THE PEACE CONFERENCE

Work of the Arbitration Committee Proceeding Satisfactorily.

RUSSIA'S DISARMAMENT SCHEME.

It Will Probably By Introduced by Baron De Staal at Today's Coufer-

ence of the Committee, Who is Expected to Introduce Fresh Proposals. The Hague, June 22 .- The best in-

formed circles here do not share the gloomy views of the European press regarding the peace conference. After a week's adjournment the arbitration committee met for a short time yes-terday, Dr. Zorn, of the German dele-gation, and Frederick Hollis, of the United States delegation, attending Mr. Hollis expressed himself as satisfled with the results of the trip he took to Berlin in company with Dr. Zorn, and the German delegates have been instructed to take part in the deliberstions of the arbitration committee, which will now continue brisk work pending the final decision of Germany.

The disarmament committee, to which was submitted the circular of Count Muravieff, has considered the second, third and fourth paragraphs in sub-committee, the result being a negative vote upon all three, on the ground that it would be impossible to decide upon a satisfactory plan for checking the continued improvements in exploalve ordnance.

The first paragraph of the circular, which proposes to arrest the increase in land and sea forces and war budgets, has not yet been touched.

The Russians, it is said, intend to introduce fresh proposals, and it is not doubted that the conference will reach important proposals on the last four paragraphs of the circular, sup-plementing the Geneva convention and the Brusssels conference, and provid-ing for mediation and arbitration.

M. De Stanl is expected to introduce his disarmament scheme today, and In moving it he will probably say he must apologize for its lateness, but that it was considered more business like to ascertain the views of the conference on the minor aspect of the disarmament question, such as torpedoes, rams and the like. If the proposals connected with these minor matters had been more favorably received he would have been ancouraged-he will probably say-to widen their scope into the more general one of disarmament. "Nevertheless-heisexpected tosay-

as, after all, disarmament is the chief object the crar had in view in calling the conference, he feels bound to move a scheme embodying, albeit in a limited degree, the views of his imperial master. He will probably hint, in conclusion, that as the time is short if would be wiser to leave the idea of any complete scheme of disarmament for consideration by a future conference." The correspondent of the London Daily News telegraphs that paper. "Mr. Hollis had interviews with Prince Von Hohenloe and Baron Von Buelow while he was in Berlin. It appears that Emperor William had assented to an arranged interview, but on second thought he objected to dis-cussing matters with anybody below the rank of first delegate. "Mr. Hollis wishes to emphasize the

fact that he was only concerned in de-fending American interests, a task which Mr. White would have himself undertaken had he been able to leave The Hague, I have satisfied myself that there was absolutely no sort of partnership between Dr. Zorn and Mr. Hollis. Both are animated with a common anxiety for the success of the conference, but the role of Mr. Hollia in Berlin was that of an American dea egate endeavoring to carry out an American deal. "It is understood that he did ex-

coedingly well in Berlin, but, notwith-standing all assertions to the contrary, I learn that the German delegates have received no fresh instructions. They

A Wreck From Grippe, Catarrh and Asthma.

RESTORED WITH BRAZILIAN BALM

I was known as "The Woman who Coughs," for I coughed incessantly. I was a school teacher till my health failed. Catarrh had eaten away the partition in my nose. It had produced Bronchitis, Asthma, dreadful Stomach troubles and weak kidneys. In fact it had gone all through my system, making me an easy victim for the Grippe which left me a wreck in mind and body. This was the condition the doctors left me in, after dosing me with opium, quinine, etc. Then I bought cough cures without end but they only made me worse, I was in despair till I got hold of Brazilian Balm and Toxicola Tablets. They acted like magic from the first, and in a few weeks I was cured

reach of medicine. They often say, "Oh, it and better than I had been in years. Talk about wonderful remedies, Brazilian Balm and Toxicola saved my life.
