THE OPERETTA.

An Excellent Production of "Cinderella" by Local Talent.

The production of "Cinderella," a charming little opera, at Ferguson's theatre last night, under the auspices of All Saints' Protestant Episcopal church, was a flattering financial and artistic success. The lower part of the theatre was filled to its capacity and many balcony seats were sold. Between eight and nine hundred tickets were taken at the doors, so that the entertainment fully met the expectation of the promoters in that respect. The production itself was a pleasing surprise to many who realized the difficulty of arranging an opera in a theatre where the participation of over a hundred children and young people is a short time. The large audience was liberal with applause and left the theatre well satisfied. The cast for the opera was well selected. Miss Ella Wyatt made a charming little "Cinderella" and Misses Beattie Rowe and Nellie Jacobs, as "Patience" and "Charity," were just as vain and spiteful as two cruel sisters could be. Miss Maud Gilpin, "Court Lady," sang the "Gossiping" verses sweetly and the large chorus was also very satisfactory. The role of "Prince" was assumed by Mr. Frank Hoch, who sang in the choir of the Nativity church of South Bethlehem. His grace and voice was very favorably commented upon, and his entry with "Cinderella" (Miss Wyatt) in the corridor of the palace occasioned hearty applause. Miss Sarah Jones was a very pretty and pleasing "Fair Grandmother" and Miss Edith Brown made an acceptable "Lady Guy." As the irritable papa Mr. Edward Boughey was quite a success and performed his part very conscientiously. Master William Davis, equally successful as the "Courtier" and Master Philip Holman, who deserves recognition for his part as attendant to the Prince. The appearance of the fairies, comprising forty little girls, was a most pleasing spectacle, and the little ones did not allow the expressions of approbation to interfere in any way with their graceful evolutions and poses. The fairy circle sang by the same little people was a special feature. Incidental to the opera were action songs by a number of little boys. They sang well and were very amusing. The final number on the program was the "Lancers" performed by sixteen young ladies in grotesque array, and their appearance was a signal for peals of laughter that continued while the dance was in progress, and the curtain descended with the audience still laughing and the little artists confident that their efforts to please had not been in vain. Miss Edith Morgan was the musical director of the evening and acquitted herself beautifully.

Services Appreciated.
I desire to express my appreciation of the excellent service and support rendered by the children, young people and their parents in the opera production at Ferguson's theatre, last evening, under the auspices of All Saints' church, and desire to say that the success of the affair was in a large measure due to their individual efforts.

Workman Injured.
James Eisenhart, of West street, was painfully injured at Packer No. 2 colliery yesterday afternoon. He was engaged with four other men in lowering a 30-foot steam boiler down a rock bank when the rope that was being used became entangled about his legs and pulled him down so that the boiler rolled over his limbs from the feet to the hips. His left leg was badly bruised. Another of the workmen was caught by the rope, but he succeeded in getting away so that the boiler did not roll upon him.

Picnic on Decoration Day.
One of the attractions for Shenandoah on Decoration Day is the grand picnic under the auspices of the National Social Club, of town, to be held in the Columbia park. One of the features will be a waiting contest for a lady's ring, which will be contested for at 5:30 o'clock. The famous Bailey orchestra will furnish the dancing music. The National Social Club, composed of our leading young men, never do things by halves, and they have a reputation of entertaining their friends royally, and this occasion will be no exception.

Notice.
The members of Washington Camp No. 119, P. O. S. of A., will meet in Mellet's hall, on East Centre street, at 9 a. m. on Tuesday, 30th inst., to take part in the Memorial Day parade and ceremonies of the day. By order of FRANK B. WILLIAMS, Pres.

A Truth Tarsely Told.
From the Mineders' Journal.
The Traction Company would make a good move by using West Centre street instead of Coal. The latter street is entirely too narrow.

Important Notice.
For sale, a lot of good bedroom suits, carpets, tables, dishes, curtains, pictures, cooking utensils, etc. Must be sold next week. Also, for rent, a ten-room dwelling. Steam heat, bathroom, closet and other conveniences, at 112 South White street. Apply at P. E. Magargle's store. 5-29-1f

Want Free Delivery.
The residents of Barry's, Craig's, Bowman's, Glendon's and Sillman's patches, in Mahanoy township, are petitioning for a free mail delivery service, claiming that there are 800 families, embracing a population of 800, in that part of the township, more than the combined population of the part of the township now enjoying the benefits of such service.

The Working Time.
The P. & R. C. & I. Co.'s collieries will be operated three-quarter days next week on Monday, Wednesday and Friday.

Will They Close?
A matter of speculation with many clerks of town is whether the stores will be closed on Decoration Day. It is believed at least a majority of the business people will give clerks a holiday.

PERILOUS POSITION!

A Miner Threatened With Death For Ten Hours.

