This is a vital question. It is fraught with interest to Shenandoah. It permits of only one answer. It cannot be evaded or ignored. A Shebianidoah citizen aperka here. Speaka for the welfare of Shenandoah. A citizen's statement is reliable. An utter stranger's doubtful. Home proof is the best proof.

Mr. Robert S. I finally read about Doan's Kid-ney Pills and got them from Kirlin's Phar. macy. They were the first remedy which revolt. The third was the conclusion of Judge Ballot de Beaupre's report on gave me positive relief."

the French Republic. MARCHAND HAILED AS A HERO.

SENSATIONS OF PARIS.

Enemies of the Republic Exaiting the Fashoda invader-Acquittal of Dreyfus a Foregone Conclusion-Attempt to Besmirch President Loubet.

Paris, May \$1.-Three events took place yesterday, each of which, without the others, would have sufficed to electrify France. All coming together, interest was diffused, and uo convulsion thus far is apprehended.

One was the landing of Major Mar-chand at Toulon. The second was the speech of General Herve and the pro ceedings generally in the Paris court of assizes, where the Deroulede-Habert

the Dreyfus case, read by him before the court of cassation. Major Marchand is halled as a hero by all the enemies of the republic. He S. Remember the name Do n's and lake no other, \_\_\_\_\_\_\_\_\_ is contrasted by them with the foreign minister, M. Delcasse, whose good sense in the Fashoda matter is stigmatized as cowardice. To pay ova-tions to Marchand is at once a way to let off Anglophobe feeling and to be-little the republic. He was educated by the religious orders and has been patronized by the Catholic missions in Paris, which are only second in im-portance to the propaganda in Rome. It may be that, being a man of humble birth and uncultured, he will lose his head and lat himself be hoisted into General Boulanger's saddle, but this is improbable. Marchand is a silent man. He never asks advice, but after ma-ture thought he acts on the notion he has been reflecting upon. He must think himself most fortunate, though to be ranked so high in the army and the Legion of Honor and to be the recipient of the exploration prize of the academy, 15 000 francs, to say nothing of the swords of honor, the gold medals and the ovations.

> The call made by M. Drummont to Parisians to hang out flags in honor of Marchand has not yet been widely responded to, but the flags are per-haps reserved until the hero arrives. It is predicted that Marchand will marry an heiress, leave the marines for the line and be entrusted with the grand command in the French Soudan, with a mission to watch Lord Kitch-ener. The Egyptian question being still open, the Soudan would afford a fine field for his energies.

M. Bailot de Beaupre's summing up before the court of cassation in favor of Dreyfus has not disturbed the town. It was a foregone conclusion, but as the judgment is to be revised, and not quashed, there will be a new trial before a court martial, with every probability of a fair trial, and it is hard to doubt that the result will be acquittal, there being no proof against Dreyfus.

M. Drummont expressed himself this morning as delighted with the outcome, "Inasmuch as the whole affair shows that the Jews all the world over will act as one man whenever Jewish interests conflict with Christian." As a matter of fact, there is not a single eminent Dreyfusite who is a Jew, Still, the ignorant masses will not see that this hatred, bred by the Dreyfus af-

fair, is not likely to die. The main feature of the Deroulede trial is the attempt being made to use it to blacken President Loubet as a "Panamist." Nothing could be more disingenuous, M. Loubet was never implicated in Panama affairs. He, with the cognizance of President Car-not, and with his approval, tried to prevent the exposure of 124 Republi-can deputies in 1892 as "Panamists." was minister of the interior and able to prevent it.
