OUR COUNTRY: First, Last and Forever.

"It is part of the business of the 20th Century Press publishing house, of Chicago, to have the most paper in each town and city, contains the most matter of interest to the largest number of actual readers. Every paper has been selected solely on its merits by comparison with its competitors."

The **HERALD** is the only paper printed in Shenandoah that is numbered in the list of leading papers of the country as compiled in the Blue Book. Advertisers will appreciate this fact when selecting a medium in which to reach the buyers.

In Pike county all persons who were drawn to serve as Grand Jurors for the June term of court, which convenes next Monday, were notified that their services were not required, as there are no matters which demand the attention of the Grand Jury.

CHARLES BERGNER, private counsel for the House prosecuting committee in the legislative bribery cases, claims to have information that certain members of the Dauphin county grand jury have been offered \$100 a piece to vote to ignore the bills of indictment against the defendants. He threatens to expose the parties if they are not called off by counsel for the defendants.

THE Williamsport Sun speaks of the arrest of John Engler, who testified against Coyle, as a despicable bluff and says it will deceive nobody. The Sun says the people of Lycoming know John Engler, and know him to be an honest, reputable citizen, and it will be a burning shame that the mob of political out-throats who feed and fatten on the State Treasury should attempt to bound an honest member of the Legislature when they failed to bribe him, and who did his plain duty by exposing them.

A DECIDED protest is being made by the Hon. Chauncey F. Black to the Democratic practice of permitting candidates to name the delegates attending state conventions. The York Gazette prints a lengthy letter from the old distinguished Bryanite in which he takes occasion to point out how the Hon. James Guffey abused that same privilege some time ago when he was supposed to run for Governor but had no other intention than hoodwinking the voters of the Allegheny district. Mr. Black's views are warmly endorsed by the southeastern Democrats of this state and they are not backward in saying that many supposed candidates in different counties are playing the Guffey game to-day. This does not speak well for the gentlemen of Democratic persuasion who have been thus honored and who are so numerous throughout the state. Mr. Black uses vigorous language in making his contention. But it is a situation which he seems to think needs vigorous measures to discourage and he is undoubtedly right.

THE new law regulating the sale of oleomargarine which not only requires that dealers shall take out a license permitting them to sell the imitation butter, but compels them to conspicuously display a sign setting forth that they deal in oleo, went into effect June 1, and the Dairy and Food Commissioner and three deputies will be kept busy enforcing the law against those dealers who have not yet paid the fee required by the statute and provided themselves with the signs designed by the Commissioner. The chemist of the Commission has cleared his laboratory for an expected rush of work in making analyses of the various samples of doubtful butter that will be brought to him. Attorney Luther S. Kaufman, who has conducted the prosecution of numerous oleo dealers under the old law and who has drafted some of the recent butter laws, states that the boarding house keeper is put in a peculiar position under the new law, and must either supply the table with pure butter or be held guilty of violating the statute. "Under the law," he said, "it seems very clear that a boarding-house keeper who serves oleomargarine to his or her boarders should not only be required to pay the \$10 licensing fee, but must display a sign setting forth the fact that oleo is served or sold."

DICTATOR AGUINALDO.

May Have Assumed Supreme Power in Order to Secure Peace.
London, June 9.—Special dispatches from Manila say it is reported there that Aguinaldo has dissolved the Philippine congress and has proclaimed himself dictator.

Washington, June 9.—Officials here are in doubt as to whether Aguinaldo, in declaring his dictatorship, is animated by a desire to rid himself of his refractory generals, Pilar and Luna, or whether he aims to consolidate in his own hands the power to make terms of peace. It is known from the reports of President Schurman, of the American Philippine Commission, that these two generals own only faint allegiance to Aguinaldo, and their attitude towards the peace negotiations has made these negotiations ineffectual, the civilians members on the Filipino side of the commission being completely overruled and dominated by the military element controlled by these generals. It is believed here that if Aguinaldo can bend these men to his will, and assume supreme control, he will at once make for peace, being able to secure better terms for himself than he would otherwise.

