OUR COUNTRY: First, Last and Forever.

As a dispenser of patronage in this county, County Treasurer Davis knows neither Democrat nor Republican.

ZINC and lead ore in Missouri and Kansas has reached an output of \$300,000 a week, or over \$15,000,000 a year.

THERE are indications that the Democratic county convention will adopt a platform with an anti-trust plank as the leading issue.

MAHANY CITY authorities will start a crusade against bad pavements, and if they are not repaired within the time specified the borough will make the repairs.

It is reported that postmasters of the United States will be required by the department to wear a uniform hereafter, consisting of light blue trousers with red braid running down the legs.

THERE are indications of another clash between the silver and gold wings of the Democracy in this county, and it would not surprise those on the inside to record another knock-out for the Bryanites.

THERE are already threats, in the event of a milk-and-water platform, of an independent ticket in the field, supporting the Bryan dogmas.

THE Republican Mayor of Reading has inaugurated a crusade against the proprietors of pool rooms who keep their places open on Sunday, in violation of the law.

THE "father of Nebraska Populism," Lucien Stebbins, calls Bryan a "political pirate" and ex-Senator Allen "a political assassin."

RIOTOUS CORNELL STUDENTS.

They Attack Pooles and Firemen Who Extinguished Their Bonfires. Ithaca, N. Y., May 22.—After the victory of the Cornell baseball team over the Princeton team at Ithaca on Saturday the students began to celebrate the occasion in what they believed to be harmless ways.

The boys became enraged at this action and began to make it unpleasant for the police. The chief of police then sent a call for the fire department, which arrived and attacked the crowd of students with streams of water.

The boys made a raid on the firemen and police officers, and a hose line from the firemen was cut by the boys. The police and firemen were aided by a number of townspeople, but when the students captured the hose line the others retreated down the street.

The firemen advanced on the boys, drenching them with streams of water until they finally cleared the students from the fire.

Fights were of frequent occurrence. One student was struck from behind with a stick and felled. One member of the police force was slightly injured.

Several others were more or less seriously bruised. Only one arrest was made.

THE PHILIPPINE CROPS. The Islands Do Not Produce Food Sufficient for the Natives.

Washington, May 22.—A report on the plant products of the Philippine Islands issued by the agricultural department is authority for the statement that the Philippines, although an agricultural country, do not produce enough food for the consumption of its inhabitants.

In order to supply the deficiency it is the custom to draw upon other rice producing countries, notably the French colony of Cochinchina.

No explanation of this condition is offered, the report dealing exclusively with the agricultural resources of the islands as they now exist.

One of the most important food products of the islands is rice, which forms the staple food of not only the native population, but also of the numerous Chinese inhabitants.

More than a hundred varieties are grown, and by planting alternately an early and a late variety two crops a year can be secured.

The annual production of this commodity is about 25,000,000 bushels, an amount far below the actual requirements of the population.

Another indication that the end is near at hand. Buffalo, May 22.—Everything was quiet along the docks yesterday, and few of the striking grain scoopers and freight handlers were to be seen in the neighborhood of their respective headquarters.

President Keefe, of the International Longshoremen's association, who arrived in town shortly after Saturday midnight, held several conferences with the strikers' committees.

So far as the freight handlers are concerned, their differences are practically ended, and the men will probably return to work at once.

The scoopers have also been advised to do likewise, and the majority of them are in favor of taking Bishop Quigley's advice.

INSANE FROM JEALOUSY.

A KANSAS CITY MAN SHOTS THREE WOMEN. Probably Fatal. Kansas City, Mo., May 22.—In a fit of jealous rage Levi Moore, a clerk in the city market, yesterday shot and probably fatally wounded Mrs. Jennie Campbell, Mrs. Emma Landis and Mrs. Ann Mack.

The Campbell woman had taken an interest in Moore, and had been visiting him at his home. He had requested her to return his photographs. She did not answer his letters, and yesterday Moore armed himself and went to her rooming house.

