### OUR COUNTRY: First, Last and Forever.

In looking over industrial developments it is hard to tell whether to call this the golden, the steel or the copper age.

NEBRASKA farmers will plant spring wheat where winter wheat has been killed out. Formerly, some of them would have replanted nothing, talked calamity, and blamed their lack on the demonization of silver.

The latest calculations of the incorrigible figures show that New York will spend in the neighborhood of \$5,000,000 in welcoming Admiral Dewey to these shores. And the gallant American sailor deserves it all.

JOHN D. ROCKEFELLER and William, his brother, gentlemen who make enough money in any one of the 365 days of the calendar year to support a family for a lifetime, are at present engaged in a laudable effort to escape payment of taxes in New York city, and make a few poorly-paid assessors give up \$7,000.

NEVER were there truer words said than the following by a Philadelphia preacher: "The fear of exposure through the columns of the newspaper keeps more men toiling the line of public righteousness than all the policemen and all the courts of law. One might bribe the grand jurors to be silent, but no man is large enough to bribe the public press to be silent when it has done a flagitious wrong."

There is no good reason why the Borough Council should quibble about granting the right of way to the independent telephone company, and neither is there good cause to give the Bell Company a monopoly. If that is what they seek let them pay into the borough treasury five per cent of their gross receipts for the exclusive right. Council should at least give the home company the same privileges they give foreign concerns.

ADVERTISING will not work miracles. It will not make a badly managed business pay. It is not a substitute for careful buying, cash discounts, wise arrangements or effective organization. You must have the right article, purchased or manufactured to the best advantage, handled in the best way, offered at the right price, or advertising will prove a useless expense. Organize your business so as to secure for the public the best that is going for the money; buy in the best market; get your cash discounts and all other advantages and—advertise!

ACCORDING to the statement of the Harrisburg Commonwealth, which seems to speak by the card, some of the state Normal schools, which have been receiving thousands of dollars annually from the state, are not worthy of state aid because they are said to be only a benefit to some of the gentlemen financially interested in them. Pennsylvania is burdened with an over abundance of normal schools which annually turn out hundreds of ready-made teachers. These graduates all expect to be appointed to positions in the schools, and as few teachers resign and few die and many have ambition to serve for years, it is frequently a very different matter for new applicants, fresh from the Normals, to secure places. The wholesale graduation of Normal school students is responsible to a great extent for the low wages paid teachers, and until restrictions are enforced which will make it more difficult for mediocre students to graduate in two years from the Normals, conditions will remain practically unchanged. Pennsylvania is suffering at present from an over-production of teachers, some excellently trained, and others possessing only fair ability.

### RUSHING OUT THE GRAIN.

Buffalo's Late Strikers Resume Work With a Will. Buffalo, May 25.—That the harbor will be clear of grain laden boats before the end of the week is the prediction confidently made by Contractor Connors and elevator men this morning. With the big force of scoopers that were at work yesterday 2,000,000 bushels of grain had been elevated up to 6 o'clock last evening, and work is going on rapidly day and night. The adoption of the new system brought about by the strike was attended by no trouble of any consequence. They are the last of the strikers to reach an agreement, all of the other docks having been manned yesterday. The new grain shovelers' union was reorganized last night under the direction of Mr. Keefe. President P. J. McMahon and nearly the entire old board of officers were re-elected.

Return to the States. Washington, May 25.—Secretary Alger has telegraphed General Otis to learn the wishes of the Washington volunteers on the advisability of returning by way of Puget Sound, thus landing them directly at their homes instead of at San Francisco, where the general camp of returning volunteers is located. The inquiry results from strong pressure recently brought to bear by the two Washington senators and the people of that state, in favor of a return via Puget Sound. Secretary Alger decided to leave the matter to the men themselves.

Counterfeited Union Labels. Lancaster, Pa., May 25.—John Burkholder, of Martindale, and L. W. Frankhouser, of Terre Hill, have been arrested on the charge of counterfeiting the labels of the Cigarettes International union. It is alleged that they have been engaged extensively in this counterfeiting business for several years, and supplied a large number of factories in this city and county, among others that of William M. Jacobs, the head of the great revenue stamp and silver certificate counterfeiting scheme recently exposed.

All the healing, balsamic virtues of the Norway pine are concentrated in Dr. Wood's Norway Pine Syrup, nature's own remedy for coughs and colds.

New Foundland Ice Bound. St. John's, N. F., May 25.—The whole northwest coast of this island has been blocked with ice for the last six weeks, the result being that navigation along the coast has been practically impossible. The people in many sections are now destitute of provisions, owing to the inability to replace their supplies, and the commercial operations of almost 50,000 people have been virtually suspended.

"It was almost a miracle. Burdock Blood Bitters cured me of a terrible breaking out all over the body. I am very grateful." Miss Julia Filbridge, West Cornwall, Conn.

