Government For the Philippines.

Secretary Long's expression regarding government for the Philippines is so reasonable that it will find favor all over the country except among a few of the impracticables and maligcontents. He declares that there is not the least intention of subjugating the Philippines. All that the President seeks to do, he remarks, is to preserve Inw and order in the Islands, and if the islanders would co-operate the President and the peace commission "would enter at once upon the work of their political regeneration, with a

view to giving them all the privileges which the territories of the United have shown a tendency to modera-States between the Pacific and the Atlantic now enjoy.

Of course the secretary knows the intentions and the desires of the ful and usually sympathetic audience President. He undoubtedly voices them in this instance. Nobody either obvious. in the administration or in the party to which the administration belongs ever had any desire to subjugate the islands. The subjugation talk was an invention of the Bryans, Laugh lins. Hoars and the rest of the antiexpansionists. The purpose of the President has been to restore order in the islands, and then to talk of late to begin. The plan is simple. All that civil government afterward. PECULIAR

ILLS

Among the multitude of women helped by Mrs. Pinkham and by Lydia E. Pinkham's Vegetable Compound, is MRS. JOSEPH KING, Sabina, Ohio. She writes: "DEAR MRS. PINKHAM-Will you

kindly allow me the pleasure of expressing my gratitude for the wonderful relief I have experienced by taking Lydia E. Pinkham's Vegetable Compound. I suffered for a long time with falling of the womb, and those terrible bearing-down pains, and it seemed as though my back would never stop aching; also had leucorrhoea, dull headaches, could not sleep, was weak and life was a burden to me. I doctored for several years, but it did no good. My husband wanted me to try your medicine, and I am so thankful that I did. I have taken four bottles of the Compound and a box of Liver Pills, and can state that if more ladies would only give your medicine a fair trial they would bless the day they saw your advertisement. My heart is full of gratitude to Mrs. Pinkham for what her medicine has done for me. It is worth its weight in gold."
