DEAD MEN PLACED ON THE LIST.

It Is Generally Believed That the Rolls Were Padded in Expectancy of Cuban Officers Disbursing the Money-Sau-Itary Conditions in Havana.

Havana, May 31.—Early yesterday morning Lieutenant Colonel George M. Randali, of the Eighth United States infantry, accompanied by Paymaster Moses, his clerks, a doctor and a military escort, with nearly \$200,000, left by speical train for Santiago de las Miss Linzie Bubble, of Ashland, was a guest Vegns, but owing to various delays the payment of Cuban soldiers did not begin until the afternoon. Many of the applicants, of whom there was a large number, were without guns. One man, who had a Mauser, begged a ride on the special train carrying the pay car, and was the first man to be paid. a single officer would come forward to identify an applicant, a fact causing considerable annoyance and increasing

the delay.

That the rolls are padded badly becomes more and more evident each day, and Colonel Randall says that from what he can learn every man, dead or alive, who ever has served in the ranks of the insurgents appears on the lists. Investigation has already shown that several officers gave certificates to men who had no guns. Gilbert L. Ferguson, of Last Creek, has been added permanently to the clerical force at the Shenandosh drug store. When Colonel Randall demanded the presence of these officers they refused to come forward. The sanitary department has just issued some interesting statistics regarding deaths from yellow fever during the last eight years. In the year 1890 there were only 4, in 1891 there were 316: in 1892, 326; in 1893, 391; in 1894, 328; in 1895, 410; in 1896, 1517; in 1897, 1658. 1,517; in 1897, 1,058, and in 1898 162. Thus far in the present year there have been only four deaths due to yellow fever. In 1896 and 1897 there were large numbers of Spanish soldiers in the province unacclimatized, and they succumbed often to doubtful diseases. In making up the statistics the preference was always given to months the yellow fever, owing to the larger sion that could be drawn in such cases by relatives of the deceased at home.
