#### BETTER STILL.

Another Day Added to the P. & R. Work Ing Time.

It looked like old times to see the pay car of the P. & R. C. & I. Co. come into town early this morning. The paying off of the employes during the morning hours, instead of in the afternoon, is alike accommodating to the employes and the business people, and Paralysis of the pay clerks and other officials seem to be better pleased with that schedule.

This pleasing innovation was supplemented to-day by the sonouncement that the P. & B. C. & I. Co. collicries will be operated five three-quarter days next week, Saturday to be the only idle day. This is the best working schedule the P. & R. C. & I. Co. has had

The Wm. Penn Coal Company will continue its schedule of the past three weeks—five three-quarter days and five hours on Satur-

Despite the fact that many prominent coaoperators have made prophesies for a very dull summer it begins to look as though this would prove the best season in several years past, as the demand for anthracite at eastern and lake points is growing stronger each week. There is every indication for a strong demand for anthracite next fall. This will mean that the collieries will be worked on good time all summer, as the dealers will instorally lay in a supply to save on the price which will naturally be advanced as cold weather sets in.

The deceased had not been in good health since she buried a daughter last Jaly. The work was carried on vigorously for several hours, when it was found that the extent of the fire and the difficulties of fighting it rendered efforts useless. The fire fighters are still as cold weather sets in.

Seven of the men who lost their the later stairway at her home, she was and lake points is growing stronger each week. There is every indication for a strong demand for anthracite next fall.

Mr. Parker Retires.

John W. Parker has retired from the proold yesterday and ex-l'ostmaster T. C. O'Connot, of Mahanoy City, to-day assumed the dual position of editor and manager. It is understood that the rest of the old staff ferred to, will be continued, and that the policy of the covered on

#### CAPE BRETON MINE HORROR.

Bedies of Six Companions, Halifax, N. S., June 17.—According to an official account of yesterday a disaster in the Caledonia mine of the Dominion Coal company, at Glace Bay, Cape Breton, there were two explo-sions, the first killing six men and the second five. Fire started near what is known as the deep pump, the cause being unknown.

Six men who were on their way out

were overcome by an explosion of fire damp and suffocated where they fell. Three-quarters of an hour later a party of men were on their way to scene of the fire, headed by Thomas Johnston, the underground manager, when an explosion of gas occurred, by which they were killed instantly. The bodies of the victims, save one, were recovered by a rescue party, in which was John Johnson, assistant manager Mrs. Ann Elisabeth Greggory, wife of of the Dominion Coal company, and a German Greggory, died suddenly last evening at her home on East Oak street. The siderable difficulty the position of the death was attended by circumstances of an fire was located and a body of volun-

#### JACOBS' STOCK SOLD.

The Counterfelter's Property Brought Higher Prices Than Expected.
Lancaster, Pa., June 17.—The stock of W. M. Jacobs, which was confiscated by the government upon the exposure of the celebrated Jacobs-Kendig - Bredell - Taylor counterfeiting scheme, was sold yesterday. The sale attracted a great number of tobaccomen, all the big firms in New York, Philadelphia, Baltimore, Richmondand other eastern tobacco centers being represented. The stock consisted of about 400,000 pounds of tobacco of all about 400,000 pounts of tobacco of all kinds and grades and about 2,000,000 cigars, besides the apparatus of the factory. Everything was disposed of. The competition forced prices away above what was expected or what would have been considered a fair price, and the total receipts of the sale will, it is thought, reach \$50,000. The greater part of the tobacco went to New York houses. Some of the cigars, stogies, sold as low as \$2 a thousand, but the average price was about \$4.50, some bringing as high as \$9. All eigars except a few were sold subject to the government tax of \$3.60 per thousand, the boxes not bearing genuine stamps, though some were stamped with the famous counterfeits.

The Old Teachers Re-elected. The School Board of Mahanoy City held cial meeting last evening and re-elected all the old teachers with the exception of Miss Mary Phillips, teacher of primary school No. 1. Her school was given to Hiram Morgan. The following substitutes were elected: First, James Dwyer; second, James Smith; third, Inex Geiger. This was all of the business transacted by the Board. Silverware, cut glass and hand decorated

played in Brumm's show window.

# PITE KILLED WILLE GOING After the VICTIMS OF THE TRUSTS. Hats

How Great Combinations Have Affeeted Traveling Salesmen.

THOUSANDS OUT OF EMPLOYMENT

P. E. Dowe, of the Commercial Travelers' League, Before the Industrial Summer Commission-He Bad Been Warned of the Danger of Opposing Trusts.

Washington, June 17,-P. E. Dowe of New York, president of the Com-mercial Travelers' National League was before the industrial commission yesterday. Mr. Dowe said the opinion of the commercial men at large was that the trusts were a menace to the community. He estimated the travel-ing salesmen in the United States at 350,000, saying that the census figures of 60,000 were grossly incorrect. The formation of trusts and combinations was throwing a large number of these men out of employment. In giving

specific instances he said:
"The National Enameling and Stamp-Ing company, which depends for its plate company, has thrown a great many out of employment, and those retained have had their salaries reduced. The great tobacco combines threw out about 3,000 salesmen, and the baking powder trust has dispensed with all excepting half a dozen men I know of two salesmen discharged by the trust who were formerly in the employ of the Cleveland Baking Pow-der company, one receiving a salary of \$5,000 a year, the other \$4,500. Their routes, with those of other discharged salesmen, are covered by one agent at \$18 a week. The bicycle trust will The chair trust will affect immediately more than 500 salesmen, by cutting them out of the line.

"The number of salesmen out of goods bought with care and sold on repre-work because of the United States Rubber company are 300; the salesmen retained have been reduced to a salary averaging \$1,300 a year. The American Tinplate company cut off about 90 out of every 100 salesmen. The American Steel and Rod company discharged 300 commercial travelers in one day. In giving these estimates I am not considering the office force thrown out through trusts. Sugar and coffee monopolies have thrown out 1,000 salesmen, the average reduction in salary of those retained amounting to \$1,000 a year. The Standard Oil company employs fewer salesmen than any other concern in the mercantile world of

one-half its capital. "The umbrella trust failed four years ago, but advanced prices while in existence, and after its break up the return to legitimate and healthy prices caused a loss to the retailer, through the stock on hand."

Mr. Dowe said that the trust com binations had raised the prices of the Zollner is charged with robbery near Scrun-ton. Zollner served a term in the Schuylkill 100 per cent in almost every instance Church Notices.

Services in the Methodist Episcopal church county prison, and the gentlemen named except coffee and sugar. In these they were still fighting for control of the field. He said his figures in this line were absolutely correct, being from reliable commercial acquaintances.

This witness concluded by savin that before leaving New York he had been warned by an acquaintance, a lawyer, indirectly connected with some commission, as he was liable to "be crushed like a caterpillar."

The Accused Reading Trainmen. Reading, Pa., June 17.—The grand jury yesterday examined a number of witnesses in the case of Harry Orrell injured. It is expected that action on the bill of indictment will be taken today.

Criminal Court.

Criminal court opens on Monday morning and over 200 new cases will be presented to the grand jury, among them the indictme charging Thomas Brennan with murder and the one against Oliver Ohl and others for train wrecking. The libel case against the News is fixed for this term, and the case of the Borough vs. J. J. Francy, for maintaing a Furniture Dealer and Undertaker nuisance on Plum alley, will also be called.
