AGUINALDO'S BLUSTER.

London, May 16 .- The Fillpino junta here has received the following message from Aguinaido, cabled from Hong Kong under date of May 12:

"The Filipino government, in accordance with the general feeling of the country, has decided to continue the war, at all costs, until independence is secured.

"The Filipinos energetically refuse the American peace overtures, based on restricted autonomy, coupled with promises of subsequent self govern ment.

"The Filipinos demand a strict fulfilment of the articles of the American constitution and treaties contracted by the American representatives when imploring a Filipino alliance in com-bating the Spantards.

"All of the Filipino generals support Aguinaldo. General Luna's reported overtures for peace are untrue. Our army is near Manila, simultaneously attacking the whole American line.

"The heat and rains are causing many casualties in the American army. All the hospitals are crowded with sick and wounded. Four hundred of the Cincinnati (?) regiment have been imprisoned by General Otis for insub-ordination in refusing to fight. The regular troops quartered in Manila and other towns are quiet. The volunteers are abused, and are always at the front, with scanty rations.

"This discontent between the Ameri-cans and Europeans is general." The "tinclads" Laguna de Bay and Cavadonga and a launch under Cap-tain Grant ran into a nest of insur-gents concealed in the brush and on both sides of the Bio Grande sizes both sides of the Rio Grande river, three miles above Calumpit, and were received with heavy volleys at short range. A sergeant belonging to the Utah battery was killed and one private wounded.

Opening with their rapid fire guns, the Americans killed 20 of the natives and wounded several others, filling the jungle with shot after shot for half an hour until the enemy fled.

[The general accuracy of the information received in London may be gauged by the reference to the Cin-cinnati regiment. The state of Ohio has never had a body of soldiers so accredited in the Philippine islands.]

Princeton College Men Raid a Wild West Show Parade.

A SPECTATOR FATALLY INJURED.

The showmen Resisted the Assaults of the Students and a Desperate Battie Ensued, in Which Many of the Participants Were Hurt.

Princeton, N. J., May 16 .- Princeton students and Pawnee Bill's Wild West employes indulged in a pitched battle yesterday, and continuous and serious rioting was prevented only by the presence of men with cool heads and the action of President Patton, of Princeton university, later in the day in calling a mass meeting of all the

students. President Patton spoke in condemnation of the attack on the parade, and positively forbade any stu-dent to go to the show grounds at night. As a result of the meeting the show left town unmolested, but it lost money, for word had been passed through the town that no one in sympathy was to enter the tent, and the townspeople, who are in sympathy with the students, were a unit in refus ing to attend. The result was a very slim audience.

For 50 years it has been an unwritten law of Princeton that no circus parade must pass through the streets. Every show proprietor in making his dates has always left Princeton from the list, for it had been a matter of common knowledge that the studen's would enforce the unwritten law. Yesterday Pawnee Bill's Wild West combination violated traditions and paraded. The result was the fiercest battle Princeton has seen in many years. The town authorities, fearing trouble, had advised the circus men not to attempt a parade. This advice was unheeded.

Things were proceeding in the usual course in the university when the parade started. The procession reached the college campus without trouble, but passed down Nassau street at a bad moment, for just as the band's music was heard the students were in the act of passing from the first morning lectures to the second. The towns-people were out in force and waiting

for the parade, and the great ma-jority of them were massed near the

for the parade, and the massed near the jority of them were massed near the campus. Word passed all along the line, and within a few minutes 600 or 700 students had assembled on Nassau street. Cannon crackers, left over from previous celebrations, segge purchased at nearby stores and vegetables bought or confiscated from the stores were assembled quickly. The the stores were assembled quickly. The men unable to obtain these missiles armed themselves with clods of turf hastily torn from the lawns. The trouble started with the band wagon. Cannon crackers were thrown, there exploding under the six

horses made them frantic. The musicians were on top of the wagon. A serious runaway might have resulted had not one of the leaders stumbled and fell, dragging down the other horses with him. The students mean-while kept up a merciless bombardment with eggs and vegetables. On the return the parade wheeled

into John lane, and the students made a grand rush to head off the procession. Again the employes of the circus were rotten egged. The cowboys and Indians finally charged the students and used their whips freely. That was the turning point of the affair. Stun-ned by the whips and bruised by the riders running into them the students became ugly, and in a moment the missiles that were annoying, but not dangerous, were replaced by stones, and the fight became serious. Revolvers were drawn, but fortunately the owners were wise enough to fire over the heads of the enemy. Some of the
