OUR COUNTRY: First, Last and Forever.

GOVERNOR STONE has signed the bill providing for the reinforcing and re-equipping of the National Guard of Pennsylvania. The bill carries with it an appropriation of \$98,000.

To be quite fair, the papers that have made so much of soldier letters bawling the hardships of war and sighing for the comforts of home, should select passages from soldier letters of another kind—letters from men.

THE good people of Mahanoy City, who are opposed to the baneful effects of fistic encounters, prohibited the Boner-Moore contest in that town. But "cultured" Pottsville could not see any harm in these brutal exhibitions.

THE payment of the last installment of \$5,000,000 of the \$20,000,000 indemnity to Spain will be made to the National City Bank, at New York next Monday. The bank announces that all the exchange necessary for the transfer of this money has already been provided.

BISHOP POTTER, of the Episcopal church, has issued a formal notice to the effect that Rev. Dr. Briggs will be ordained to-morrow by the Bishop of New York. The ceremonies will take place at the cathedral, in that city, and Rev. Douglas will preach the ordination sermon. Bishop Potter chose the pro-Cathedral as the place for the ordination, because Dr. Briggs has asked to be assigned to work there and will work there in the future.

THE question of admitting women into membership in the Catholic Knights of America, defeated yesterday by a vote of 274 to 187, at the national convention now in session at Kansas City, was taken up for reconsideration at yesterday's session of the biennial council of that order. By an almost unanimous vote the amendment was referred to the law committee. It seems to be the general opinion now that the amendment will be changed slightly and will be then adopted.

"If by the acts of men living among us in peace and under the protection of our government, this war is prolonged so that my boy, fighting in the front rank there with Lawton, is killed, they have murdered him. Men like those who speak at anti-imperialist meetings should be held responsible for the death of every soldier who falls there by reason of their encouragement, and every man who thus encourages an enemy in time of war is a traitor." This was the stirring climax of General John McNulta's speech at the loyalist meeting in Chicago, where steps were taken for the organization of a McKinley Club to foster loyalty.

THE woman who is wise enough to "make her brain save her hands" is the one who will come nearest being the ideal wife. The woman who studies how to make the most of labor-saving inventions, who by her brain work can save enough to pay some woman (with more uncles than brain) to accomplish the mere manual labor of the home, the woman who knows how to judiciously slight the unimportant duties while exercising the utmost vigilance over the sanitary, the hygienic and the adornments of the home—this is the woman who will seem to grow younger and more interesting as the years go by, the woman whom husband and children will "rise up to call blessed."

REV. JOSEPH MORGAN, pastor of the Church of the Sacred Heart (Slavonian) at Wilkesbarre, is a genius of remarkable ability in art, science and theology. These diversified gifts and requirements are Father Morgan's "meat and drink," as he says, and he is never so happy, as when looking after his "flock," which numbers 800 communicants; or when he is in his study perusing theological or scientific books and literature; or in his artistic drawing and painting; or when he is busily engaged in his laboratory working among his electrical appliances, or making some chemical experiments. Father Morgan is 35 years old, and came to America three years ago. His library is filled with the choicest books, and his laboratory is said to be a most interesting sight.—Wilkesbarre Record.

IF YOU ARE IN DOUBT

Whether you have Kidney or Bladder disease, just put some of your urine in a glass tumbler and let it stand 15 hours; if it has a milky or a milky cloudy appearance, if it isropy or stringy, pale or discolored, your Kidney or Bladder are sick.

Other serious symptoms are pain in the back, frequent desire to urinate especially at night, a burning scalding pain in passing urine or when you urinate stains linen.

The sure cure for diseases of the Kidneys, Liver, Bladder and Blood Rheumatism, Dyspepsia and Chronic Constipation is Dr. David Kennedy's Favorite Remedy. It has cured in many cases where all else failed and is sold at all drug stores for \$1.00 for a large bottle, or six bottles for \$5.00.

By a special arrangement with the manufacturers, we offer you the opportunity of getting a trial bottle of this invaluable remedy absolutely free which will be sent postpaid to anyone who will send their address to the DR. DAVID KENNEDY CORPORATION, Rensselaer, N. Y., and mention this paper. The publishers of this paper guarantee the genuineness of this liberal offer.

THE WEATHER AND THE ALMANAC.

An area of low pressure, which is moving rapidly across the extreme north, was central at midnight over western Ontario. This depression is closely followed by a high area, with decidedly colder weather in the north-west, accompanied by light snow and freezing temperature in Manitoba. Forecast for this section from midnight until 8 p. m. today: Showers and possibly thunder; fresh to brisk southerly winds. Fair tomorrow, with cooler in northern portions.