Mrs. Campbell answered the ring at the door and when Moore angrily demanded his pictures she ran back into the house. Moore immediately shot her in the back, and the woman, followed by Moore, ran screaming into Mrs. Landis's room, appealing for protection.

Moore then fired two shots at Mrs. Landis, one taking effect in the abdomen. Campbell then ran into Mrs. Mack's room. The latter, awakened by the shooting, arose just in time to receive a shot in the back from Moore, who then ran from the house, flourishing his revolver at the crowd that followed.

He shot at a negro, but missed. Moore was arrested a moment later, when he snapped his now empty revolver at a policeman. Moore feigns insanity. He is 38 years old and has a wife and children in Ansonia, Ala.

Hundreds Witness a Murder. Jersey City, May 22.—In the presence of several hundred people who were watching a ball game on the hillside at the West Shore railroad between Hoboken and the city John Moretta, a block cutter, 40 years of age, yesterday killed his wife, Gavina, 35 years of age, by stabbing her.

Moretta had been separated from his wife for many months, and she had just returned to her mother viewing the ball game he asked her to return to him. She refused, and Moretta drew a knife and stabbed his wife three times, killing her instantly.

It was done so quickly no one could prevent the murder. Moretta was captured.

Spain's Greatest Need. Mr. R. P. Oliva, of Barcelona, Spain, spends his winters at Aiken, S. C. Weak nerves had caused severe pains in the back of his head.

After using various remedies, Oliva's attention was attracted to Dawson's Disastrous Fire. It creates a Famine in All Sorts of Countries.

Victoria, B. C., May 22.—An extra edition of the Skagway Alaskan, received by the steamer Teos at midnight, contains the following report, wired from Bennett to Skagway just before the sailing of the steamer.

Another disastrous fire has visited Dawson City, this time fairly wiping out the entire business center of the town, creating losses that will aggregate \$4,000,000, with not a dollar's worth of insurance.

The East St. Louis Church How. St. Louis, May 22.—News was received from Mgr. Martinelli yesterday to the effect that the papal delegate had instructed the bishop of the diocese to avoid scandal in his selection of the priest of St. Patrick's parish.

Reported Powder Mill Explosion. Hammond, Ind., May 22.—A report received from this morning that three tons of the Aetna Powder company, at Aetna, Ind., had blown up.

Four Killed in a Mine. Roseland, B. C., May 22.—By the breaking of a lever controlling a hoisting machinery in the War Eagle mine, the shaft fell 350 feet, resulting in the death of H. A. Honeyford, James O. Palmer and Thomas A. Neville, who were inside. W. E. Schofield was so badly injured that he died soon after being taken to the hospital.

A Jockey's Fatal Fall. New York, May 22.—Jockey Horton, who was injured Saturday at Morris Park while riding in the grand national steeplechase, died last night. When the accident happened he was on Tentore, who fell at one of the jumps, rolling over the fence.

The Reina Mercedes Arrives. Newport News, Va., May 22.—The Spanish cruiser Reina Mercedes arrived in Hampton Roads yesterday afternoon at 2:30 o'clock in tow of the Merritt Wrecking company's tug I. J. Merritt.

NUGGETS OF NEWS. The strike situation in the Pittsburgh (Kan.) district is apparently more favorable to the striking coal miners.

Rev. Dr. H. M. Robertson, of the presbytery of Des Moines, Ia., was found dead in bed in Minneapolis.

Proposed Currency Reforms. Washington, May 22.—It is understood that the house Republican caucus committee appointed to frame a scheme of currency reform has agreed upon a measure along the following lines:

The redemption of all obligations of the government in gold on demand; greenbacks, when once redeemed, for gold, to be reissued only for gold; permitting national banks to issue notes to the par value of their government bonds deposited in the treasury, instead of 90 per cent, as at present; permitting the minimum capital of national banks to be \$25,000 instead of \$50,000, as at present.

A WEST VIRGINIA CLASH. Governor Atkinson and Ohio County Judiciary at Odds. Wheeling, W. Va., May 20.—There is an interesting clash between the Ohio county judiciary and the chief executive of the state, Governor Atkinson.