A Murderous Georgia Negro. Oliver, Ga., May 25.—Frank Evans was killed and J. B. Proctor wounded so that he is not expected to live by Sam Perry, a notorious negro, near Cameron. Perry's wife was abusing Mr. Proctor's children and cursing "white folks" in general when Evans, who heard the woman, stepped up and offered protection. As he did so Perry, the woman's husband, rushed out of the house with a drawn revolver and began shooting at Evans. Evans fell dead at the first shot. Mr. Proctor appeared on the scene and was shot down in his tracks. Thomas Lee, another prominent citizen, rushed toward the negro and was shot, but not seriously. Then the negro escaped to the woods. His wife was captured.

### THE FIGHTING IN MANILA.

General Lawton, With Most of His Troops, at Malolos. Manila, May 25.—Generals MacArthur and Funston, with the Kansas and Montana regiments and the Utah battery, have dispersed 800 insurgents who were entrenched on the railroad beyond San Fernando, near Santa Arta.

The American scouts were fired upon from the trenches unexpectedly and withdrew. The firing was heard at San Fernando and General MacArthur assumed that troops had marched quickly after the scouts. The Montana regiments flanked the trenches on the left and the Kansas regiment attacked the enemy's right flank, General Funston leading the charge at the double quick.

The insurgent loss was large, many prisoners were captured and it is reported that 20 Americans were wounded. General Lawton, with most of his troops, has arrived at Malolos. His expedition covered 120 miles in 20 days, had 22 fights, captured 23 towns, destroyed 300,000 bushels of rice and only lost 6 men killed and 21 wounded. On the other hand, General Lawton estimates that his troops killed 400 insurgents and wounded double that number.

The rear guard of General Lawton's expedition had a hard fight with insurgents while aiding a signal party to pick up its wires. One American was killed and 11 were wounded. Five American regulars, instead of one, were drowned by the sinking of a raft on the Pasig ferry.

Major Bell, with a reconnoitering party, killed 20 insurgents and wounded 40 others, near Santa Arta.

No Right to Oligarchy. The woman who is lovely in face, form and temper will always keep her health. If she is weak, sickly and all run down, she will be nervous, irritable, have constipation of the bowels, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric light is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives a new complexion, clear eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at A. Waseley's drug store.

Sudden Death in a Hotel Corridor. New York, May 25.—Colonel E. W. Cole, of Nashville, Tenn., died suddenly last night in the corridor of the Fifth Avenue hotel, of which he was a guest. Colonel Cole was walking through the hotel corridor when he gave a sudden gasp and fell to the marble floor, his head striking heavily. He was unconscious when picked up, and died in a few minutes. He was probably the wealthiest man in Tennessee.

The train will reach Chicago about 9:30 p. m. next day, and passengers can go via Michigan Central Railroad and Niagara Falls, or via Lake Shore route.

Fewer Saloons For Baltimore. Baltimore, May 25.—Five hundred saloons in Baltimore, it is estimated, will quit the business. Some of them have already closed their doors, and others will follow. The cause of the great shutdown is the determination which controls nearly nine-tenths of the output of the city, the Maryland Brewing company, to abandon the practice of paying the saloon licenses. Last year, on May 17, applications for license filed with the board of liquor control numbered 3,243. On the same date this year only 2,291 applications had been filed, a falling off of 100. The decrease in applications indicates what the extent of the general shutdown in the saloon business will be. It is safe to say that about one-third of those who have applied for licenses will not buy them.

Admiral Schley Leaves Omaha. Omaha, Neb., May 25.—Rear Admiral W. S. Schley's visit to Omaha ended yesterday when, in company with Mrs. Schley and General and Mrs. Manderson, he boarded a Burlington train for a trip to Denver and Salt Lake. When the party arrived at the station an immense crowd was present to catch a last glimpse of the naval hero. The parlor section of General Manderson's private car was filled with flowers, which had been sent as a parting reminder of the good will of Omaha citizens.

Washington's Peace Jubilee. Washington, May 25.—The feature of the second day of the national jubilee celebration in this city was the civic parade yesterday afternoon. It consisted of all the fraternal, civic and trade organizations of the city together with a long procession of floats. The parade passed through the court of honor, where President McKinley, his cabinet and a distinguished company reviewed it from a stand in front of the White House grounds. There was much merriment and enthusiasm, and the parade was a distinct success. It was over an hour in passing the reviewing stand. After the civic parade there was a floral procession of flower decorated carriages, but these were few in number, and this feature was consequently a disappointment to the crowds.

The President's Springfield Reception. Washington, May 25.—Representative Gillett, of Massachusetts, called on the president yesterday to arrange for a reception in Springfield while on his way to Mount Holyoke college to attend the graduation of his niece, Miss Grace McKinley. The president expressed his pleasure at the invitation, and said he would be glad to meet the people of Springfield. It was his desire to have nothing so formal as a banquet, as Mr. Gillett had suggested, but simply to meet the people at a reception.

A baby is the dream of her life—the crowning glory of womanhood—true happiness can never be known without the blessings a child brings. This remedy is praised by thousands who have tested it. Every woman is anxious to learn how to avoid the pain and suffering which may be in store for her.
