OH! CAUSED THE WRECK.

Curiosity Led to Yesterday's Sacrifice of Human Life.

THE GUILTY ONE CONFESSES!

Taken Into Custody Shortly After the Disaster Near Tamama, a Farmer Lads Says He Placed the Fatal Spike to See a Train Flatten It.

The wreck of the passenger train on the P. & R. Railway, near Tamama, yesterday, whereby Engineer Grier was killed and two firemen were fatally injured, has been followed by surprising developments and the arrest of the party responsible for the disaster, who is a young man whose curiosity over-balanced his common sense and has caused his incarceration in jail.

John Short, the fireman of the freight train who suffered in the wreck, is an inmate of the Pottsville hospital. The officials there stated to-day that the victim's condition, considered as it was yesterday and that there are no hopes for recovery. A report from Shamokin to-day regarding the condition of Fireman Kerstler was of a similar nature. The other victims are improving.

The young man under arrest for causing the wreck, is Ohl. He is the proprietor of the village jail and will in all probability remain there until after the Grand Jury acts in his case, and possibly until he is tried by a jury in court.

Ohl is seventeen years old. He was accompanied at the scene of the wreck by Arthur Stieglitz, who is about the same age. Both are sons of farmers of West Penn. Stieglitz is under surveillance as a witness.

Both parties reside about nine miles from Tamama. Yesterday morning they drove from their homes to place along the railroad near the point of the wreck with a load of railway sills, which they loaded on a railway truck standing on a siding. While there Ohl placed a spike on a rail of the main line for the purpose of seeing how a train would flatten the spike. It was this spike, in connection with the sharp curve near the place, that caused the passenger train to leave the track.

After the wreck occurred Ohl and his companion drove homeward. Their actions had caused the death of a man and the maiming of two others. When charged with the terrible deed he denied it, but suggested that the officers arrest Ohl, as he could tell all about it. The latter was arrested shortly after. He made no denial, but said that he was not prompted by malicious intent in the act, but that he had simply placed the spike on the rail to see what effect a train would have in passing over it, the idea that the train would be thrown from the rail, or that any other accident would happen, never entering his head.

The officers took Ohl to the Pottsville jail, where he was held until this morning, when he was taken before Justice Sidole, at Tamama, and given a hearing. Ohl pleaded guilty and told his story with reservation, exonerating his companion from any complicity in the matter. Ohl was then committed to jail without bail.

The Deputy Coroner at Tamama and a jury viewed the scene of the wreck and took testimony last night and this morning. A verdict will not be rendered until this evening.

Burgess Resigns.

At a special meeting of the Mahanoh City Borough Council last night Chief Burgess Bowman resigned as was at the previous meeting. He said he was ready to settle the account of \$61 charged against him and did not know that he owed any more. Some Councilmen insisted upon the payment and resignation, while others thought the Burgess should be given more time to consider the matter. A vote was taken and it stood 2 to 2 in favor of the resignation. The Burgess then announced that he would hand in his resignation at a special meeting to be held next Friday evening.

DEATHS AND FUNERALS.

Neurology Reports of This and Other Towns of the County.

An infant child of Matthias Smarowski died at the family residence on South Main street last evening. It was 4 months old.

The funeral of George Gubler took place this afternoon, from the family residence, 237 South Chestnut street. Services were held in the Primitive Methodist church, at 5 o'clock, Rev. James Moore officiating. Interment was made in the Odd Fellows' cemetery. Among the out-of-town residents at the funeral were Mr. and Mrs. Stephen Trengoe, Sr., of Lewisburg; Mr. and Mrs. James Paisley and Harry Javon, of Monaca; Mr. and Mrs. Samuel Moly, of West Hazleton; Mr. and Mrs. George Fishburn, of Lewisburg; and Miss Phyllis Gubler, of Hyde Park, Mass. E. J. Davis was the funeral director.

The funeral of Lizzie Ellen, daughter of Robert and Mary Shoup, took place yesterday afternoon from the family residence at 919 West Coal street. The services were held at the residence and interment was made in the Odd Fellows' cemetery. J. P. Williams & Son were the funeral directors.

Annie, daughter of Ross Davis, of Buck Mountain, died yesterday, aged 15 years and 4 months. Interment will be made at Freedom on Saturday.

Henry H., 10-month-old son of Samuel Treggs, of Gilberton, was buried at Frackville yesterday afternoon.

Card of Acknowledgment.

To the Officers of the Home Friendly Society of Baltimore.

GENTLEMEN:—I desire to extend my sincere thanks for the promptness with which I received, in full, the insurance claim held by me on your company on the death of my beloved husband, George Gubler. The payment was made without delay through your superintendent, William T. Evans, and agent, Frederick Acornly. I am satisfied that great benefit is derived by all who enroll in your company for protection in time of need.