Two years ago William Eaton was tried and sentenced to serve ten years for burning an over insured stock of goods here. It was known at the time that he was merely the tool of a dangerous gang of firebugs who made Chicago their headquarters, and the conviction of Eaton was received with satisfaction by insurance people throughout the central west.

Eaton's attorneys have made several futile attempts to secure his release, but the last attempt, made before Governor Atkinson, seems to have come to naught, for the governor wrote to the criminal court officials here giving notice that he would pardon Eaton unless the more culpable persons in the conspiracy were brought to the bar of justice.

As a result a special grand jury was called yesterday and Eaton was informed that body and turned informant implicating Frederick Schmidt, alias Smith, and Cowie, alias Gordon, both of Chicago. Evidently the grand jury did not place any faith in Eaton's testimony, for it promptly brought in a report which laid the blame for the three fires against Eaton for perjury, and found no true bills in the cases of Schmidt and Cowie. In addition, the grand jury addressed a strong letter to the governor, protesting against his proposed pardon of Eaton, whom it maintained was guilty of the crime.

Volunteer Refused a Clergyman.

Calumet, Mich., May 22.—This city is excited over a sermon delivered by Rev. H. C. Hunter at the First Congregational church yesterday. Rev. Hunter took occasion to criticize the national administration for its Philippine policy and the course during the Spanish war. Charles Tomma, a volunteer in the Thirty-fourth Michigan, was in the audience, and he interrupted the pastor, saying: "Any man who talks like that is a traitor to his country and to his flag, and I refuse to listen to him." He then left the church.

The Spanish War in the Century Magazine. THE CENTURY is making a wonderful success of its great series of articles on the Spanish War by the men who fought it. Captain Righter has told the story of the Maine. Lieutenant Hobson has given his graphic narrative of the sinking of the Merrimack. General Shafter has described the Santiago campaign. In March General Greiner begins his description of the Manila campaign; and in April

ADMIRAL SAMPSON'S PERSONAL NARRATIVE OF THE CAPTURE OF CERVERA. THE MAY CENTURY contains one of the most remarkable features ever printed in an American magazine, — nothing less than The Santiago Naval Battle Described by the Commanders. Told by Capt. R. D. Evans, Indiana, by Capt. H. C. Taylor, Texas, by Commodore L. W. Philip, Brooklyn, by Capt. F. A. Cook, Gloucester, by Lt.-Com. VanWright, New York, by Capt. F. E. Chadwick, Oregon, by Lieut. E. W. Eberle.

BESIDES the War Articles, THE CENTURY has up an unprecedented list of general articles, including a new life of Alexander the Great, superbly illustrated; Misses Crawford's historical romance of the Second Crusade; Fred Leicester Ford's articles on Benjamin Franklin's capital short stories; etc.

their greatest efforts. Washington was said to be "first in war, first in peace and first in the hearts of his countrymen." It is a great thing to be first. Nothing is of more value to mankind and brings greater happiness than a good remedy. Many things will relieve but the one that will cure is best. Brazilian Balm is such a remedy. Tens of thousands have found that it is the only thing that would cure Catarrh and Asthma. For 15 yrs. it has never failed in a single case to cure Asthma, and its record has been as wonderful in Catarrh. Cases that had, to all appearances, run into Consumption, or where the nostrils were entirely stopped up where the poisonous pus had eaten holes into the throat an inch deep, or where the stomach had become ulcerated and raw from swallowing the germ-laden matter, were all permanently cured. Such a record, unknown to any other remedy, justly entitles the Brazilian Balm to the first place in the regard of the American people. There are 20,000,000 Catarrh victims and countless Asthma sufferers in this country, all of whom can be cured with Brazilian Balm. A \$1.00 bottle of Brazilian Balm contains a month's treatment for catarrh or asthma, and for 6 months we will wrap with each \$1.00 bottle a month's treatment of Toxicola Tablets, 1/2 ct. Toxicola is the best tonic and nerve strength builder known to science. This is the greatest offer ever made. Ask your druggist and take no substitute. B. F. JACKSON & Co., Mfg.
