**Eye Treatment For Children.**

Many children are allowed to wink and blink through the day's study, and at home, with a book six or eight inches from the eyes. During childhood, the ocular nerves and muscles are very sensitive and may be exposed to severe inflammation and strain by overwork. Where a child was formerly doped with drugs for nervous and muscular trouble he is now cured with glasses.

**WANTS TO BE MARSHAL.**

Ex-Congressman Brumm's Eye on Reilly's Official Shoes.  
Washington, June 8.—Senator Penrose was here yesterday to make the weekly rounds of the departments, which he has found necessary since Colonel Quay turned over all matters of patronage, etc., to him.  
The Senator also called at the White House, in company with former Representative Charles N. Brumm, of the Thirtieth district, who was defeated for reelection last fall by James W. Ryan, Democrat. They declined to state the object of their call on the President, but it is believed Mr. Brumm is seeking a Federal appointment.  
It is suspected he would like to succeed United States Marshal Reilly when the latter's term expires some months hence.

**LODGE ANNIVERSARY.**

Plank Ridge Lodge No. 880, L. O. O. F., Has a Banquet.  
The members of Plank Ridge Lodge No. 880, L. O. O. F., last night celebrated their twenty-fifth anniversary. They first met at the lodge room, where the secretary, Mr. E. D. Boddall, read a voluminous paper on the history of the lodge, covering important events from its creation to the present. This was followed by an interesting address on "Old Fellowship" by Rev. James Moore, pastor of the Primitive Methodist church, after which there was an adjournment and the members and their wives proceeded to the Hotel Franey, where a banquet was served.  
Plank Ridge Lodge was first put in process of organization in the latter part of 1833 by E. D. Boddall, the present secretary, and Robert Wrightman, District Deputy Grand Master, was a member of St. Nicholas Lodge No. 301. Mr. Boddall was at that time a member of Lodge No. 474, of Middleport. Dr. E. N. Harpel, a member of a Pottsville lodge; Samuel Broome, of 501; Jacob Hamberger, A. H. Bouds, William Bent, Daniel and Silas Thompson were consulted and the lodge was organized on June 10, 1874, with the following officers: N. G., E. N. Harpel; V. G., E. D. Boddall; Sec., T. W. Taylor; Am't Sec., S. R. Broome; Treas., Jacob Hamberger; and 16 other charter members. During its existence the lodge has paid out \$18,971 in sick benefits, \$5,160 in funeral benefits and \$14 in donations. During the last six years the lodge lost 21 members by death and paid out \$2,200 in funeral benefits and \$5,543 in sick benefits. The total amount of money received by the lodge during its existence is \$42,782.75 and the total expenditures amount to \$38,367.26, leaving a balance cash and invested funds amounting to \$4,415.49.

**NOT IN SOAP TRUST.**

The N. K. Fairbank Company Officially Declares That They Will Not Go In.  
In an interview Mr. James B. McMahon, Second Vice President of the N. K. Fairbank Company, speaking officially in behalf of the Company, expressed himself as follows:  
"We are not identified in any manner with the movement to combine the leading soap manufacturers, although such a movement is well under way and may eventually materialize. Notwithstanding the conditions in the soap trade are very badly demoralized, the Fairbank Company are not seeking or encouraging any combination of manufacturers as a means of improvement. Soap prices are relatively the lowest in the history of the trade. The tallow market has advanced fully 1 cent per pound in the past few months without any corresponding improvement in the selling prices of soap, hence the present movement towards combining interests. Any combination embracing the principal manufacturers throughout the country might naturally and legitimately be in a position to advance soap prices proportionately to the enhancement of all raw materials, but beyond this effect on our trade we are positively not interested or concerned in any consolidation of soap interests. We are encouraging our salesmen in all directions to work with perfect confidence in the permanent independence of this company of all 'Trust' combinations, and we are pleased to state that the soap trade continues very brisk, because, aside from the natural effect of the expected combination, the current cost of all raw materials warrants materially higher prices on soaps, and sensible buyers are anticipating future requirements to the full limit of their convenience in carrying stocks."

**BLIND STRIKERS ON PARADE.**

The Remarkable Spectacle Witnessed on the Streets of Philadelphia, June 8.—A parade of blind men who are on strike for increased wages was witnessed by Philadelphians today. There were 150 men in the parade, and as they marched through the streets, led by a band of music, they attracted the attention and elicited the sympathy of all. The men have been employed at the Pennsylvania Working Home for Blind Men, an institution which was established by the state for the benefit of the blind, but which has been transformed, it is alleged, into an individual money making scheme by the refusal of the legislature a state appropriation of \$17,500 annually, and to this is added an annual appropriation of \$5,000 from the city.  
The strikers assert that H. L. Hall, the manager of the institution, who has been at its head for 25 years, has accumulated a fortune of \$250,000, and lives in luxury on the grounds of the institution, at 3518 Lancaster avenue. The blind men themselves have been earning from \$2 to \$5 per week, and they ask an increase of 10 cents a day.  
The output of the institution last year was 89,000 brooms, which were sold at \$1.50 a dozen. Hall receives a salary of \$1,800 a year and a percentage on all stock bought.  
Forty-five of the blind men are married and have families. The limit of earnings allowed by the rules of the institution is \$5 per week, but such is the system under Hall's management, say the strikers, that none are able to earn above \$5.
