It is said that John Wanamaker. owner of the Philadelphia North American, is contemplating free dis tribution for that excellent newspaper. What say our Philadelphia contemporaries to that proposition?

SOME men are reformers when the curtailment doesn't effect their own pocket-book. In other words, they'll gouge the public treasury when the expenditure, no matter how excessive, drops into their own till.

FRIENDS of ex Senator Charles King say he has been misquoted, or rather the application is incorrect. The term "rogue and rascal" was silver patriots. The ex-Senator Root Tea acts directly on the bowels, liver should be more explicit.

Some men are hard to satisfy. During the civil war Gen. Wheeler lost thirty-two of his personal staff killed and wounded, was wounded himself, and had sixteen horses shot under him. Now he wants to go to Manila to keep the Tagais guessing about American cavalry tactics.

THE fact that those Democratic newspapers in this county that float the Bryan banner at their masthead have so far failed, intentionally or otherwise, to even mention the candidaey of Judge O. P. Bechtel for the Supreme Court nomination, is freely commented upon. Still, that will have no material effect upon the con. est.

THE Democratic county chairman, neeording to an Orwigsburg contemporary, is now engaged in planting "cherry and plum trees." This information is important. Last year, during the campaign, he planted a half hundred "reform" sproats, but up to the present time the crop has been a failure. His plum trees may be more tial. fruitful, in view of the fact that he has just received a luscious (1) plum himself as secretary of the Demo cratic State Committee.
