OUR COUNTRY: First, Last and Forever.

FLINN says Quay can never win. How often has that statement been repeated, while the Beaver man continues to win?

A FORMER Democratic Congressman from this state says that the best thing that can happen for his party and for the country is the re-nomination of Bryan, another fight for and final defeat of free coinage.

HENRY O. HAVEMEYER has made the discovery that the tariff is responsible for the trusts. As Mr. Havemeyer is a patriot, it is only fair to presume that he would be obliged to Congress should it remove the duty of three and a half per cent. ad valorem on refined sugar.

CHAIRMAN ELKIN, of the Republican state committee, has decided upon Thursday, August 31, as the date for the Republican state convention, and if the majority of the members of the state committee agree with him, which they undoubtedly will, the convention will be held on that date.

It is stated that there are twenty houses of ill-repute in Shenandoah. Some ply their nefarious business with no disguise, others have very thin pretenses of being business places, while the majority are conducted with as much secrecy as can be maintained, which, however, is not sufficient to prevent their being known to the general public.

The value of newspaper advertising has received a number of striking illustrations in New York during the past half year. An observer notes the fact three or four dry goods houses that went into liquidation in the winter were the only ones of the greater department stores that never advertised in the newspapers.

The results of wise advertising are highly satisfactory to those who spend their money in this way. One New York firm that had a new article to put on the market last winter and spent \$100,000 in newspaper advertising reported later that it was compelled to refuse to take any new business. The orders fairly swamped the house, though it had character and ample capital.

These instances of business sagacity are well worth the attention of the business world. Intelligent newspaper advertising always brings better returns than any other form of advertising. Experience has taught all of our most successful merchants that it is necessary to keep in touch with the public, and the only practicable means is the newspaper.

I went through treatment with doctors, but they did me no good, and I thought I would have to resort to morphine."

Pinkham's medicine, and will gladly recommend them to my friends."

CHICAGO POSTAL THIEVES. Had Been Robbing the Mails Regularly Since June 1. Chicago, June 21.—What is regarded by Postoffice Inspector James Stuart as one of the largest and boldest mail robberies in the history of the Chicago postoffice was detected yesterday, and the arrests of Walter Porter and John Newman, drivers of mail wagons, followed. Porter made a full confession, implicating Newman. A large amount of letters, money orders and packages taken by the men was found in their lodging house on South Halsted street.

SEVENTEEN YEARS FOR A TRIP TO ROBBER. Harville, Mo., June 21.—John Kennedy, the notorious "Cracker Neck," has been convicted of complicity in the train robbery on the Kansas City, Fort Scott and Memphis railroad at Macomb, Mo., on Jan. 3 last, and his punishment fixed at 17 years in the penitentiary. Six men were engaged in the Macomb hold-up. Of these Jake Fogely, who received a penitentiary sentence to 14 years, and John Kennedy have been convicted. Four others await trial.

MARCUS DAILY TO LOCATE IN DENVER. Denver, June 21.—The Times says: Marcus Daily, the Montana millionaire miner and horse breeder, is coming to Colorado to live. He brings with him from \$6,000,000 to \$10,000,000 of money to invest. It is reasonably certain that he will build a home in Denver. He has an option on land for a stock ranch and expects to engage in smelting and refining, independent of the American Smelting and Refining company.

A FORTUNE AT STAKE. In the Alleged Abduction of a Young Man by His Aunt. Detroit, June 21.—Moses Fowler Chase, aged 21, alleged to be mentally incompetent and reputed to be worth \$600,000, was abducted from the Hotel Cadillac last Monday night. He had been a patient at a sanitarium in Flint, and was on route to his home in Lafayette, Ind., accompanied by his father, Frederick Chase, a lawyer. When the father and son arrived here, the young man's aunt met them at the depot and hurried the youth to the Cadillac. The father was unsuspecting of any unlawful intent. Sunday night a carriage drove up to the hotel and young Chase was taken to the Cleveland boat, which, in the company of his aunt and two unknown men, he boarded. On reaching Cleveland the party took a train for Cincinnati. From there they went east to Albany, N. Y., where the private detective that the father had employed to watch them lost sight of the party. Extradition papers were yesterday made out in anticipation of the party's arrest by the New York authorities.

DEFENDER DEFEATS THE NAVABO. Newport, June 21.—The Defender showed her heels to the crack cutter Navaboe in her first competitive trial of the season off this port yesterday. The distance was ten miles, and the brush was in response to a request from Butte Dumas to Royal Stuyvesant Carroll. The wind was strong from the southwest, and the course was laid to windward. The Defender beat the Navaboe by nearly four minutes in the ten miles. Mr. Carroll sailed the Navaboe and Captain Rhodes the Defender.

