Eye Treatment For Children.

Many children are allowed to wink and blink through the day's study, and at home, with a book six or eight inches from the eyes.

During childhood, the ocular nerves and muscles are very sensitive and may be exposed to severe inflammation and strain by overwork. Where a child was formerly doped with drugs for nervous and muscular trouble he is now cured with glasses.

A Weak Story to Offset Attorney Berger's Discovery of Jucy "Fixing."

Harrisburg, June 10 .- The friends of the secured legislative bribers claim to have trapped Lawyer Berger, who is attorney for the presenting committee. They claimed to have sent two men to him with a story that the grand jurors were to be offered \$100 each to vote to ignore the bills. They claim Berger fell into the trap, made it public and burt his case.

If the friends of the accused believe that tory they had better get rid of the belief. Mr. Bergner, when seen and told of the story, and: "So they say there was a trap, do they? Dr. Williams' Pink Pills for Pale People

restore the nutrition of the nerves and have cured many cases of paralysis when all other remedies and methods of treatment have failed. The record of this remedy entitles it to a thorough trial.

Perhaps there is no man better known in the city of Lawrence, Kansas, than Mr. G. H. Snyder. To a reporter Mr. Snyder related a wonderful story. He said:

"I am now seventy years of age. About three years age I experienced a coldness or numbness in the feet, then creeping up my legs until it reached my body. I grew very thin in flesh, my appetite was very poor and I did not relish my food. At last I became so bad I was mable to move about. I consuited several distinguished physicians, one telling me that I had loc motion staxin, another that I had creeping paralysis.

"One day a friend advised me to try Dr. Williams" Pink Pills for Pate People. I immediately commenced their use, throwing all other medicines away. Before I had finished my first box I found that they were benefiting me. I used twelve boxes in all and was perfectly cured."

—From the Journal, Lawrence, Kun,
