OUR COUNTRY: First, Last and Forever.

ANNOUNCEMENT has been made by the Reading Iron Company of a further advance in the wages of its several employes, to take effect June 15.

JOHN WANAMAKER, says The Fourth Estate, is to enter the magazine field as a publisher next fall.

Using It Again. The Tammany Recorder, one of the best weekly publications in the county, and which claims to be "the only Democratic paper supporting Bryan and the Chicago platform in 1904."

In its issue of yesterday the Recorder placed itself in the position of a deserter should the county convention take the same view of its pet dogma as the executive committee did.

"The fact of the matter is there can be no harmony among gold Democrats (7) and silver Democrats, any more than there can be harmony among gold Republicans and silver Democrats. The principles are too widely separated.

One curious feature about the contest within Democratic lines in this county is that the most prominent silver "statesmen" are deserters from the Republican ranks, or men who have on several occasions deserted their own party nominees to support the Republican candidates.

It is not likely, however, that their plans will succeed in Schuylkill. The men now in control of the party machinery, and who will dictate the policy and probably the nominees of the party, are not yet ready to drive thousands of voters from their ranks simply to satisfy a handful of financial fanatics whose democracy, to say the least, has not yet been established to the satisfaction of either the leaders or the rank and file of the party.

It is safe to say that the Democratic county convention will resolve on themes other than the financial question this year. The clear-headed and astute leaders of the party realize that the 16 to 1 idea is not the issue now that it was in 1896, and to be successful their party must assume a position other than a mere collection of calamity howlers.

The Plague May Delay Admiral Dewey. Hong Kong, May 31.—The plague is likely to complicate Admiral Dewey's homeward journey. Various governments have already declared severe quarantine regulations against all Egyptian Red sea ports and Hong Kong, where the fresh cases and the number of deaths have nearly doubled in the past week, the new cases numbering 143 and the deaths 134.

Pain Conquered; Health Restored by Lydia E. Pinkham's Vegetable Compound.

LETTER TO MRS. PINKHAM NO. 9549. "I feel it my duty to write and thank you for what your Vegetable Compound has done for me. It is the only medicine I have found that has done me any good. Before taking your medicine, I was all run down, tired all the time, no appetite, pains in my back and bearing down pains and a great sufferer during menstruation. After taking two bottles of Lydia E. Pinkham's Vegetable Compound I feel like a new woman. I am now on my fourth bottle and all my pains have left me. I feel better than I have felt for three years and would recommend your compound to every suffering woman. I hope this letter will help others to find a cure for their troubles."—Mrs. DELLA REMICKER, RENSSELAER, ILL.

The serious ills of women develop from neglect of early symptoms. Every pain and ache has a cause, and the warning they give should not be disregarded.

Mrs. Pinkham understands these troubles better than any local physician and will give every woman free advice which is puzzled about her health. Mrs. Pinkham's address is Lynn, Mass. Don't put off writing until health is completely broken down. Write at the first indication of trouble.

Emperor William has conferred the Grand Cross of the Order of the Black Eagle upon the Emperor of China. Liberia will ask for a protectorate from the United States, and the latter response, it is said England will then be expected to make.

Memorial services were held as usual at Arlington cemetery, Washington. The president and cabinet members attending.

William S. Kinzer and Arthur Patt, young business men of Ford do Lac, were drowned in Lake Winnebago, Wisconsin, by the capsizing of a sail boat.

Memorial day was more generally observed throughout the country than ever before, the ceremonies being devoted largely to the memories of soldiers who died in the Spanish-American war.

The woman who is brought in her, torn and tender will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will not be attractive. Her health, her complexion, her hair, her eyes, her nose, her mouth, her throat, her chest, her stomach, her bowels, her nerves, her system, her very skin, rich complexion, it will make a good-looking, charming woman of a run-down invalid. Only 50 cents at A. Waseley's drug store.

Solemn pontifical mass was celebrated in the morning. Cardinal Gibbons officiated and Mr. Conroy, rector of the Catholic university, preaching the sermon. An alumnae reunion occurred in the afternoon.

OHIO'S REPUBLICAN CONVENTION. Judge Nash and Chairman Daugherty Lead For gubernatorial Nomination. Columbus, O., May 31.—With the selection of delegates for the Republican national convention, which meets here tomorrow and Friday, practically completed, there is but one thing which seems certain about the nomination of a candidate for governor, that is, that the nominee will not be a distinctly factional man, or a person hostile to the administration. There is no intention on the part of the administration to interfere in the selection of the nominee unless the interest of the dominant power in general government is imperilled, in which case the forces will be rallied and a nomination made at once.