Three sailing vessels and one steamer reported to have been captured by the United States gunboat Albany off the island of Negros, Philippine islands, are supposed by naval officers here to be blockade runners carrying supplies of food and ammunition to the islanders, who are threatening to rise in the interior.

New Jersey Grand Army Officers.
Trenton, June 9.—The department of New Jersey, Grand Army of the Republic, closed its annual sessions late yesterday afternoon. The proposed resolution favoring the admission to the G. A. R. of soldiers who took part in the war with Spain was not introduced because of the strong opposition to it. Ex-Sheriff George Barrett, of Camden, was elected department commander. The other officers elected are: Senior vice commander, E. F. Richards of Trenton; vice commander, Joseph Colyer of Newark; medical director, John Younglove of Elizabeth; chaplain, Charles E. Hill of Red Bank. Commander Barrett has appointed Harry Hartshorn, of Camden, as assistant general.

New York's Heat Victims.
New York, June 9.—The cool flurry that struck this city Wednesday night had little effect upon the temperature yesterday. The thermometer ranged almost as high as Wednesday. At 1 o'clock in the afternoon it stood at 91. The record measurements were somewhat smaller than the list of Wednesday, 19 persons dying in New York and vicinity. Of these four were women. Aside from this there were 21 prostrations, the victims of which are still in the hospitals with more or less hope of recovery. Wednesday's official death list numbered 25 and Tuesday's 7, making a total of 52 deaths recorded.

FIREWORKS PLANT WIPED OUT.
Of Over a Hundred Employees Only Three Were Injured.
New York, June 9.—Thirty-six buildings, comprising almost the entire plant of the Nordlinger-Charlton Fireworks company, at Graniteville, Richmond borough, were blown up yesterday afternoon and the entire fireworks plant practically wiped out of existence. Although the fire which followed the explosion lasted for several hours, the wreck was complete within a few minutes. No lives were lost, and but three persons were injured, two of them seriously. They are E. E. Thuyser, a machinist, and Thomas Fox, a painter. The loss on the buildings will probably not exceed \$25,000. Most of the structures were small and cheaply constructed. The loss on material, raw, and that made up into fireworks, will amount to over \$30,000.

The first explosion occurred in the rocket charging room. No one was in the building at the time, and the first intimation the 115 employees in the works had of what was to follow was the bursting of the sides of the building, accompanied by an explosion. The roof of the building shot into the air and rockets exploded and flew in all directions. They carried the fire into the buildings as to be them. As they rushed out explosion followed explosion as the buildings flew in the air. After a score of explosions three heavy ones that shook the ground for miles occurred. These were the three store houses, in which supplies for the Fourth of July were being held.

Murderer Says He Loved His Victim.
Providence, June 9.—In the Amos D. Palmer murder trial yesterday the examination of the defendant was continued. Palmer, who claims to have been a victim of epilepsy, testified that many times he had looked in a mirror and had seen two noses and a double mouth. This was preceded by peculiar feelings about the eyes. He was subject to bad dreams, and several times woke up badly scared. He contracted drinking habit in Florida, where he could not drink the water. One summer at Narragansett he was very dissipated, and his chief drink was brandy and soda. He had had attacks of delirium tremens. "Did you love your wife?" he was asked. "Yes," he replied in a soft tone, and his eyes filled with tears as he said he loved his wife more the day she died than ever before.

FITZSIMMONS THE FAVORITE.

But There is Plenty of Money to Back Jeffries.
New York, June 9.—Everything is in readiness for the big fight tonight between Bob Fitzsimmons and Jim Jeffries, and with the possible exception of police interference or an unexpected accident to either one of the principals the bout will take place as scheduled in the arena of the Coney Island Sporting club.

The statements emanating from police headquarters to the effect that Chief of Police Devary intends to stop

the bout in case hard blows are exchanged or a knockdown occurs, while taken seriously by a large number of sporting men, are not treated with any amount of apprehension by those most interested. Managers Brady and Julian seem to be confident that the contest will be permitted to go to a decision without any untoward incident so far as the legal authorities are concerned. Fitzsimmons is still a prime favorite in the betting, but there is plenty of Jeffries money in sight, and Fitzsimmons' backers will find plenty of takers.