DAMAGES BY STORMS.

Rain and Hail Create Havoc in Many Sections.

OHIO SCHOOLHOUSES DESTROYED.

In One Instance Fifteen Children Were Injured, and Two Will Probably Die. At Canal Dover Nine Scholars Were Seriously Damaged in Pennsylvania.

Detroit, May 17.—Severe storms were quite general throughout the state yesterday. Hudson, Caro, Cold Water, Marshall and Brant all report considerable property damage, but no lives lost. Near Alfordton, just over the state line in Ohio, the storm was preceded by a young cyclone, which completely destroyed a small brick school building. There were about 15 children in the building besides the teacher, Miss Flossy Fisher. Ten of the children were injured, and it is reported that two will surely die. Miss Fisher was painfully cut about the head. The building was turned completely over on its side and then fell to pieces.

Cyclone Causes Circus Tent Collapse. Akron, O., May 17.—A cyclone struck this city at 3 o'clock yesterday afternoon, and did much damage. The storm struck the tents of Main's circus and they collapsed upon the crowd. Policemen had hard work to prevent a panic, but the spectators were finally released without injury. In East Akron the Biggs Boiler company's shops were badly damaged and a portion of a stone wall fell upon the office floor, crashing through it and completely wrecking the interior. The shops of the Akron Sewer Pipe company also suffered heavily. More than 150 feet of the main building was blown down and three were slightly injured.

Nine School Children Injured. Canal Fulton, O., May 17.—During the storm yesterday the wall of a school house was blown in and nine pupils were injured, some of them quite seriously. The injured are: Mary Kurtz, skull fractured; Esther Kurtz, ankle broken; Helen Klein, scalp wound; Stella Groff, skull depressed and ankle broken; Grace Harbert, leg broken; Susie Dapp, scalp wound; Tillie Petz, scalp wounds and badly bruised about the chest; Mabel Leuber, scalp wounds; Jennie Smith, head bruised. Four scholars were buried beneath the debris of brick and wooden beams. They were extricated by the teacher.

Wind Velocity Fifty Miles an Hour. Altoona, Pa., May 17.—A violent wind, hail and rain storm, lasting half an hour, swept over this section last evening. The wind velocity was 50 miles an hour. Part of the roof of the big silk mill was blown off and an immense reservoir on the roof was blown into the street below. The water ran down into the mill and saturated bales of raw material and also finished silk, causing great damage. A telegraph tower at McGarvey's Station, a couple of miles west of here, was blown over the railroad embankment, with the operator and watchman in it. They escaped injury.

Heavy Damage in Hollidaysburg. Hollidaysburg, Pa., May 17.—A terrific wind storm passed over this section last night, creating great ruin and havoc in the city. The steeple of the Methodist church was blown down, the Presbyterian church was partly unroofed and the town clock was dashed from the court house tower by the force of the wind. Several barns were completely destroyed. Hundreds of shanty trees were blown down, and street traffic is suspended. The electric and telephone service was for a time at a standstill. There was no loss of life. The damage will amount to thousands of dollars.

School House Rendered Unsafe. Pittsburg, May 17.—A terrific wind storm, accompanied by rain and hail, passed over this section yesterday afternoon. Great damage was done to telegraph and telephone wires, while many trees, fences and roofs were picked up and carried away bodily. The Tenth ward school house, in Allegheny, was so badly twisted that the building inspector has considered it as unsafe. It did considerable damage in the suburbs, and reports of loss of life are coming from many nearby towns.

Hail Damaged the Crops. Mount Pleasant, Pa., May 17.—The storm which caught this section at 5 o'clock last evening was the most severe and disastrous in many years. Rain fell in torrents and hail was so severe that it is feared that crops are badly damaged. Ten houses of the Illinois Steel company, at Moorwood, had under way of completion, and one belonging to the workmen were blown down and to pieces. The large plate glass windows in the company's store were broken by the wind and hail.

Killed by Lightning. Dubois, Pa., May 17.—William Mackey, aged 17 years, was killed by lightning at Brookville yesterday afternoon during a terrific storm. The boy had sought shelter in an outhouse during the storm, and the building was struck. The storm did great damage in the way of uprooting trees, unroofing buildings and breaking telegraph and telephone wires.

Many Oil Derrick Blown Down. Oil City, Pa., May 17.—One of the heaviest wind and hail storms that has ever visited this section passed over Oil City yesterday afternoon, doing much damage. Oil producers were the heaviest losers, as many derricks were blown down. The damage in this vicinity will reach many thousands of dollars.