At the present time it is conceded that Judge Nash and Chairman Daugherty, of the central committee, are in the lead, but it is also thought that in case a choice is not made by the second ballot a dark horse will win, and it would not be surprising if Assistant Secretary J. H. Brigham, of Fulton county, or Congressman W. S. Kerr should be chosen.

Serious Head-On Collision. Nashville, Tenn., May 31.—Nine people were injured, two of them seriously, in a head end collision of local passenger trains on the Louisville and Nashville road, 25 miles south of here, at 5 o'clock last evening. Both engines and baggage cars were smashed, while engineers Burns and Shugart received serious internal injuries. Seven passengers were slightly hurt. The trains came together on the main track half way between West Harpeth and Thompson station, but who is at fault has not been determined.

CORNELL'S AQUATIC VICTORY.

Pennsylvania's Freshman Crew Defeated by the Ithaca Students. Ithaca, N. Y., May 31.—The Cornell-University of Pennsylvania freshman boat race, which was postponed from the scheduled time of 3:30 o'clock yesterday afternoon, was finally rowed at 7:30 o'clock last evening. The lake, which had been exceptionally rough all day, quieted down by 6 o'clock, so that before Mumford was able to call the Cornell-Cornwall race, which was scheduled to take place after the Cornell-Pennsylvania race. This contest was started at 4:55 p. m., and Cornwall won from Cascadilla by a length. Cornell and Pennsylvania were ready for the contest immediately after the first race had been rowed. Pennsylvania chose the inside course. The Pennsylvanians had a slight advantage in catching the water first and gained nearly a third of a length after a dozen sharp strokes. Cornell did not attempt to spurt, but rowed 4:35 stroke. Pennsylvania started with 34, and from time to time increased it to 26. Cornell began to gain at the quarter mile, and at the mile had more than made up the loss at the beginning. Pennsylvania had just about half a length at the mile and a quarter, and began to put effort into their work. Cornell's rowing did not vary, and although Pennsylvania pushed the nose of her shell nearly even with the Ithacans at the mile and a half, Cornell did not let out until about 200 yards from the finish. The men in the Cornell boat then rowed a 33 stroke, while Pennsylvania's went up to 37. The Ithacans gained slightly, and at the end won by a length in 11 minutes 32 seconds. Pennsylvania's time was 11:25. Both crews finished strong and pulled to the boat house in good form.

Decorating the Graves of Confederates in Arlington Cemetery. Washington, May 31.—There was a small but impressive service in connection with the Decoration day ceremonies at Arlington cemetery yesterday, which passed unnoticed by many of the thousands that gathered. Following the suggestion made by President McKinley in his Atlanta speech, the graves of the 130 Confederate soldiers interred in the national cemetery were decorated with the hands of men as were those of the Union dead. In a remote corner beyond the mounds beneath which lie the thousands of Union dead has been the resting place for 20 years of a few who fought for the south. It was more by accident than otherwise that the Confederates were interred there. Some of them were brought into Washington during the various engagements in Virginia near the city, others were taken prisoners and died there, while others, from one cause and another, came into Washington and died while the struggle was still raging.

A NEW PREPARATION WHICH CURES DYSPEPSIA AND STOMACH TROUBLE. Remarkable Curative Properties. A new remedy, which may revolutionize the treatment of stomach troubles, has recently been placed before the public and bears the endorsement of many leading physicians and chemists.

The remedy is not a wonderful secret discovery, nor a patent medicine, neither is it claimed to cure anything except indigestion and stomach troubles, with which nine-tenths of our nation are afflicted.

The remedy is in the form of pleasant tasting tablets or lozenges containing vegetable and fruit essences, pure aseptic pepsin (free from animal impurities) bismuth and golden seal; they are sold by druggists generally under the name of Stuart's Dyspepsia Tablets.

Many interesting experiments made with these tablets show that they possess remarkable digestive power, one grain of the active principle being sufficient to thoroughly digest 3,000 times its own weight of lean meat, eggs, oatmeal or similar whole meal foods; these tablets do not act on the bowels like after-dinner pills, nor do they act upon any particular organ, but the manner in which they cure all forms of indigestion is this: They act entirely upon the food eaten, digesting it completely, nourishing every tissue and nerve in the body; they simply perform the work of digestion, thus giving the weak stomach rest and assistance sufficient to enable it to recover its normal strength. This is the reason so many pretended cures have signally failed; they do not furnish the digestive power which is the one thing above all others that the stomach of the dyspeptic lacks, and unless that lack is supplied, it is waste of time to attempt to restore the enfeebled stomach by means of "tonics," "stomach bitters" and "pills" no permanent good can result from their use.

