SHALL WE DISPUTE.

The Opinions of Scores of our Fellow Citizens,

Residents of Shenandoah like other American citizens, in making an investment want to be sure of getting the worth of their TO FORM A FRENCH CABINET. money. They want to know all the whys and wherefores, and in a direct ratio to the value of the investment they burrow and ferret until satisfied with the collateral. Take an instance in the realm of proprietary articles. If we know of a friend who has been cured, we have some faith in the preparation; if we know of two or three our faith increases. If the cures reach scores, all well known citizens, and anyone who still maintains that there is nothing beyond ordinary merit in the said preparation can safely be left to the care of his fellow taxpayers. If he wishes to pick a quarrel with them on the question of their judgment and veracity, he has ample opportunity in Shenandown to do so. Begin with this case :

James Goodhead, of 335 West Oak street, mys :- "I had a great deal of pain in my back radiating forward and downwards; more or less distress in my head, with an oppress ing weariness and loss of energy; could hardly straighten at times; any attempt to stoop caused sharp twinges to go through me and I could lift nothing without it hurting me. I read that Doan's Kidney Pills were a won the gratitude of Emperor Nicholas positive cure for such troubles and I procured them from Kirlin's drug store. They gave me a great deal of relief and made me feel better than I had for years. The lameness. disappeared and I did not have the backuche all the time as formerly."

Latest Gossip Favors a Combination Ministry, Including Bourgeois, Brisson, Polneare and Waldeck Rousseau. The Latter's Charges.

Paris. June 31 .- The prolongation of the cabinet crisis is becoming most serious. MM. Dupuy and Lockroy both called up President Loubet yesterday and expressed their anxiety to be relieved of the responsibilities of office as soon as possible.

Yesterday President Loubet invited M. Bourgeois to form a cabinet, M. Eourgeois, who is head of the French delegation at The Hague peace con-ference, telegraphed that he would arrive here today.

Should M. Bourgeois accept the task of forming a ministry it is thought his chances of success would be fairly good. His prostige has been much in-creased by the part he has played in by his tact and zeal on behalf of aritration.

The latest gossip favors a combina-tion cabinet, including MM. Bourgeois. Brisson, Poincare and Waldeck-Rous-seau, but nothing will be known till M. Bourgeois makes his decision.
M. Waldeck-Rousseau, discussing his

fallure, is reported to have said: "I met with the utmost friendliness and straightforwardness from my former adversaries, but found only treason and cowardice among my old allies." It is reported that orders have been ent to St. Michael's, Azore islands, firecting the commander of the rench cruiser Sfax, which is bringing aptain Dreyfus to France, to remain iere a short time, so as not to arrive in home waters until the new ministry

There were two incipient riots late. yesterday afternoon. At the corner of Central and Willson avenues a crowd of 2,000 persons obstructed the pas-sage of two crosstown cars. Bricks and stones were thrown and the win-dows of the cars broken. One of the non-minon motormen, who gave his name as Charles Jones, of Grand Rapids, Mich., was hit with a brick and so badly injured that it was necessary to send him to a hospital. Later a car on the South Side line was atacked near the suburb of Brighton. The motorman and conductor were chased into the woods by a mob, and they had not returned when it came time to stop running the cars. No

arrests were made in either case. The people of the South Side auraed their wrath all day. They made no at-tempt to interfere with the running of cars on the Clark avenue line so long as there was police protection, but in the evening there was a determined effort to get at the non-union men who were taken to the Holmden avenue barns to operate the cars from that end of the line. Soon after dark a mob of 5,000 people assembled. There were about 20 policemen at the barns, but they were powerless to handle the Fences were torn down and the mob. Fences were torn down and the crowd broke into the barus. In the meantime the non-union men had escaped to the attic, and the rioters contented themselves with smashing a few of the cars. By that time several wagon loads of police had arrived and the mob was dispersed. At another the mob was dispersed. At another place on the South Side switches were torn up and the track blockaded.

Four hundred employes of the Cleveland Foundry company struck late yes-terday afternoon because the company refused to discharge a man who had retused to discharge a man who had ridden on a Big Consolidated car. The man was a foreman. When it became known that he had ridden on a car the molders went to the officers of the company and demanded his discharge. The officers refused to comply with the nand, and all the men walked out of the works.

Disconsolate Surgeon's Suicide. Dr. Summers was the author of several standard medical works, and his successful treatment of yellow fever cases during the Memphis epidemic of 1878 gave him a national reputation.