HIS ESCAPE WAS REMARKABLE!
He Was Pinned Down by a Fall and the Lives of Those Who Worked to Save Him Were in Danger—Escaped With a Squeeze.

John Berkawicz, a young man residing in the town, had a surprisingly narrow escape from death in the Kalkbrenner colliery at Yatesville yesterday. He was practically entombed for ten hours, but the most remarkable feature of the accident is that, although pinned down at the hips by an immense boiler during all that time, he escaped with his life, without a fracture, and comparatively unharmed.

Berkawicz is a single man 23 years of age. He was at work in breast No. 30, top split gangway. The breast is 32 feet wide and the vein is 12 feet thick, and has a pitch of from 75 to 80 degrees. Berkawicz was engaged in drilling a hole when a slip came from the west rib of the breast and pinned him against the upper joggler and a rib. The slipping piece was a large lump of sulphur stone and it rested on the victim's hips, his head, shoulders and lower limbs being left free.

It was about 12 o'clock, noon, when the accident occurred and for hours after a large force of mining officials and workmen labored diligently and with the greatest care to rescue the victim alive. Towards evening the working force was augmented by the arrival of Mine Inspector Stein, Division Superintendent Tucker and McDonald, District Superintendent William H. Richards, of Mahanoy City. The rescuing force also included outside Foremen Thomas Bellitt, Foreman Caxon and The Bosses Zimmerman, Fry, Broderick, Flynn, Watson and Hook.

The first step taken was an attempt to break the sulphur stone that rested upon the victim, but it failed. It was then decided to draw the coal from the breast, but after one car load had been drawn out this work was stopped by complaints of Berkawicz that he could not withstand his sufferings. The victim was offered encouragement with assurances the greatest care and possible speed would be exercised to get him out, and coal was then drawn from two more cars. The work proved as dangerous for the rescuers as for the victim, in many respects, and no little trouble was experienced from accumulating gas. Finally it was decided to start a battery and pull the coal from the breast. After filling the chute and loading two cars Berkawicz's position became such that he was released from his awful position with little difficulty. It was found that he suffered only from a severe squeeze about the hips. Berkawicz was sent to the Mines' hospital, and coal was then drawn from the breast and the victim had a remarkable escape from death, while the rescue was in progress, as well as when the fall occurred.

BOARD OF HEALTH.

Proceedings at a Regular Meeting Held Last Night.

At a regular meeting of the Board of Health in the Council chamber last night Meeting Spalding, Morrison, Holman and Schmidt were in attendance. The session was a brief one and chiefly devoted to the reading of routine reports.

Mr. Holman called attention to a nuisance caused by stagnant water at the Lehigh Valley Hotel, at the foot of Catherine street. It was stated that there have been two or three cases of diphtheria in that vicinity, and it is believed the nuisance complained was the cause. The matter was referred to a nuisance committee.

The sanitary committee reported that there were 20 deaths of still births during the month. Of 27 burial permits issued four were for non-residents.

The epidemic committee reported six cases of communicable diseases for the month, two diphtheria, three scarlet fever and one diphtheria-croup. There were no fatalities.

Another report showed that the cost of vaccination to the Board this year was but \$11.75. Last year the cost was \$45.78, showing that the necessity for vaccination is diminishing.

Frank J. Conry, acting Health Officer, read his report, showing that 29 nuisances were abated during the month. Health Officer Conry's absence is due to his service as a juror at the United States Court in Philadelphia.

It was also reported that Contractor Brading had resumed the work of clearing the First ward creek, but had been obliged to suspend it the past few days on account of the heavy flow of the stream, which prevented the blasting required. President Spalding suggested that the work be resumed at the earliest opportunity and pushed to completion, as the creek is in a very bad sanitary condition.

Commenting upon the return of deaths, President Spalding said it was very favorable, being actually far less in number than last month. Only sixteen of the deaths were due to disease. Three of the remaining four were due to mine accidents and one to alcoholic poisoning.

Solicitor Burke stated that the Carl nuisance case, referred to at the last meeting, had been disposed of by payment of the fine and costs and abatement of the nuisance.

A list of nine authorized midwives was filed with the Board. All the women are Poles and Lithuanians.

President Spalding said a question had arisen as to who would be responsible for the Thomas Coal Company's share of the expense for cleaning the First ward creek, should the reported sale of the company's colliery to the P. & R. C. & I. Co. be effected before the work is done. Solicitor Burke replied that he had written at length on the matter to General Manager R. C. Lather, of the latter company, and that he did not anticipate any complications.