If the stomach can be rested and assisted in the work of digestion it will very soon recover; this is the secret and the whole secret of the remarkable success of Stuart's Dyspepsia Tablets, a remedy practically unknown a year ago and now the most popular, widely used dyspepsia remedy, everywhere a success secured almost entirely on its merits, as it has never been extensively advertised.

Stuart's Dyspepsia Tablets are now sold by druggists everywhere at 50c per package; if he hasn't them in stock he will order them for you from his wholesale house. They are made by the F. A. Stuart Co., chemists, Marshall, Mich., who will be pleased to send information and testimonials from every state in the Union.

GENERAL WHEELER IN BOSTON. The Fighting Southerner Arouses the Enthusiasm of Boston Entertainers. Boston, Mass., May 31.—For the first time, an ex-officer of the Confederacy yesterday delivered the Memorial day address before a New England Grand Army post. General Joseph Wheeler, the cavalry leader who led the boys in gray at the famous charge at Shiloh and, nearly 37 years later, beneath the Stars and Stripes, cheered on the volunteers at Santiago, was the orator and guest of honor at the memorial day services of E. W. Kinsey Post 113, G. A. R., at the Boston theatre.

The immense auditorium was filled to its utmost capacity. The singing of the "Battle Hymn of the Republic" by comrade Myron W. Whitney and a chorus and the presentation to the audience of its author, Mrs. Julia Ward Howe, called forth a tremendous burst of applause. Rev. Dr. Lindsay Whitney, in prayer and address, were delivered by Commander Ira B. Goodrich and others. President Lincoln's address at Gettysburg was read by Comrade James D. Leatherbee, and the post chaplain's address was made by Rev. E. A. Horton.

When General Wheeler arose to speak the applause was tumultuous. Cheer upon cheer arose from thousands, and it was nearly 15 minutes before the general could make himself heard. General Wheeler aroused the wildest enthusiasm among the veterans to "the great rebel, Washington," and continued: "The warriors who fell side by side at La Guasimas, San Juan and El Caney, men from the north and south, among them some of your brave boys from the Second Massachusetts, were buried together in the great national cemetery at Arlington, while a brave federal officer who took part in the great struggle of our civil war, and now the chief executive of the nation, by his presence conferred honor upon their funeral obsequies."

Declaring that it was the duty of every American to uphold the president and his cabinet when it has become thoroughly committed to a defined policy, General Wheeler said: "Certainly no good and only evil can come from wars and acts which tell rival nations that even a portion of our people, however few, are not in full sympathy with our government, or what is worse, that any Americans actually do sympathize with our country's enemies."

All the healing, balsamic virtues of the Norway pine are concentrated in Dr. Wood's Norway Pine Syrup, nature's own remedy for coughs and colds.

The Speakership Contest. Toledo, O., May 31.—Congressman J. H. Southard today, in giving an estimate of the speakership situation, declared that Henry Rogers would get a solid delegation from Ohio, although he said he was his personal preference as against Sherman of New York. He believes the fight is between Sherman and Henderson. He understands that Congressman Grosvenor is a candidate for the place.

Promptly Reaches the Seat of all Blood Diseases and Cures the Worst Cases. In every test made S. S. S. easily demonstrates its superiority over other blood remedies. It matters not how obstinate the case, nor what other treatment or remedies have failed, S. S. S. always promptly reaches and cures any disease where the blood is in any way involved. Everyone who has had experience with blood diseases knows that there are no ailments or troubles so obstinate and difficult to cure. Very few remedies claim to cure such real, deep-seated blood diseases as S. S. S. cures, and none can offer such incontrovertible evidence of merit. S. S. S. is not merely a tonic—it is a cure! It goes down to the very seat of all blood diseases, and gets at the foundation of the very worst cases, and roots the poison from the system. It does not, like other remedies, dry up the poison and hide it from view temporarily, trace of taint, and ride the system of it forever.

Mrs. T. W. Lee, Montgomery, Ala., writes: "Some years ago I was inoculated with poison by a nurse who infected my babe with blood taint. I was covered with sores and ulcers from head to foot, and in my great extremity I prayed to die. Several prominent physicians treated me, but all to no purpose. The mercury and potash which they gave me seemed to add fuel to the awful flame which was devouring me. I was advised by friends who had seen wonderful cures made by it, to try Swift's Specific. I improved from the start, as the medicine seemed to go direct to the cause of the trouble and force the poison out. Twenty bottles cured me completely." Swift's Specific.

