## Evening Herald.

THURSDAY, JUNE 22, 1899.

OUR COUNTRY: First, Last and Forever.

Our reports of the criminal court proceedings surpasses even that of the county seat newspapers. There is nothing too good for HERALD readers.

Those who are enlisted in the warfare against houses of ill-repute in this town are evidently in earnest, and will not let up until they are driven from our midst.

The man who puts up a ladder that does not quite reach the point he desires to reach, is like the man who does just a little too little advertising. Both would be as well off if they did nothing at all.

EVERYBODY should join the movement for a monster celebration here on July 4th. Quite a number of societies have interested themselves but there are others that should follow their example.

The dilapidated condition of the property in the vicinity of Pottsville's new public building is an eyesore to Postmaster Schriek, and he has appealed to the local press to poke the owners with a big stick.

It is sometimes amusing to notice the average politician who has a hankering after office. They have a peculiar way of feeling the public pulse, by causing the report to be circulated that "friends are urging" them to become a candidate for a certain office. The woods are full of just such patriots.

The speak-easies of West Mahanoy township are a fair sample of the result of prohibition. The Girard Estate officials have, by refusing to permit licensed houses upon its property, put prohibition into effect, but, as elsewhere, prohibition does not prohibit, and a great increase in the number of places where liquor can be obtained is the result. It looks, too, as if the officer whose duty it is has failed to report the violators of law, and there is a probability that his dereliction will bring punishment upon himself.

The Pittsburgh Post is doubtful as to the good results of the bankruptcy law. It says: "The present bankruptcy law is grinding out releases from indebtedness at such a rapid rate that already some agitation is beginning for its repeal. In fact, the whole question of bankruptcy laws is subject to much dispute. It is said that since the law went into effect one year ago no less than \$60,000,000 of debts have been wiped out. The Pittsburgh District Court has released some \$6,000,000 of debts, ranking fifth in the country in respect to amount."

The name of Arthur Pue Gorman has been so frequently coupled of late with the Democratic presidential nomination in 1900 by Eastern Democratic leaders that many of their party followers have come to look upon him as the probable political Moses who will lead them from Bryan, the wilderness of free silver and the Chicago platform. So far, however, the former Senator from Maryland has carefully refrained from making any statement which would lead his admirers to the conclusion that he will enter the field as a direct antagonist of the Nebraska Colonel. His friends, including Perry Belmont of New York, have heralded him as the choice of the Eastern Democracy, but Mr. Gorman is too astute a politician not to have observed the unmistakable sentiment of the majority in favor of Bryan, and he has refrained from committing himself. What he may do should affairs take a different aspect is yet a matter for conjecture. Mr. Gorman can be said to be "laying low."

### An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the California Fig Syrup Co., illustrates the value of obtaining the liquid laxative principles of plants known to be medicinal laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the only perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the California Fig Syrup Co. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

### THE FRENCH PREMIERSHIP.

M. Bourgeois Declines and Is Worked Into For Withdrawal of Office. Paris, June 22.—M. Bourgeois, who was summoned to Paris by President Loubet to accept the premiership, declines to accept the responsibility. After an interview with M. Loubet last evening M. Bourgeois consented to resign in Paris and assist in the negotiations until a new ministry is formed. He is strongly urging M. Waldeck-Rousseau to resume the task, and is actively enlisting support for him.

In the lobby of the chamber of deputies it is freely asserted that M. Delcasse will not undertake the responsibility, and as Senator Waldeck-Rousseau is not distinguished to another trial he may possibly be invited, although there is talk of Jean Sarrin, Republican Radical, as premier.

### KING MALIETO RECOGNIZED.

Anglo-American Attitude Sustained by the Samoan Commissioners. Apia, Samoa, via Auckland, N. Z., June 22.—Matafua has surrendered 1,500 rifles and the loyalists have given up 2,000. After June 20 a heavy penalty will be enforced upon natives found with rifles in their possession. Matafua promises to turn in more weapons.

The natives have returned to their homes. Malietoa Tanu was recognized as king by the commissioners of the three powers, and the decision of Chief Justice Chambers in the matter of the kingship was proclaimed valid and binding. Malietoa Tanu then abdicated in favor of the commissioners, who appointed a provisional government consisting of the consul of the three powers to empower a court to act in all cases where unanimity is not required by the Berlin treaty.

Chief Justice Chambers continues to hold office, and the various municipal officials are confirmed. Dr. Wilhelm Solf has been authorized to act as president of the municipality of Apia. The commissioners expect to leave on June 28, but they have requested Chief Justice Chambers to remain. Their report recommends the abolition of the kingship and the presidency of Apia and the appointment of a governor, with a legislative council consisting of three members of the reconstituted powers, assisted by a native house.

### THAT ALLEGED ABDUCTION.

Young Chase Says That He Left His Father by Choice. New York, June 22.—For a short time Tuesday night Mr. and Mrs. Charles H. Duhamel, for whose arrest the chief of police of Detroit, Mich., had telegraphed, were under restraint at police headquarters, while they were questioned about the alleged abduction of their son, Charles H. Chase, heir to about \$600,000, his grandfather's estate. Mr. and Mrs. Duhamel were brought down from the Waldorf-Astoria to tell their story. When they had done so they were allowed to go.

Moses Fowler Chase is 21 years old. According to the story of the Duhamels, they are unable to locate their son. His father is a man without money who wants to get possession of the estate of the boy. The father is said to have brought suit in the probate court of Hamilton, O., to have the boy declared insane, but the heir was declared to be of sound mind. The Duhamels then took the heir away.

The heir, according to Captain McClusky, said he desired to remain with his uncle and aunt. He declared that he had not the slightest intention of kidnapping him, as he remained with them voluntarily, and by preference. He said his father had deceived him on various occasions, and had never informed him that he was heir to his grandfather's estate. He said he has no doubt that his father intended to deprive him of his property, and is trying to have him adjudged insane. Chase says that while playing golf last September he suffered a stroke, which affected his mind for a while, but that he is completely recovered.

### The Automobile Wink.

Chicago, June 22.—Virtually the ban on automobiles is a dead letter. Three of the five members of the South Park commission yesterday declared themselves opposed to any ordinance barring horseless carriages from the parks and boulevards. If this were not enough to kill the proposed ordinance, should it ever present itself again, a fourth member of that body has intimated that his vote might go against the projected measure. It also was given out that the ban on horseless vehicles had been raised pending the next meeting of the South Park commissioners.