Too Much For Johnson.
Josiah W. Johnson, formerly of town and now of Reading, has prosecuted Oliver Schlauch, of Nuremberg, for false pretence. Schlauch gave \$500 bail before Justice Griffith, Nuremberg last night. In October, 1898, Schlauch, owner of Johnson and Hook's store, gave him a man named O'Hare in settlement. The note was for \$73.74, and Schlauch said in the letter written at the time that it was "as good as gold." Johnson took the note and gave Schlauch the difference in cash. When Johnson went to collect the note recently he was astonished to find that although O'Hare was perfectly good for the amount, the money in his hands had been attached by another creditor of Schlauch's, and it is alleged that the latter knew of the complication when he gave Johnson the note.

Nobbers at Frackville.
At 2:30 o'clock this morning four robbers broke into the hardware and tinware store of G. W. Leebold, at Frackville, and got away with about ten dollars worth of goods. Some railroads saw the thieves depart and gave chase, but were halted by the thieves firing both shots at them, a man of which took effect. The robbers went to the plane hoisting house, then down the hill and back, by way of the culvert road, to the Frackville electric light house. They slept there until this morning, when C. & L. Policeman Schmitt and others pointed upon two of them. The others escaped. All the stolen property was recovered. One of the prisoners tried to draw a revolver, but was too quick for him. The prisoners were taken to the Pottsville jail.

Specials at Wilkinson's.
Another week of sale prices, that are record breakers. We place on sale to-day two thousand yards extra yard wide sheeting, 25 cents for \$1.00. Three hundred all wool carpet remnants worth 90c to 75c per yard, only 25c per piece. Our remnant table is stocked with complete lines of seasonable goods all marked about half price.

A Boy Stunned.
Ray Lynn, 8-year-old son of John Lynn, of Mahanoy City, was severely burned about the back to-day by a spark from a bush fire he and another boy had started lighting his clothing. The victim ran down the mountain to the town and fell exhausted upon a pavement. Several people hurried to his assistance and extinguished the fire on his clothes with pieces of carpet.

SOLDIERS NEEDED!

To Maintain Our Supremacy in the Philippines.

CANNOT GARRISON THE TOWNS.
As a Result Most of the Recent Fighting Has Been in Territory That Had Already Been Swept by Our Troops. Spanish General Killed by Filipinos.

Manila, May 27.—The events of the past week have emphasized the need of a much larger army here, without which, according to the best authorities in Manila, it would be attempting the impossible to expect to establish American supremacy in the Philippine Islands. The inadequacy of the American forces is said to be responsible for the large total loss in the number of small encounters, without material results as a compensation. Most of the fighting has been in territory which the Americans had swept, but have been compelled to abandon because they could not spare troops to hold it.

The forces commanded by General MacArthur and Lawton hold two important lines of communication and commerce, the railroad to San Fernando and the Rio Grande river. But much of the country they have swept, including scores of the smaller towns and some of the larger ones, have been left uncovered, simply for want of men to hold them and the insurgents have returned and are occupying the towns the Americans abandoned, and are camping in the jungles and woods outside others, on the watch for chances to harass the garrisons and attack scouting parties or detached companies with greater forces. This is the kind of warfare they prefer to regular battles.

It appears that the Filipinos who attacked the Third regiment between San Miguel and Baling were part of the South Carolina regiment, presumably to meet a wagon train with General Lawton expected along the road. They also planned to capture several large detachments and were placed in ambush at different points, with greater forces. This is the kind of warfare they prefer to regular battles.

The Filipinos lost more heavily than the Americans in all the recent encounters. The insurgent general takes the loss of arms more to heart than they do the loss of men.

Foreigners who have arrived here from the insurgent country, under the recent order of expulsion, say the Filipinos with fresh graves. A majority of the Filipinos wounded die, because the insurgent hospitals are inadequate, medicines are scarce, and they have few surgeons, except Spanish captives who have been impressed.

A scouting party of American troops encountered a body of insurgents at Santa Rita and, the Americans being reinforced by Brigadier General Funston, with the South Dakota regiment, a warm fight ensued. A lieutenant and five men of the American force were wounded and ten of the insurgents were killed and several captured.

General Hughes, who has been appointed to relieve Colonel Smith as governor of the Visayan district, will be accompanied by Brigadier General Williston, who recently arrived here in command of the troops of the Sixth artillery.

The Spanish General Montero, while on the way hither with the Spanish garrison from Zamboanga on the steamer Leon XIII, died of wounds received in a recent engagement with the Filipinos in Mindanao.

Sports at Mahanoy City.
The Mahanoy City Athletic Association are making elaborate preparations for the opening of the cycle season at their park on Decoration Day. A program of sports has been arranged, commencing at 10 o'clock in the morning with a base ball game between the Association team and Manager Womrat's pets from Pottsville. The Citizens band has been engaged to furnish music for the day. In the afternoon, the Keystone and Association teams will play a game. The afternoon program will consist of four cycle races, one-mile novice, one-half mile open, one mile open and two mile handicap, and a base ball game.