S. S. S. FOR THE BLOOD. —is the only remedy that is guaranteed purely vegetable, and contains no mercury, potash, arsenic, or any other mineral or chemical. It never fails to cure Cancer, Eczema, Scrofula, Rheumatism, Contagious Blood Poison, Tetter, Boils, Carbuncles, Sores, etc. Valuable copies mailed free by Swift Specific Company, Atlanta, Ga.

GUFFEY CLINGS TO BRYANISM

The Democratic Leader Gives His Republican Insurgent Allies a Rude Shock.

THEIR PLANS BADLY SHATTERED. Stalwart Republicans Continue to Win Victories at the Primary Elections in the Naming of Delegates to the Coming State Convention.

Harrisburg, May 30.—Colonel James Madison Guffey, the accredited head of the Democratic party in Pennsylvania, gave a terrible shock last week to his political allies, the Filin-Martin Republican insurgents. Guffey engineered the deals between the Democratic members of the legislature and the insurgents in the recent house of representatives by which they blocked the various projects advocated by the Republican governor to raise revenue to meet the current obligations of the state. It was due to the success of these alliances between the Democrats and the insurgents that Governor Stone found that the appropriations of the recent legislature far exceeded the amount of money available for the same, and that he was, therefore, obliged to veto bills right and left and to cut the general school appropriation \$500,000 annually for the next two years. The men who were responsible for this condition of affairs have been the most blatant in condemning the governor for his action, necessitated by their high handed course in the legislature. There is no doubt that some of the insurgent leaders, recognizing that they will cut no figure at the coming Republican state convention, have been planning for a continuance of their alliance with the Guffey Democrats in the hope of defeating the regular Republican nominee for state treasurer, no matter who he may be.

GUFFEY FOLLOWS BRYAN. By Guffey has given this project a rude shattering. He has been obliged to take a stand between the two factions in his own party. On the one side are the conservative Democrats, who believe in a sound currency, but who have been read out of their party organization while on the other hand are the rampant divers and champions of Bryan. Guffey concluded to train with the Bryanites, and was one of the most conspicuous figures at the great Bryan demonstration at St. Louis a few days ago. The Republican insurgents have been greatly distressed ever since. They did not want Guffey to join with this radical wing of his party, as they know he has thus made it difficult for them to co-operate with him and have any following among self respecting Republicans. They decried his action as practically self defeating, but he will prevent them from giving encouragement to a movement to help Guffey's candidate for state treasurer.

Not only has Guffey raised the flag of Bryanism, but one of his chief lieutenants, Former State Chairman Garman, has publicly declared that no one who did not support Bryan for president can hope to get a nomination for any office which there is a chance of winning at the coming Democratic state convention. All this means that Bryanism is to be put to the front by the Democracy of Pennsylvania in the coming canvass, which will be the skirmish of the great presidential campaign of next year. The Republicans, under the leadership of Quay and Penrose, and raised the triumphant banner of McKinley, and are ready to meet any combination of Bryan Democrats and Republican insurgents that may be formed in the Keystone state this fall.

Severe Storms in Virginia. Richmond, May 31.—Reports are coming in of severe storms Monday night in Piedmont, Va., and the valley. At Basic City several houses were unroofed, and a warehouse was demolished near Woodstock. In Shenandoah county great damage was done telegraph lines, and a farmer was killed by lightning. In Augusta county the electrical disturbance put the county telephone system out of service for several hours.

German critics say she is a wonderful player. It is the greatest distinction to be first in anything. For this in statesmanship literature, athletics, science and art, men and women put forth their greatest efforts. Washington was said to be "first in war, first in peace and first in the hearts of his countrymen." It is a great thing to be first. Nothing is of more value to mankind and brings greater happiness than a good remedy. Many things will relieve but the one that will cure best. Brazilian Balm is such a remedy. Thousands of people have found that it is the only thing that would cure Catarrh and Asthma. For 15 yrs. it has never failed in a single case to cure Asthma, and its record has been as wonderful in Catarrh. Cases that had, to all appearances, run into Consumption, or where the nostrils were entirely stopped up, or where the poisonous pus had eaten holes into the throat an inch deep, or where the stomach had become ulcerated and raw from swallowing the germ-laden matter, were all permanently cured. Such a record, unknown to any other remedy, justly entitles the Brazilian Balm to the first place in the regard of the American people. There are 20,000,000 Catarrh victims and countless Asthma sufferers in this country, all of whom can be cured with Brazilian Balm. A \$1.00 bottle of Brazilian Balm contains a month's treatment for Catarrh or Asthma, and for 6 months we will wrap with each \$1.00 bottle a month's treatment of Toxicola Tablets, free. Toxicola is the best tonic and nerve and strength builder known to science. This is the greatest offer ever made. Ask your druggist and take no substitute. H. F. JACKSON & Co., Mfg.
