# **Put Your** Finger on **Your Pulse**

You feel the blood rushing But what kind of blood? That is the question.
Is it pure blood or impure blood?

If the blood is impure then you are weak and languid; your appetite is poor and your digestion is weak. You can-not sleep well and the morning finds you unprepared for the work of the day. Your cheeks are pale and your com-plexion is sallow. You are troubled with pimples, boils, or some eruption of the skin. Why not purity your blood?

will do it. Take it a few days and then put your finger on your pulse again. You can feel the difference. It is stronger and your circulation better. Send for our book on Impure Blood.

If you are billous, take Ayer's Pills. They greatly aid the Sarsaparilla, They cure constipation also.

Write to our Dectors. Write them freely all the particulars
your case. You w'll receive a
compt reply, without cost.

### UNLAWFUL INQUESTS.

he Taxpayers' Association Protest Against Paying Fees.

Much criticism has been heard because of the large number of unnecessary and unlaw-ful inquests being held by the Deputy Coroners, especially in the Shenandoah and Mahanoy valleys. Most of these cases are not such deaths as should have been inquired into by the Coroner, as the only object of an inquest is to aid in the detection of crime. Where it is apparent that the death has been caused by disease, suicide, pure accident or negligence of the deceased, no inquest is necessary, and if one is held the county cannot be charged with the costs. This is in accordance with a recent judicial

The Taxpayers' Association have filed with the County Controller a protest against the payment of fees to Deputy Coroners in certain cases where inquests are deemed to have been unnecessary. Out of the 75 inquests held during the past four months in the county, 35 of them are deemed illegal. The Controller is holding the matter under ad-visement, and will consult his counsel.

The inquests against which protests have been entered in this section are the follow ing: Mary A. Kelly, Margaret Casserly and Kate Shatzader, all of Mahanoy City; Wm. Resch and Wm. Rafe, Fountain Springs; Robert Grafton, Fountain St Esther Strunk, Tamaqua; John Geban and unknown man, Fountain Springs; Martin O'Nell, Ashland; Robert Marsh, Mabanoy City; Wm. Novicz, Mahanoy City; Thomas Reed, Frackville: Peter Schager, Mahanoy City; Richard Hocking's child, Gilberton; Jerry Ziegler, Jr., Boston Run.

Favors the Change.

ED HERAED :- The movement to change the tracks of the Schuylkill Traction Com- Women's Relief Corps and Ladies' Aid pany from Coal street to Centre should continue to be agitated in the interest of the people of the borough in general. Coal street is not only one of the narrowest streets in the borough, but there is more traffic on that thoroughfare than any other in the town. I haven't the highest regard for this corporation, but having occasion to use Coal street frequently I certainly approve of the change, and every teamster in the town, un-less he has personal interests otherwise, will agree with me. Agitate the movement until the Town Council is brought to realize that the public interests demand that Coal street be abandoned by the electric railway. TEAMSTER.