Sunrise, 4:55; sunset, 7:11; length of day, 14h. 16m.; moon rises, 8:09 a. m.; moon sets, 10:42 p. m.

Honey Adulterated by Glucose.

Chicago, May 13.—The senatorial committee on pure food investigation devoted most of yesterday to the subject of honey, and it was shown by expert testimony that not only was glucose used to a great extent for adulterating honey, but that the adulterators were using fraudulent methods in handling the trade for honey substitutes. It was also shown that glucose was not necessarily deleterious to health when used as an adulterant.

Drink Grain-O

after you have concluded that you ought not to drink coffee. It is not a medicine but doctors order it, because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich, brown color and tastes like the finest grades of coffee and costs about 1/2 as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15 and 25c. Dewey Will Be Home on the Fourth.

Washington, May 13.—Secretary Long has called Admiral Dewey permission to return here at once. The admiral has been relieved of the obligation of remaining at Manila until the Philippine commission completes its work. He is not even required to await the cessation of hostilities. It is estimated at the navy department that Dewey will reach the United States in time for a national demonstration on the Fourth of July next.

PRESIDENT AT NATURAL BRIDGE.

Mr. McKinley Views the Great Work of Nature for the First Time. Hot Springs, Va., May 13.—The presidential party today took a trip to Natural Bridge, Va. The train on which they reached here has been lying on a siding, and was used for the trip. Besides President and Mrs. McKinley, the party included Secretary and Mrs. Gage, Dr. and Mrs. Rixey, Assistant Secretary Cortelyou, Mr. Barnes, Mr. and Mrs. E. Ingalls, Mr. and Mrs. Schmidt and Mr. and Mrs. Colston of Cincinnati. The train left at 8:15 a. m., going through Covington and Clifton Forge. The run is about 105 miles, and was made in three and a half hours. The party was met at the station with carriages. About two hours was given to sightseeing, and the return was begun in time to bring the party back to the homestead for dinner.

The trip was suggested by Secretary Gage, who believed that the opportunity to see this wonderful work of the action of ages should not be neglected by President and Mrs. McKinley, who had never been there before. The president is still resting quietly. Yesterday he walked about the roadways with Secretary Gage, both in the forenoon and again after luncheon. His medicinal bath, under the direction of Dr. Rixey, occurred during the morning. Official business has been very light during the stay at the homestead, with the exception of some commissions for postmasters and army promotions being the extent of these duties yesterday.

Hood's Sarsaparilla

Never Disappoints

My wife cured me of my blood disease. I was a soldier and after typhoid fever, I had fever and ague, rheumatism, and nervous prostration so that I could not work. Nothing helped until Hood's Sarsaparilla cured me completely so that I am now well. J. H. Stillman, Cheltenham, Pa.

Scrofula.—"Running scrofula sores made me unwell. My neighbors' medical treatment failed. A relative urged me to try Hood's Sarsaparilla. Did so and in few months the sores completely healed." Mrs. J. M. Hays, Etna, N. H.

ROSWELL P. FLOWER DEAD.

New York's Ex-Governor a Victim of Acute Indigestion.

New York, May 13.—Former Governor Roswell P. Flower died at 10:30 last night at the Eastport Country Club, Eastport, L. I. Mr. Flower was in the city in the day with a severe attack of acute indigestion. In the afternoon symptoms of heart failure supervened, and he grew steadily worse until the time of his death. The attack of heart failure was accompanied by a fainting spell, and Mr.

THE LATE ROSWELL P. FLOWER.

Flower's family in New York City were quickly notified. Mrs. Flower and the former governor's nephew, Frederick S. Flower, accompanied by Dr. Thomas H. Allen, Mr. Flower's physician, left at once on a special train for Eastport. When they arrived there Mr. Flower had somewhat recovered, but last night the attack of heart failure was marked and Mr. Flower became unconscious on four or more before his death. He appeared in robust health on Thursday, and yesterday morning, when he arrived at Eastport, where he intended to remain until Monday, his health was apparently excellent.

Roswell Pettibone Flower was born in New York City, Aug. 7, 1835. He was the sixth of nine children, and was 8 years old when his father died. He worked hard at farming in boyhood, between school sessions. In 1853 he became deputy postmaster of Watertown, N. Y., then went into the jewelry business there, and in 1859 came to New York to take charge of an estate. He soon engaged in the banking business, and became a power in Wall street. He was elected to congress as a Democrat in 1881, defeating William Waldorf Astor, returned a renomination, and was elected governor in 1891.

Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from Yellow Jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Kemp's Bile Beans, and I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hoadley, Lexington, Ky." Sold by A. Wasley Druggist.

ADMIRAL DEWEY'S HEALTH.

He Declares That His Condition Demands the Most Careful Treatment.

Chicago, May 13.—Judging from the wording of a cablegram received yesterday from Admiral Dewey by the Illinois Manufacturers' association, the health of the admiral, despite medical assurances to the contrary, is none of the best. To this fact is due his possible return by way of the Suez canal, instead of the Pacific coast route. The message is as follows: "Many thanks. Impossible to accept invitation now. Condition of health necessitates rest and quiet. The cablegram was in reply to one sent by the association asking the admiral to become its guest upon his return to this country and strongly urging upon him the advisability of coming by way of San Francisco and across the continent.

Declines the Hundred Dollar Dinner.

New York, May 13.—The secretary of the board of trade and transportation, who had extended an invitation to Admiral Dewey, both by letter and by cable, to attend a dinner to be given in his honor at any date that the admiral might select, yesterday received a cablegram from the admiral declining it, owing to the condition of his health.

Georgia Threatens Another Lynching.

Atlanta, May 13.—Robert F. Davis, a white farmer, living on the Stone mountain road about six miles from this city, was murdered in his home early in the morning. The crime is charged to have been committed by Will Lucas, a negro, who was discharged on Thursday, by Mr. Davis. Lucas is missing, and a posse of men with bloodhounds is on his trail. The farmers of that part of the country are greatly excited, and if Lucas is caught he will be lynched.

Settlement in the Buffalo Strike.

Buffalo, May 13.—A conference at the residence of Joseph Quigley, between the conflicting elements in the grain scoopers' strike, ended at 1 o'clock this morning. After the adjournment a member of the committee stated that the strike had practically been settled. He said a sub-committee of four which had been appointed would draw up a list of loss scoopers, which would be submitted to the full committee at today's conference. It was expected that this list could easily be arranged and the entire matter closed up in short order.

A DEADLY TORNADO.

It Kills Twenty-two Persons and Injures Twenty-two Others.

Eagle Pass, Tex., May 13.—The Hon-do coal mine section, 100 miles south of here, in Mexico, was visited on Wednesday evening by a terrific tornado, causing death and destruction in its path. The upper story of the general office, hotel, depot and pump-house were blown away. A string of freight cars were carried several hundred yards into the prairie. Eight bodies have been recovered, and the total number of killed is placed at 22. Many persons are still missing and probably buried in the ruins. A great many were seriously wounded, among them Superintendent McKinnie. Lawrence McKinnie's son, is one of the dead.

The tornado also struck the town of Sabinas, 12 miles away, killing two persons. This section has heretofore been considered as away out of the zone of tornadoes.

A tremendous fall of hail accompanied the tornado. Many were injured by the hailstones. The minor works were not much damaged and work will be begun again in a few days.

Ex-Bank Examiner Convicted.

Chicago, May 13.—George H. Hayden, formerly state bank examiner, was yesterday found guilty of misconduct in office. Sentence was withheld. The specific charge against Hayden was that he withheld his report on the examination of the Globe Savings bank from Jan. 8, 1897, until March 10, 1897, knowing all the time that the affairs of the bank were in a shaky condition. The bank failed April 6, 1897.

What Shall We Do.

A serious and dangerous disease prevails in this country, dangerous because so deceptive. It comes on so slowly yet surely that it is often firmly seated before we are aware of it. The name of this disease which may be divided into three distinct stages is, First, Kidney trouble, indicated by pain in the back, rheumatism, lumbago, frequent desire to urinate often with a burning sensation, the flow of urine being copious or scant with strong color.

If allowed to advance, this reaches the second stage, or bladder trouble, with heavy pain in the abdomen low down between the navel and the water passage, increasing desire to urinate, with scalding sensation in passing, small quantities being passed with difficulty, sometimes necessary to draw it with instruments. If uric acid or gravel has formed, it will prove dangerous if neglected. The third stage is Bright's Disease.

There is comfort in knowing that Dr. Kilmer, the great kidney and bladder specialist, has discovered a Remedy famous for its marvelous cures of the most distressing cases and known as Dr. Kilmer's Swamp-Root. It is sold by all druggists.

As a proof of the wonderful virtues of this great discovery, Swamp-Root, a sample bottle and book of valuable information will be sent absolutely free by mail on application to Dr. Kilmer & Co., Binghamton, N.
