DANGER IN SODA.

Serious Results Sometimes Follow Its Excessive Use.

Common soda is all right in its place and indispensable in the kitchen and for cooking and washing purposes, but it was never intended as a medicine, and people who use it as such will soon pay a heavy price.

We refer to the common use of soda to relieve heartburn or sour stomach, a habit which thousands of people practice and one which is fraught with danger; moreover the soda only gives temporary relief and in the end the stomach troubles get worse and worse.

The soda acts as a mechanical irritant to the walls of the stomach and bowels and cases are on record where it has accumulated in the intestines, causing death by inflammation or peritonitis.

Dr. Harlandson recommends as the safest and surest cure for sour stomach (acid dyspepsia) an excellent preparation sold by druggists under the name of Stuart's Dyspepsia Tablets. These tablets are large 30-grain lozenges, very pleasant to taste and contain the natural soda, pepsines and digestive elements essential to good digestion, and when taken after meals they digest the food perfectly and promptly before it has time to ferment, sour and poison the blood and nervous system.

Dr. Warr-states that he invariably uses Stuart's Dyspepsia Tablets in all cases of stomach derangement and finds them a certain cure not only for sour stomach, but by promptly digesting the food they create flesh and strengthen the action of the heart and liver. They are not a cathartic, but intended only for stomach ailments and weakness and will be found reliable in all stomach troubles except cancer of the stomach. All druggists sell Stuart's Dyspepsia Tablets at 50 cents per package.

A little book describing all forms of stomach weakness and their cure mailed free by addressing the F. A. Stuart Co., Marshall, Mich.

From Mrs. Vaughn to Mrs. Pinkham.

[LETTER TO MRS. PINKHAM NO. 6455]

"DEAR FRIEND—Two years ago I had child-bed fever and womb trouble in its worst form. For eight months after birth of babe I was not able to sit up. Doctors treated me, but with no help. I had bearing-down pains, burning in stomach, kidney and bladder trouble and my back was so stiff and sore, the right ovary was badly affected and everything I ate distressed me, and there was a bad discharge.

I was confined to my bed when I wrote to you for advice and followed your directions faithfully, taking Lydia E. Pinkham's Vegetable Compound, Liver Pills and using the Wash, and an now able to do the most of my household work. I believe I should have died if it had not been for your Compound to every one."

Many of these sick women whose letters we print were utterly discouraged and life was a burden to them when they wrote to Lynn, Mass., to Mrs. Pinkham, and without charge of any kind received advice that made them strong, useful women again.

"YOU'LL GET ALL THAT'S A-COMING TO YOU."

Y.) penitentiary from the United States court at Richmond a few years ago for using the mails for the same purpose.

FREEDERICK O. PRINCE DEAD.

Massachusetts Democrat Who Was Three Times Mayor of Boston.

Boston, June 7.—Hon. Frederick O. Prince, widely known as a lawyer and politician, died at his home yesterday from lung disease. Mr. Prince was born in Boston Jan. 18, 1818, was graduated from Harvard college in 1839, and was admitted to the Suffolk bar in 1840. In 1851-53 he represented Winchester in the lower house of the legislature and in 1854 was state senator. In 1860, on the disruption of the Whig party, he transferred his allegiance to the Demo-

cratic party, and was elected a delegate to the Charleston convention of that year, and cast his lot with the division which nominated Stephen A. Douglas for president. He was secretary of the national Democratic committee from 1860 to 1888. He was elected mayor of Boston in 1876 by the Democrats and twice re-elected. In 1896 he was candidate for governor of Massachusetts on the Gold Democratic ticket. He leaves a widow and four sons.

Glorious Nurse. Comes from Dr. B. B. Cargill, of Washita, I. T. He writes: "Four bottles of Electric Balm have cured Mrs. Brewer of scrofula, which had caused her every suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but her cure is complete and her health is excellent. This shows what thousands have proved,—that Electric Balm is the best blood purifier known. It's the supreme remedy for eczema, tetter, skin eruptions, and itching sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion builds up the strength. Only 50 cents. Sold by A. Wesley, druggist. Guaranteed."

