BLANCO'S OFFER TO GOMEZ.

Promised the Cubans Independence in Return For Opposing Americans. Havana, May 16. General Maximo Gomez Informed Governor General Brooke yesterday that he must withfraw from the plan of distributing the \$3,000,000 appropriated to the payment of the Cuban troops to the extent that will not name other commissioners to replace those originally named by him, who have refused to serve. Gov-ernor General Brooke is to go ahead

with a new plan, Gomez remaining in an attitude of friendly inactivity. General Brooke will issue an order for Cuban privates and non-commis-sioned officers to meet at specified places on specified dates to receive payment. They are to be accompanied by their company officers for the pur-pose of identification. Both General Gomez and the governor general feel that the privates ought not to lose their share in the American gratuity merely because the schemes of certain high officers in the Cuban army have interposed obstacles. The bellef among the Americans is that the company of-ficers will assist in this way.

La Union Espanola publishes a let-ter from General Jose Varona to Gen-eral Gomez, asking if it be true that Marshal Blanco offered independence to the Cubans on condition that they would eo-operate against the United States. The paper says that Gomes replied in the affirmative, but wrote replied in the affirmative, but we've to Varona that no answer was given to Bianco, as Spain had deceived the Cubans so often that they could not trust her again. A second letter from the captain general to the same purport was received, and this also went unanswered. Finally Bianco, according to the La Union Empands sent a meaing to La Union Espanola, sent a meamenger to Gomez to repeat the propo-sition, but the Cuban commander reposition toward sition, but the Cuba-the lower Missouri fused to consider it.