FIFTY HOSPITAL AMBULANCES LOST. Chicago, June 21.—Fifty hospital ambulances, shipped to Tampa, Fla., over a year ago by the local army officials to be forwarded to Cuba for the use of the United States troops, have been lost. The war department's search for the missing property has been unsuccessful, and Chicago army officials are urged to join in the hunt. What makes the loss all the more astonishing is that it took a freight train of 17 cars to haul the ambulances from the city.

PELL TWO HUNDRED FEET TO DEATH. Rat Portage, Ont., June 21.—By an accident to the hoisting apparatus at the Black Sturgeon mine four men were precipitated to the bottom of the 300 foot shaft. Charles Adams of Nova Scotia, Charles Haas of Sudbury and John Howe of this place were killed and Charles Anderson was seriously injured.

THE DARK SIDE OF KLONDIKE LIFE. Port Townsend, Wash., June 21.—A number of Klondikers who arrived here on the steamer Ditigo present the dark side of Klondike life. They say that Dawson is crowded with idle men, who are willing to work for most any wages. They say that the men and board yourself is the prevailing wages for common labor. They say there are hundreds of men with no prospects of securing work, and that the only way they will be able to get out of the country will be through government assistance.

MURDER AND SUICIDE IN PABLO. Pittsburg, June 21.—James Armstrong, a steel worker, last night shot and killed Thomas Welch, a fellow workman, and immediately afterward shot himself, dying within a few moments. Armstrong had threatened to kill Welch several times before because of supposed intimacy with the former's wife. Last night the men met on Carson street and began quarrelling. The double crime quickly followed before the gathering crowd attracted by the shots could realize what had happened.

IN every test made S. S. S. easily defeated its superior over other blood remedies. It matters not how obstinate the case, nor what other treatment or remedies have failed, S. S. S. always promptly reaches and cures any disease where the blood is in any way involved. Everyone who has had experience with blood diseases knows that there are no ailments or troubles so obstinate and difficult to cure, as S. S. S. cures, and none can offer such incontrovertible evidence of merit. S. S. S. is not merely a tonic—it is a cure! It goes down to the very seat of all blood diseases, and gets at the foundation of the very worst cases, and treats the poison from the system. It does not, like other remedies, dry up the poison and hide it from view temporarily, only to break forth again more violently than ever; S. S. S. forces out every trace of taint, and rids the system of it forever.

Mrs. T. W. Lee, Montgomery, Ala., writes: "Some years ago I was inoculated with poison by a nurse who infected my babe with blood taint. I was covered with sores and ulcers from head to foot, and in my great extremity I prayed to die. Several prominent physicians treated me, but all to no purpose. The mercury and potash which they gave me seemed to add fuel to the awful flame which was devouring me. I was advised by friends who had seen wonderful cures made by it, to try Swift's Specific. I improved from the start, as the medicine seemed to go direct to the source of the trouble, and force the poison out. Twenty bottles cured me completely." Swift's Specific—S. S. S. FOR THE BLOOD.—is the only remedy that is guaranteed purely vegetable, and contains no mercury, potash, arsenic, or any other mineral or chemical. It never fails to cure Cancer, Leucemia, Erysipelas, Rheumatism, Contagious Blood Poison, Tetter, Boils, Carbuncles, Sores, etc. Valuable books mailed free by Swift Specific Company, Atlanta, Ga.

THE OLD WAY. Of Treating Dyspepsia and Indigestion by Dieting a Dangerous and Useless One. We say the old way, but really it is a very common one at the present time and many dyspeptics and physicians as well consider the first step to take in attempting to cure indigestion is to diet, either by selecting certain foods and rejecting others or to greatly diminish the quantity usually taken, in other words the starvation plan is supposed by many to be the first essential.

All this is radically wrong. It is foolish and unscientific to recommend dieting to a man suffering from dyspepsia, because indigestion itself starves every organ, every nerve and every fibre in the body. What the dyspeptic wants is abundant nutrition, which means plenty of good, wholesome well cooked food, and something to assist the weak stomach to digest it. This is exactly the purpose for which Stuart's Dyspepsia Tablets are adapted and this is the method by which they cure the worst cases of dyspepsia, in other words the patient eats plenty of wholesome food and Stuart's Dyspepsia Tablets digest it for him. In this way the system is nourished and the over-worked stomach rested, because the tablets will digest the food whether the stomach works or not. One of these tablets will digest 3,000 grains of meat or eggs.

Your druggist will tell you that Stuart's Tablets is the purest and safest remedy for stomach troubles and every trial makes one more friend for this excellent preparation. Sold at 50 cents for full sized package at all drug stores. A little book on cause and cure of stomach diseases mailed free by addressing F. A. Stuart Co., Marshall, Mich.
