WHY NOT HERE?

Manufacture of Chemicals From Culm—An Industry for Shenandoah.

Shenandoah has plenty of idle men and boys that might profitably be employed in locating industries here.

A plant of this character would give employment to hundreds of idle men and boys and would be a profitable investment.

It has been demonstrated by scientific experts that various chemicals can be manufactured from culm.

There are no patent rights which would interfere with the process, neither are there any secrets in the manufacture which could not be fathomed.

The English syndicate which practically holds the monopoly has a capital of \$100,000,000, and it is reported, earns profits not much less than 50 per cent.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. Every pill is a sugar-coated globe of health.

Grippe Cured. "Last winter I had a bad cold and severe cough. I was lame in every joint and muscle. I was sick and felt as though I was coming down with typhoid fever. It was no doubt a bad case of grippe. Mr. E. F. Budge gave me a bottle of Brazilian Balm, saying he was sure it would help me. The relief was almost instantaneous. It quickly stopped my cough and took the grippe with all the pain and soreness out of my system. I gave the balance of the 50-cent bottle to Mrs. Bishop Wiley for her daughter. It proved so beneficial she says she never intends to be without it."—Edwin Pitt Jones, Cincinnati, Ohio.
