat an inch deep, or where the  
stomach had become ulcerated and raw  
from swallowing the germ-laden matter,  
were all permanently cured. Such a re-  
cord, unknown to any other remedy, just-  
ly entitles the Brazilian Balm to the first  
place in the regard of the American peo-  
ple. There are 20,000,000 Catarrh victims  
and countless Asthma sufferers in this  
country, all of whom can be cured with  
Brazilian Balm. A \$1.00 bottle of Brazil-  
ian Balm contains a month's treatment  
for Catarrh or Asthma, and for 6 months  
we will wrap with each \$1.00 bottle  
month's treatment of Toxicola Tablets,  
free. Toxicola is the best tonic and nerve  
strength builder known to science.  
This is the greatest offer ever made. Ask  
your druggist and take no substitute. B.

From One Prison to Another.  
New York, May 12.—Frederick Law-  
ton, 32 years old, and Thomas Mc-  
Keon, 35, both well known to the peo-  
ple of this city as the men of the United  
States and each with a number of  
aliases, were brought back to this  
city last night from the Ohio state  
penitentiary, where they had com-  
pleted terms of imprisonment, to  
answer for crimes committed in New  
York. Lawton, who described himself  
as Watson, is wanted to answer for a  
diamond pin robbery committed here  
in 1895. McKeon, who calls himself  
Murray, and is also known as Em-  
erson and Campbell, is wanted here for  
grand larceny in the first degree and  
also for being a fugitive from justice.

Legislator Charges Attempted Bribery  
Jefferson City, Mo., May 12.—The  
house yesterday adopted a resolution  
for final adjournment May 22 after a  
hot debate, in which Mr. Barrett  
charged the effort to adjourn was  
induced by the bribery of Mr. Howling,  
he said he understood that adjourn-  
ment votes brought \$50 apiece, that he  
had been offered that sum to vote for  
adjournment, but would not say who  
made the offer. Cleary, of Kansas City,  
said the people talked much of boot-  
ling and corruption, but he invariably  
depraved. Barrett replied that he re-  
gretted the attack made on him, but  
would not answer it.

Faith Cure Again Failed.  
Chicago, May 12.—Mrs. A. T. Ewing,  
sister-in-law of former Vice President  
Adlai Stevenson, died here without  
medical treatment, refusing to submit  
to the operation that surgeons declared  
would have prolonged her life. The  
facts have only been revealed since her  
death and the creation of her body  
on Saturday. Mrs. Ewing was a de-  
voted member of the Christian Science  
circle in this city and had converted  
several members of her family.

Intimidated by Strikers.  
Niles, O., May 12.—The Erie Railroad  
company brought two carloads of New  
York Italians to Niles Wednesday and  
tried to get them to fill the places of  
the striking section men at Niles. Mi-  
neral Ridge, Canfield and Leetonia, on  
the Erie road. The strikers warned  
the new men, and they did not start  
to work. If they do there may be a  
big fight. The men want \$125 a day,  
and the company will pay but \$15.

Crolier Miller Wins in France.

cling contest at Roubaix Charles W.  
Miller, of Chicago, won first prize. He  
covered 2,258 kilometers.

Proposed Bine and Gray Rennon.  
Charleston, May 12.—An effort is  
making here to bring about a grand  
reunion of Confederate and Union Vet-  
erans, and the matter will be formally  
presented to the Confederate Veterans  
association, now in session here. In  
the city are William Alken, Jr., mayor  
of Evansville, Ind., William F. Field,  
representing the Confederate Veterans  
of that city, and C. J. Murphy, rep-  
resenting the Union Veterans. They are  
here for the purpose of arranging a joint  
reunion in Evansville in the near future.  
They will formally lay the plan before  
the convention and urge its adoption.

To Stamp Out "Faith Healers."  
New York, May 12.—President Mur-  
phy, of the board of health, has issued  
a letter requesting the sanitary  
superintendents of greater New York  
to use all means in their power to dis-  
cover "uneducated, ignorant and evil  
minded persons" who take advantage  
of their more ignorant neighbors, pro-  
fessing that they are endowed with  
wonderful healing faculties. If this  
system is allowed to proceed great evil  
will result. President Murphy sug-  
gests that the medical societies be  
asked for advice in this endeavor to  
stamp out "faith healers."

Yellow Jaundice Cured.

every means possible for relief. It is with  
this to certify that I was a terrible sufferer from  
Yellow Jaundice for over six months, and  
was treated by some of the best physicians in  
my city and all to no avail. Dr. Bell, our  
druggist, recommended Electric Bitters; and  
after taking two bottles, I was entirely cured.  
I now take great pleasure in recommending  
them to any person suffering from this terrible  
malady. I am gratefully yours, M. A.  
Hogarty, Lexington, Ky.

Devey Expected Home in July.  
Washington, May 12.—Secretary Long  
said today that the navy department  
would not seek to influence Admiral  
Devey in any way in the selection of the  
route by which he will return to the  
United States. The department  
now expects that he will reach this  
country early in July, though it is  
stated that he will not leave Manila  
until he has completed his functions  
as one of the Philippine commission,  
at least to the extent of terminating  
hostilities.

A Card.  
We, the undersigned, do hereby agree to  
refund the money of a 50-cent bottle of  
Green's Warranted Syrup of Tar if it fails  
to cure your cough or cold. We also guaran-  
tee a 25-cent bottle to prove satisfactory or  
money refunded. A. Wasley, C. H. Hagen-  
buch, Shenandoah Drug Store, and P. W.  
Berstein & Co. 11-14-33rd-st.

Italy's New Cabinet.  
Rome, May 12.—Although the com-  
position of the reconstructed cabinet  
has not yet been officially announced,  
it is considered that the new cabinet  
will be practically over. Last evening  
Marquis Visconti-Venosta notified  
General Pelloux of his acceptance of the  
foreign office portfolio. The new  
ministry will probably be made up as  
follows: Premier and minister of the  
interior, Lieutenant General Luigi Pal-  
lavicini; foreign affairs, Marquis Emilio  
Visconti-Venosta; war, Lieutenant Gen-  
eral G. Miris; marine, Rear Admiral  
G. B. Bettolo; public works, Signor  
Pietro Lagava; public instruction, Dr.  
Giulio Bacchi; treasury, Professor  
Paolo Bosselli; finance, Signor Antonio  
Salandra.

Spanish Cannon at National Museum.  
Washington, May 12.—The National  
Museum in this city has received from  
Admiral Dewey two cannon captured  
from the Spaniards when Cavite fell.  
In one of them two shells and a grape  
shot were found, and the museum offi-  
cials are wondering whether it had  
been loaded by the Spaniards during  
the fight and incautiously sent home  
by the gallant admiral. There was an  
incident in the museum when the  
discovery was made that the cannon  
was loaded. A gunner, summoned  
from the navy yard, extracted the  
shot. The transport Bufalo, which  
reached New York several days ago,  
has six cannon from naval officers at  
Manila consigned to the museum. The  
collection of the museum.

Some Foolish People  
Allow a cough to run until it gets beyond  
the reach of medicine. They often say, "Oh,  
it will wear away," but in most cases it will  
wear them away. Could they be induced to  
try the successful medicine called Kemp's  
Balm, which is sold on a positive guarantee  
to cure, they would immediately see the  
excellent effect after taking the first dose. Price  
25c and 50c. Trial size free. At all drug-  
gists.

the senate yesterday and went to the

gross tonnage hauled, increased some-