A Methodist Sensation. Washington, June 7.—A deed recorded here yesterday by which Bishop John P. Hurst, of the Methodist Episcopal church, transferred through an intermediary to his wife, Ella Root Hurst, their fine home on Massachusetts avenue, in the fashionable part of the city, has caused a great deal of comment here. It is reported that the transfer was preliminary to a legal separation. Bishop Hurst was out of the city, and his attorney said he had nothing to say about the matter. Mrs. Hurst has been in Europe for two years.

May Veto Beet Sugar Bounty. Lansing, Mich., June 7.—It seems very probable that Governor Pingree will veto the beet sugar bounty bill. Attorney General Oren gave the governor an opinion last night that the bill is unconstitutional, for the reason that it appropriates money raised by taxation for other than public purposes. The attorney general, however, says he believes that the law should be tested in the courts. The house yesterday afternoon passed the bill taxing copper and iron mining companies, and it now goes to the senate, where friends of the bill claim enough votes to pass it.

How Two Clever Louisville Crooks Secured Five Thousand Dollars. Louisville, June 7.—The German Insurance bank in this city was victimized out of \$5,000 Monday afternoon by two well dressed young men who worked a neat game. Just before the hour for closing the bank the assistant cashier of the German Insurance bank was rung up by telephone and asked if he could accommodate the Citizens National bank with \$5,000 in currency. On being answered in the affirmative the inquiring party said he would send two men around to get the money. Shortly afterward two young men appeared at the bank with a check for \$5,000, bearing the signature of the assistant cashier of the Citizens National bank. The assistant cashier, suspecting nothing wrong, counted out the money to the young men, who were profuse in their thanks as they accepted it. When the check reached the clearing house yesterday it was discovered to be a forgery.

RESULTS FATAL IN NINE CASES OUT OF TEN—A Cure Found at Last.

This fearful disease often first appears as a mere scratch, a pimple, or lump in the breast, too small to attract any notice, until, in many cases, the deadly disease is fully developed. Cancer can not be cured by a surgical operation, because the disease is a virulent poison in the blood, circulating throughout the system, and although the sore or ulcer—known as the Cancer—may be cut away, the poison remains in the blood, and promptly breaks out afresh, with renewed violence.

The wonderful success of S. S. S. in curing obstinate, deep-seated blood diseases which were considered incurable, induced a few despairing sufferers to try it for Cancer, after exhausting the skill of the physicians without a cure. Much to their delight S. S. S. proved equal to the disease and promptly effected a cure. The glad news spread rapidly, and it was soon demonstrated beyond doubt that a cure had at last been found for deadly Cancer. Evidence has accumulated which is incontrovertible, of which the following is a specimen:

"Cancer is hereditary in our family, my father, a sister and an aunt having died from this dread disease. My feelings may be imagined when the horrible disease made its appearance on my side. It was a malignant Cancer, eating inwardly in such a way as to cause great alarm. The disease seemed beyond the skill of the doctors, for their treatment did no good whatever, the Cancer growing worse all the while. Numerous remedies were used for it, but the Cancer grew steadily worse, until it seemed that I was doomed to follow the others of the family, for I knew how deadly Cancer is, especially when inherited. I was advised to try Swift's Specific (S. S. S.), which, from the first day, forced out the poison. I continued its use until I had taken eighteen bottles, when I was cured sound and well, and have had no symptoms of the dreadful affliction through many years have elapsed. S. S. S. is the only cure for Cancer.—Mrs. S. M. Idol, Winston, N. C."

Our book on Cancer, containing other testimonials and valuable information, will be sent free to any address by the Swift Specific Company, Atlanta, Georgia.

The procession was very long, the cortege including eight cars of flowers. The burghomasters of Vienna and the municipal authorities, with many distinguished representatives of art, literature, music and drama, followed the hearse. At the Conservatoire of Music, where orations were delivered, and the burghomaster made a brief address at the temporary grave. Along the whole route of the procession the buildings were lighted.
